The Michael Jackson Conspiracy Conspiracy Files:

American Conspiracy Files Peter Kross, 2015-11-25 Conspiracy theories are not new to our modern time. They date back to biblical times when Moses sent his spies out to check out what the Egyptians were doing. Espionage is also linked to various conspiracies and is all mixed up in the same bag of tricks and form any decent conspiracy or theory. In this new fact providing book by author Peter Kross called *The American Conspiracy Files: The Stories We Were Never Told*, the reader is given a tour de force through the world of conspiracies and conspiracy theories dating back to the time when this nation was first founded right up until the modern day. Author Kross provides the reader with these fascinating and unbelievable stories in short thought provoking chapters that will both inform and educate the public to these little known tales from our past. Among the stories that are revealed are the circumstances surrounding the Lost Colony of Roanoke whose settlers simply left their homes and were never seen again. The tales of the deaths of Davy Crockett, Jesse James and Butch Cassidy and the Sundance Kid leave the reader wondering just what really happened to these iconic heroes. Conspiracies in the Revolutionary War including Benedict Arnold and Ben Franklin's son William. We delve into the large conspiracy to kill President Lincoln and see that John Wilkes Booth did not act alone. Our tale then goes into our modern day with chapters on the deaths of John F. Kennedy, Robert Kennedy, Martin Luther King, spies in the Roosevelt administration, the reasons behind the Oklahoma City bombing, the sordid plots of President Lyndon Johnson and the deaths of people associated with him, the revelation of Deep Throat, a plot by the Joint Chiefs of Staff to invade Cuba and blame it on Castro among other interesting tales. As author Kross did in his previous books *Tales From Langley*, *The CIA from Truman to Obama* and *The Secret History of the United States*, these stories are a fascinating account of our hidden history, most of which the public has never heard of. **Confidential Files of Michael Jackson** Damian Iwueke, 2016-11-04 **EXPLOSIVE AND INCISIVE** The book they would not want you to read. Exclusive revelations and true life story of the King of Pop, best all time seller Janice Warford. Pan Atlantic Chronicle. Virginia USA. *Conspiracy - Legends* David Gardner, 2016-10-16 **MARILYN MONROE, DIANA PRINCESS OF WALES, ELVIS PRESLEY, JOHN F. KENNEDY, MICHAEL JACKSON** These five deaths stopped the whole world in its tracks and continue to fascinate and intrigue to this day. If people famously remember where they were when JFK was assassinated, many also recall where they were and what they were doing when Elvis, Princess Diana and Michael Jackson died. As for Marilyn Monroe, the candle flickered out long ago but only now can the truth be told about how and why she died. After combing through thousands of recently declassified FBI files, interviewing key witnesses, crime analysts and forensic experts during years of research, investigative writer David Gardner has unearthed new information that will transform the way we look at these iconic tragedies. His book reveals that Elvis Presley died not as a self obsessed caricature but as a genuine hero who may have signed his death warrant going undercover for the FBI, how Marilyn Monroe's secret affairs with JFK and his brother

Robert left her in the crosshairs of a lethal conspiracy why Princess Diana's death was no accident who ordered President John F. Kennedy's assassination and the shocking truth about Michael Jackson's prescription drug addiction and those who sought to gain from it For the first time Legends provides many of the answers that have been so elusive for so long while explaining what it was about these enduring legends that made them so memorable **The X-Files: The Official**

American Apocalypse Rena Steinzor, 2024-07-09 A thorough analysis of the right wing interests contributing to the downfall of American democracy The war on American democracy is at a fever pitch Such a corrosive state of affairs did not arise spontaneously up from the people but instead was pushed top down by six private sector special interest groups big business the House Freedom Caucus the Federalist Society Fox News white evangelicals and armed militias In American Apocalypse Rena Steinzor argues that these groups are nothing more than well financed armies fighting a battle of attrition against the national government with power money and fame as their central motivations The book begins at the end of Lyndon Johnson's presidency when the modern regulatory state was born Agencies like the

Environmental Protection Agency and the Food and Drug Administration ensured that everything from our air to our medicine was safe But efforts to thwart this big government agenda began swiftly albeit in the shadows Business leaders built a multi billion dollar presence in the Capitol and the rest of the six interest groups soon followed While the groups do not coordinate their attacks and sometimes their short term goals even conflict their priorities fall within a surprisingly tight bullseye the size and power of the administrative state In the near term their campaigns will bring the crucial functions of government to a halt which will lead to immediate suffering by the working classes and a rapid deterioration of race relations Over the long term as the prevalence of global pandemics and climate crises increase an incapacitated national government will usher in unimaginable harm This book is the first to conceptualize these groups together as one deconstructive and awe inspiring force Steinzor delves into each of their histories mapping the strategies tactics and characteristics that make them so powerful She offers the most comprehensive story available about the downfall of American democracy reminding us that only by recognizing what we are up against can we hope to bring about change

Understanding Tracy Letts Thomas Fahy,2020-09-04 Winner of the Pulitzer Prize in drama as well as Tony Awards for best play and best actor Tracy Letts has emerged as one of the greatest playwrights of the twenty first century

Understanding Tracy Letts the first book dedicated to his writing is an introduction to his plays and an invitation to engage more deeply with his work both for its emotional power and cultural commentary Experiencing a Tracy Letts play often feels akin to reading a Cormac McCarthy novel watching a Cohen Brothers film and seeing an episode of Breaking Bad at the same time His characters can be ruthlessly cruel and funny selfish and generous delusional and incisive and deceptive and painfully honest They keep secrets They harbor biases and misconceptions And in their quest to find love and understanding they often end up being the greatest impediments to their own happiness As a writer Letts can move seamlessly from the milieu of a Texas trailer park to the pulsating nightlife of London s countercultural scene the stifling quiet of small town Ohio to the racial tensions of urban Chicago He thrives in the one act format in plays like Mary Page Marlow and The Minutes as well as the epic scope of August Osage County and Linda Vista With a musician s sense of timing Letts shifts between humor and heartache silence and sound and the mundane and the poetic And he fearlessly tackles issues such as gender bias racism homophobia and disability rights Contemporary American life thus becomes a way to comment on the country s troubled history from Native American genocide to the civil rights movement The personal narratives of his characters become gateways to the political Understanding Tracy Letts celebrates the range of Letts s writing in part by applying different critical approaches to his works Whether through the lens of disability studies the conspiracy genre food studies the feminist

politics of quilting or masculinity studies these readings help bring out the thematic richness and sociopolitical dimensions of Letts's work
