

Shakespeare Was a Woman

and Other Heresies

How Doubting the Bard Became
the Biggest Taboo in Literature

Elizabeth Winkler

The Other Shakespeare

Emma Smith

The Other Shakespeare:

Shakespeare's White Others David Sterling Brown, 2023-08-17 Gives readers a sharp new critical understanding of how racial whiteness in Shakespeare begets anti Blackness and sustains white supremacy **The Interpersonal Idiom in Shakespeare, Donne, and Early Modern Culture** N. Selleck, 2008-05-29 The Interpersonal Idiom offers a timely reformulation of identity in the age of Shakespeare recovering a rich and now obsolete language that casts selfhood not as subjective experience but as the experience of others Shakespeare's Face Stephanie Nolen, 2010-06-15 A fascinating literary detective story charting the surprising true history of a recently discovered painting of Shakespeare held by the same family for 400 years adding new drama to the Bard's life When author Stephanie Nolen reported the discovery of the only portrait of William Shakespeare painted while he was alive the announcement ignited furious controversy around the world Now in this provocative biography of the portrait she tells the riveting story of how a rare image of the young Bard at thirty nine came to reside in the suburban home of a retired engineer whose grandmother kept the family treasure under her bed and how he embarked on authenticating it The ultimate Antiques Roadshow dream the portrait has been confirmed by six years of painstaking forensic studies to date from around 1600 and it has not been altered since **The Private Life of William Shakespeare** Lena Cowen Orlin, 2021 Breathes new life into Shakespeare's story by establishing fresh interpretations of his baptism evidence pertaining to his father his wedding his home his will and his monument **Hamlet and Other Shakespearean Essays** L. C. Knights, 1979-10-04 In these essays the author explores the ways in which an understanding of Shakespeare's work can enrich other areas of knowledge from politics to emotional experience **The One and the Others** Andrew Cutrofello, 2025-11-15 An original account of Western metaphysics based on Plato's Parmenides At the end of Plato's Parmenides Parmenides concludes that whether the One is or is not it and the Others both are and are not and both appear and do not appear all things in all ways Throughout the history of philosophy various attempts have been made to make sense of Plato's puzzling dialectical exercise In this ambitious book Andrew Cutrofello shows how Kant and Hegel extended it how contemporary philosophers including Graham Priest and Alain Badiou have reinterpreted it and how poets such as Dante Shakespeare Blake Wordsworth and Susan Howe have channeled it What emerges is an original conception of the history of metaphysics as a series of antinomies and of metaphysical poetry as a type of antinomianism *Shakespeare, Computers, and the Mystery of Authorship* Hugh Craig, Arthur F. Kinney, 2009-08-27 Using computer analysis this book confronts the main unsolved mysteries of authorship in Shakespeare's canon providing some surprising conclusions Shakespeare (Routledge Revivals) Raymond Alden, 2014-06-17 This fascinating title first published in 1922 presents a detailed overview of the life and works of Shakespeare Alden first considers Shakespeare's Elizabethan context alongside exploring the Classical and Italian foundations political theories concepts and theatrical trends that influenced his works Next a comprehensive biography provides insight into Shakespeare's probable education

relationships and contemporaries The final sections are devoted to the genres into which Shakespeare's works have been categorised with full analyses of and backgrounds to the poems histories comedies and tragedies An important study this title will be of particular value to students in need of a comprehensive overview of Shakespeare's life and works as well as the more general inquisitive reader **A Companion to Shakespeare's Works, Volume III** Richard Dutton, Jean E.

Howard, 2008-04-15 This four volume Companion to Shakespeare's Works compiled as a single entity offers a uniquely comprehensive snapshot of current Shakespeare criticism Brings together new essays from a mixture of younger and more established scholars from around the world Australia Canada France New Zealand the United Kingdom and the United States Examines each of Shakespeare's plays and major poems using all the resources of contemporary criticism from performance studies to feminist historicist and textual analysis Volumes are organized in relation to generic categories namely the histories the tragedies the romantic comedies and the late plays problem plays and poems Each volume contains individual essays on all texts in the relevant category as well as more general essays looking at critical issues and approaches more widely relevant to the genre Offers a provocative roadmap to Shakespeare studies at the dawning of the twenty first century This companion to Shakespeare's comedies contains original essays on every comedy from The Two Gentlemen of Verona to Twelfth Night as well as twelve additional articles on such topics as the humoral body in Shakespearean comedy Shakespeare's comedies on film Shakespeare's relation to other comic writers of his time Shakespeare's cross dressing comedies and the geographies of Shakespearean comedy **Shakespeare Survey 74** Emma Smith, 2021-09-16

Shakespeare Survey is a yearbook of Shakespeare studies and production Since 1948 Survey has published the best international scholarship in English and many of its essays have become classics of Shakespeare criticism Each volume is devoted to a theme or play or group of plays each also contains a section of reviews of that year's textual and critical studies and of the year's major British performances The theme for Volume 74 is Shakespeare and Education The complete set of Survey volumes is also available online at <https://www.cambridge.org/core/what-we-publish/collections/shakespeare-survey> This fully searchable resource enables users to browse by author essay and volume search by play theme and topic and save and bookmark their results **Shakespearean Resurrection** Sean Benson, 2009-10-14 This engaging book demonstrates

