**Mission to the World** Tormod Engelsviken, Ernst Harbakk, Rolv Olsen, Thor Strandenaes, 2009-11-01      **Songs of the Glenwood Mission Inn, Riverside, California** Mission Inn, Frank Augustus Miller, 1913      **Found in Translation** Laura Rademaker, 2018-04-30 Found in Translation is a rich account of language and shifting cross cultural relations on a Christian mission in northern Australia during the mid twentieth century It explores how translation shaped interactions between missionaries and the Anindilyakwa speaking people of the Groote Eylandt archipelago and how each group used language to influence evade or engage with the other in a series of selective mistranslations In particular this work traces the Angurugu mission from its establishment by the Church Missionary Society in 1943 through Australia s era of assimilation policy in the 1950s and 1960s to the introduction of a self determination policy and bilingual education in 1973 While translation has typically been an instrument of colonization this book shows that the ambiguities it creates have given Indigenous people opportunities to reinterpret colonization s position in their lives Laura Rademaker combines oral history interviews with careful archival research and innovative interdisciplinary findings to present a fresh cross cultural perspective on Angurugu mission life Exploring spoken language and sound the translation of Christian scripture and songs the imposition of English literacy and Aboriginal singing traditions she reveals the complexities of the encounters between the missionaries and Aboriginal people in a subtle and sophisticated analysis Rademaker uses language as a lens delving into issues of identity and the competition to name own and control In its efforts to shape the Anindilyakwa people s beliefs the Church Missionary Society utilized language both by teaching English and by translating Biblical texts into the native tongue Yet missionaries relied heavily on Anindilyakwa interpreters whose varied translation styles and choices resulted in an unforeseen Indigenous impact on how the mission s messages were received From Groote Eylandt and the peculiarities of the Australian settler colonial context Found in Translation broadens its scope to cast light on themes common throughout Pacific mission history such as assimilation policies cultural exchanges and the phenomenon of colonization itself This book will appeal to Indigenous studies scholars across the Pacific as well as scholars of Australian history religion linguistics anthropology and missiology      **Catalogue of Music** British Museum, 1891      **The Mission of the Triune God** Adam Dodds, 2017-07-31 Lesslie Newbigin was arguably the greatest missionary thinker of the twentieth century After a successful missionary career in south India Newbigin pioneered missionary engagement with the secular West and resurgent Islam He also led the way in arguing that the Church s mission can only be understood in light of the doctrine of the Trinity Over fifty years ago Newbigin called for the further development of missionary thinking grounded in the Triune being of God This work is in response to that call Adam Dodds provides the first in depth study of Newbigin s trinitarian theology of mission Dodds constructs a systematic account of the central features of the mission of the Triune God the Triune being of God the mission of the Son the mission of the Holy Spirit and the mission of the church This book contributes to our understanding of the work of Lesslie

Newbigin offers a systematic theological account of the mission of the Triune God and contributes to the retrieval of Christian mission from the theological margins back to a place of central importance to Christian theology

**Translation as Mission** William Allen Smalley, 1991 For Christians from New Testament times on the Bible has almost everywhere been a translated Bible For eighteen centuries it was normally translated into new languages by native speakers but with the beginning of the nineteenth century and the modern missionary movement came a burst of missionary translation around the world As missionary churches were established and as societies worldwide were affected by the gospel people studied the translations preached from them and recounted stories to their children In many societies these translations were the foundation for Christian communities for theology including indigenous theologies and a powerful stimulus to modernization and even secularization reaching beyond the Christian community Smalley contends that the theological presuppositions of these missionary translators varied widely He argues that some missionary translators were insightful scholars who probed deeply into the languages and cultures in which they were working others were unable to transcend the perspective their own culture prescribed for them Earlier missionaries did not always have a clearly formulated theory of translation or an understanding of what they were doing and why Eventually however a theoretical model was developed a model that the majority of translators both missionary and nonmissionary now use Smalley maintains that the task of Bible translation is now passing out of the hands of missionaries and back into the hands of native speakers casting the missionary translator into significantly changed roles in the translation process
