Cajun Literature and Cajun Collective Memory Mathilde Köstler, 2022-12-19 How does Cajun literature emerging in the 1980s represent the dynamic processes of remembering in Cajun culture Known for its hybrid constitution and deeply ingrained oral traditions Cajun culture provides an ideal testing ground for investigating the

collective memory of a group In particular francophone and anglophone Cajun texts by such writers as Jean Arceneaux Tim Gautreaux Jeanne Castille Zachary Richard Ron Thibodeaux Darrell Bourque and Kirby Jambon reveal not only a shift from an oral to a written tradition They also show hybrid perspectives on the Cajun collective memory Based on recurring references to place the texts also reflect on the Acadian past and reveal the innate ability of the Cajuns to adapt through repeated intertextual references The Cajun collective memory is thus defined by a transnational outlook a transversality cutting across various ethnic heritages to establish and legitimize a collective identity both amid the linguistic and cultural diversity in Louisiana and in the face of American mainstream culture Cajun Literature and Cajun Collective Memory represents the first analysis of the mnemonic strategies Cajun writers use to explore and sustain the Cajun identity and collective memory

Wingless Chickens, Bayou Catholics, and Pilgrim Wayfarers L. Lamar Nisly, 2011 Flannery O'Connor Tim Gautreaux and Walker Percy are all Catholic writers from the South and seem to embody very fully both parts of that label Yet as quickly becomes clear in their writing their fiction employs markedly different tones and modes of addressing their audience O'Connor seems intent on shocking her reader whom she anticipates will be hostile to her deepest beliefs Gautreaux gently and humorously engages his reader inviting his expected sympathetic audience to embrace the characters needed moral growth Percy satirically lampoons an array of social ills and failings in the Church as he tries to get his audience laughing with him while he makes his deadly serious point about the flaws he finds in the church and larger culture Why do these three writers assume such divergent images of their audience Why do texts by three writers who each embrace their Southern locale and their Catholic beliefs seem to have so little in common To answer these questions Nisly helps readers understand these authors fiction by examining the role that place and time had in shaping each author's idea of an audience and by extension his or her manner of addressing that audience More specifically Nisly focuses on each author's experience of Catholic community and each author's placement in relation to the Second Vatican Council Linking together biographical information and a reading of their fiction Nisly argues that O'Connor's Gautreaux's and Percy's sense of audience has been shaped in significant ways by each author's own local experience of Catholicism in his or her home region as well as the larger global changes of Vatican II that transformed Roman Catholicism

Startling Figures Michael O'Connell, 2023-08-01 *Startling Figures* is about Catholic fiction in a secular age and the rhetorical strategies Catholic writers employ to reach a skeptical indifferent or even hostile audience Although characters in contemporary Catholic fiction frequently struggle with doubt and fear these works retain a belief in the possibility for transcendent meaning and value beyond the limits of the purely secular Individual chapters include close readings of some of the best works of contemporary American Catholic fiction which shed light on the narrative techniques that Catholic writers use to point their characters and their readers beyond the horizon of secularity and toward an idea of transcendence while also making connections between the widely acknowledged twentieth century masters of the form and their twenty first century counterparts This book is focused both on the aspects of craft that

Catholic writers employ to shape the reader's experience of the story and on the effect the story has on the reader. One recurring theme that is central to both is how often Catholic writers use narrative violence and other similar disorienting techniques in order to unsettle the reader. These moments can leave both characters within the stories and the readers themselves shaken and unmoored, and this O'Connell argues is often a first step toward the recognition and even possibly the acceptance of grace. Individual chapters look at these themes in the works of Flannery O'Connor, J.F. Powers, Walker Percy, Tim Gautreaux, Alice McDermott, George Saunders, and Phil Klay, and Kirstin Valdez Quade.