Shakespeare's abiding interest in the theatrical potential of the Christian resurrection from the dead In fourteen of Shakespeare's plays characters who have been lost sometimes for years suddenly reappear seemingly returning from the dead In the classical recognition scene such moments are explained away in naturalistic terms a character was lost at sea but survived or abducted and escaped and so on Shakespeare never invalidates such explanations but in his manipulation of classical conventions he parallels these moments with the recognition scenes from the Gospels repeatedly evoking Christ's resurrection from the dead Benson's close study of the plays as well as the classical and biblical sources that Shakespeare fuses into his recognition scenes clearly elucidates the ways in which the playwright explored his abiding interest in the

human desire to transcend death and to live reunited and reconciled with others In his manipulation of resurrection imagery Shakespeare conflates the material with the immaterial the religious with the secular and the sacred with the profane

Shakespeare, Theatre, and Time Matthew Wagner, 2013-03-01 That Shakespeare thematized time thoroughly almost obsessively in his plays is well established time is among other things a devourer Love's Labour's Lost one who can untie knots Twelfth Night or perhaps most famously simply out of joint Hamlet Yet most critical commentary on time and Shakespeare tends to incorporate little focus on time as an essential if elusive element of stage praxis This book aims to fill that gap Wagner's focus is specifically performative asking after time as a stage phenomenon rather than a literary theme or poetic metaphor His primary approach is phenomenological as the book aims to describe how time operates on Shakespearean stages Through philosophical historiographical dramaturgical and performative perspectives Wagner examines the ways in which theatrical activity generates a manifest presence of time and he demonstrates Shakespeare's acute awareness and manipulation of this phenomenon Underpinning these investigations is the argument that theatrical time and especially Shakespearean time is rooted in temporal conflict and thickness the heightened sense of the present moment bearing the weight of both the past and the future Throughout the book Wagner traces the ways in which time transcends thematic and metaphorical functions and forms an essential part of Shakespearean stage praxis The Oxford Handbook of Shakespeare's Poetry Jonathan F. S. Post, 2013-07-18 The Oxford Handbook of Shakespeare's Poetry provides the widest coverage yet of Shakespeare's poetry and its afterlife in English and other languages *Shakespeare's Books* Stuart Gillespie, 2016-02-25 Shakespeare's Books contains nearly 200 entries covering the full range of literature Shakespeare was acquainted with including classical historical religious and contemporary works The dictionary covers works whose importance to Shakespeare has emerged more clearly in recent years due to new research as well as explaining current thinking on long recognized sources such as Plutarch Ovid Holinshed Ariosto and Montaigne Entries for all major sources include surveys of the writer's place in Shakespeare's time detailed discussion of their relation to his work and full bibliography These are enhanced by sample passages from early modern England writers together with reproductions of pages from the original texts Now available in paperback with a new preface bringing the book up to date this is an invaluable reference tool The Development of Shakespeare's Imagery Wolfgang Clemen, 2013-04-15 First published in 1951 The edition reprints the second updated edition of 1977 When first published this book quickly established itself as the standard survey of Shakespeare's imagery considered as an integral part of the development of Shakespeare's dramatic art By illustrating through the use of examples the progressive stages of Shakespeare's use of imagery and in relating it to the structure style and subject matter of the plays the book throws new light on the dramatist's creative genius The second edition includes a new preface and an up to date bibliography *The Comic Matrix of Shakespeare's Tragedies* Susan Snyder, 2019-01-29 Comic elements in Shakespeare's tragedies have often been noted but while most critics have tended to

concentrate on humorous interludes or on a single play Susan Snyder seeks a more comprehensive understanding of how Shakespeare used the conventions structures and assumptions of comedy in his tragic writing She argues that Shakespeare s early mastery of romantic comedy deeply influenced his tragedies both in dramaturgy and in the expression and development of his tragic vision From this perspective she sheds new light on Romeo and Juliet Hamlet Othello and King Lear The author shows Shakespeare s tragic vision evolving as he moves through three possibilities comedy and tragedy functioning first as polar opposites later as two sides of the same coin and finally as two elements in a single compound In the four plays examined here Professor Snyder finds that traditional comic structures and assumptions operate in several ways to shape the tragedy they set up expectations which when proven false reinforce the movement into tragic inevitability they underline tragic awareness by a pointed irrelevance they establish a point of departure for tragedy when comedy s happy assumptions reveal their paradoxical shadow side and they become part of the tragedy itself when the comic elements threaten the tragic hero with insignificance and absurdity Susan Snyder is Professor of English at Swarthmore College Originally published in 1979 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905 **Commentaries on the Law in Shakespeare** Edward Joseph White,1913

Outlines of the Life of Shakespeare James Orchard Halliwell-Phillipps,1889 **First Readers of Shakespeare's Sonnets, 1590-1790** Faith D. Acker,2020-09-22 For more than four centuries cultural preferences literary values critical contexts and personal tastes have governed readers responses to Shakespeare s sonnets Early private readers often considered these poems in light of the religious political and humanist values by which they lived Other seventeenth and eighteenth century readers such as stationers and editors balanced their personal literary preferences against the imagined or actual interests of the literate public to whom they marketed carefully curated editions of the sonnets often successfully Whether public or private however many disparate sonnet interpretations from the sonnets first two centuries in print have been overlooked by modern sonnet scholarship with its emphasis on narrative and amorous readings of the 1609 sequence First Readers of Shakespeare s Sonnets reintroduces many early readings of Shakespeare s sonnets arguing that studying the priorities and interpretations of these previous readers expands the modern critical applications of these poems thereby affording them numerous future applications This volume draws upon book history manuscript studies and editorial theory to recover four lost critical approaches to the sonnets highlighting early readers interests in Shakespeare s classical adaptations political applicability religious themes and rhetorical skill during the seventeenth and eighteenth centuries

The Shakespeare Canon ...: The origination of "Henry V." The origination of "Julius Cæsar." The authorship of

"Richard III." Epilogue on the character problem John Mackinnon Robertson, 1922
