This book details how Black audiences use of social media impacted the way television is watched developed and produced through digital discourse and activism primarily on Twitter now known as X. Williams also demonstrates how Black content directors like Justin Simien and Quinta Brunson used social networks to develop their content and loyalty among audiences to ultimately bypass Hollywood's traditional gatekeepers. Finally the book touches on contemporary events such as the COVID pandemic and Elon Musk's acquisition of Twitter have affected the ways in which Black content creators engage with their content and audience and vice versa.
