I entered upon my serious duties as did good rare old Bunyan into his pulpit with a feeling fairly oppressive that I was the least of all the saints My materia medica was in my vest pocket my small library in my head with its contents in a very hazy condition With a weak memory for details and marked inability to possess truth except by the slow process of digestion and assimilation my brain was more a machine shop than a wareroom hence capacity of retail dealing was of the smallest I was not in the least conscious at this time that a large wareroom amply stored by virtue of a retentive memory was not the most needed as an equipment for all the practical affairs of life I have ever found it necessary to dodge some memories when there was lack of time to endure a hailstorm of details That I did not become a danger to the hapless sick and wounded only less than their diseases and wounds was wholly due to my small materia medica to utter lack of pride in knowledge that had not become a power with me and to that lofty ambition for professional success which moved me to seize aid from no matter where or whom as the drowning man a straw **The**

The Fasting Cure Upton Sinclair,2008-07-16 Upton Sinclair was not only a prolific and much admired author but also a follower of Bernarr MacFadden s Physical Culture movement see his Physical Culture Cook Book 1901 and a member of the editorial staff of Physical Culture Magazine Dedicated to MacFadden this 1911 volume advocates the benefits of systematic fasting in producing long lasting health benefits

The No Breakfast Plan and the Fasting Edward Hooker Dewey,2016-05-14 This volume is a history or a story of an evolution in the professional care of the sick It begins in inexperience and in a haze of medical superstition and ends with a faith that Nature is the all in all in the cure of disease The hygiene unfolded is both original and revolutionary its practicality is of the largest and its physiology beyond any possible question The reader is assured in advance that every line of this volume has been written with conviction at white heat that enforced food in sickness and the drug that corrodes are professional barbarisms unworthy of the times in which we live Notice This Book is published by Historical Books Limited www.publicdomain.org.uk as a Public Domain Book if you have any inquiries requests or need any help you can just send an email to publications@publicdomain.org.uk This book is found as a public domain and free book based on various online catalogs if you think there are any problems regard copyright issues please contact us immediately via DMCA publicdomain.org.uk

THE BOOK OF LIFE & THE FASTING CURE Upton Sinclair,2024-01-17 In The Book of Life The Fasting Cure Upton Sinclair details a groundbreaking exploration of health diet and self improvement couched within the framework of early 20th century reformist thought Sinclair adopts a narrative style that is both engaging and didactic weaving personal

anecdotes with practical advice on fasting and nutrition The book encapsulates the zeitgeist of the Progressive Era reflecting the rising interest in holistic health approaches amidst industrialization's threats to personal well being Sinclair's fervent advocacy for vegetarianism and fasting aligns with his broader thematic concerns about societal reform and individual empowerment encouraging readers to reclaim their health from an increasingly mechanized environment Upton Sinclair renowned for his fearless critique of capitalism and class disparity became an influential figure in American literature His earlier work *The Jungle* exposed the harsh realities of the meatpacking industry highlighting his lifelong commitment to social justice and public health Sinclair's exploration of fasting as a remedy for modern ailments stems from his own health struggles and a profound belief in the power of personal agency in the face of societal pressures This remarkable work is a must read for anyone interested in health wellness and the intertwining of personal choices with societal health Sinclair's insightful arguments and practical guidance on fasting serve not only as a path to physical well being but also as a call to consciousness about our lifestyles Readers seeking both a provocative critique of modern eating habits and a practical guide to personal health will find exquisite value in Sinclair's vision
