The Creation of Anne Boleyn Susan Bordo, 2013-04-09 This illuminating history examines the life and many legends of the 16th century Queen who was executed by her husband King Henry VIII Part biography part cultural history The Creation of Anne Boleyn is a fascinating reconstruction of Anne s life and a revealing look at her afterlife in the popular imagination Why is her story so compelling Why has she inspired such extreme reactions Was she the flaxen haired martyr of Romantic paintings or the raven haired seductress of twenty first century portrayals Answer neither But the most provocative question of all concerns Anne s death How could Henry order the execution of a once beloved wife Drawing on scholarship and critical analysis Bordo probes the complexities of one of history s most infamous relationships She then demonstrates how generations of polemicists biographers novelists and filmmakers have imagined and re imagined Anne whore martyr cautionary tale proto mean girl feminist icon and everything in between In The Creation of Anne Boleyn Bordo steps off the well trodden paths of Tudoriana to tease out the human being behind the competing mythologies paintings and on screen portrayals

The Other Queen Philippa Gregory, 2008-09-16 From 1 New York Times bestselling author and queen of royal fiction USA TODAY Philippa Gregory a dazzling new novel about the intriguing romantic and maddening Mary Queen of Scots Fleeing violent rebellions in Scotland Mary looks to Queen Elizabeth of England for sanctuary Though promised protection Mary perceived as a serious threat to the English crown is soon imprisoned by her former friend as a guest in the house of George Talbot Earl of Shrewsbury and his indomitable wife Bess of Hardwick The newly married couple welcomes the condemned queen into their home certain that serving as her hosts and jailers will bring them an advantage in the cutthroat world of the Elizabethan court To their horror they grow to realize that the task will bankrupt their estate and lose them what little favor they ve managed to gain as their home becomes the epicenter of intrigue and rebellion against Queen Elizabeth And Mary is not as hopeless as she appears manipulating the earl and spinning her own web of treachery and deceit as she sharpens her weapons to reclaim her Scottish throne and to take over Queen Elizabeth s of England

Young Women, Girls and Postfeminism in Contemporary British Film Sarah Hill, 2020-09-17 In the 21st century films about the lives and experiences of girls and young women have become increasingly visible Yet British cinema s engagement with contemporary girlhood has unlike its Hollywood counterpart been largely ignored until now Sarah Hill s Young Women Girls and Postfeminism in Contemporary British Film provides the first book length study of how young femininity has been constructed both in films like the St Trinians franchise and by critically acclaimed directors like Andrea Arnold Carol Morley and Lone Scherfig Hill offers new ways to understand how postfeminism informs British cinema and how it is adapted to fit its specific geographical context By interrogating UK cinema through this lens Hill paints a diverse and distinctive portrait of modern femininity and consolidates the important academic links between film feminist media and girlhood studies

Henry VIII in Twenty-First

Century Popular Culture Jonas Takors, 2017-03-23 Each age produces its own Henry's This innovative study in popular culture examines how novels, films, TV series and historiography shape new versions of Henry VIII for the twenty-first century. From *The Other Boleyn Girl* to *The Tudors* 2009's quint-centenary celebrations of Henry's coronation and *Wolf Hall* his stories are produced, distributed and used in very different ways. In each case the producers' intentions, the narrative and the targeted audiences all contribute to the discourses on Henry VIII. However, there no longer exists a universally accepted popularization of Tudor history so certain representations can lead to intense debates for instance in case of the TV show *The Tudors*. Detailed studies of how audiences appropriate the narratives complement a thorough analysis of each text. In this manner the monograph examines how different sense resources are shaped into histories in various new subgenres and how the audiences too actively compare these histories. All of this takes place within an increasingly diverse historical culture. Simple notions of history as a top-down process are refuted as the role of the consumers and the use which they make of the individual histories is highlighted.

Presenting History Peter J. Beck, 2017-10-04 Who reads academic histories? Should historians reach out more beyond academia to the general public? Why do Hollywood films, historical novels and television histories prove more successful in presenting the past to a wider audience? What can historians do to improve their effectiveness in reaching and engaging their target audience in a digital age? The way history is presented to an audience is often taken for granted even ignored. *Presenting History* explores the vital role played by presenters in both establishing why history matters in today's world and communicating the past to audiences within and outside academia. Through case studies of leading historians, historical novelists, Hollywood filmmakers and television history presenters, this book looks critically at alternative literary and visual ways of presenting the past as both academic history and popular history. Historians discussed include Stephen Ambrose, Niall Ferguson, Eric Hobsbawm, Robert A. Rosenstone, Simon Schama, Joan Wallach Scott and A. J. P. Taylor. Chapter topics include Hollywood and history, Michael Bellesiles' controversial history of gun rights in the USA, Philippa Gregory's historical novels, historians and the David Irving trial and Terry Deary's *Horrible Histories*. Raising serious questions about the nature, study and communication of history, *Presenting History* is an essential text for historians and history students as well as anyone involved in listening to, reading or watching presenters of the past.

Marriage and Violence Frances E. Dolan,2010-11-24 Marriage is often described as a melding of two people into one But what or who must be lost fragmented or buried in that process We have inherited a model of marriage so flawed Frances E Dolan contends that its logical consequence is conflict Dolan ranges over sixteenth and seventeenth century Puritan advice literature sensational accounts of true crime and late twentieth century marriage manuals and films about battered women who kill their abusers She reads the inevitable Taming of the Shrew against William Byrd s diary of life on his Virginia plantation Noel Coward s Private Lives and Barbara Ehrenreich s assessment in Nickel and Dimed of the relationship between marriage and housework She traces the connections between Philippa Gregory s best selling novel The Other Boleyn Girl and documents about Anne Boleyn s fatal marriage and her daughter Elizabeth I s much debated virginity By contrasting depictions of marriage in the sixteenth and seventeenth centuries and our own time she shows that the early modern apprehension of marriage as an economy of scarcity continues to haunt the present in the form of a conceptual structure that can accommodate only one fully developed person When two fractious individuals assert their conflicting wills

resolution can be achieved only when one spouse absorbs subordinates or eliminates the other In an era when marriage remains hotly contested this book draws our attention to one of the histories that bears on the present a history in which marriage promises both intimate connection and fierce conflict both companionship and competition
