Martin, 2024-01-31 After a nasty fight with his girlfriend Eric Kaufman got in his car and headed out for the open road just to sort of cool off a bit and get his head together Unfortunately for him as he was driving down a desolate highway way out in the middle of nowhere his engine died his car slowed to a stop and then they showed up The last thing he ever expected when he woke up that morning was that he'd be abducted by aliens but sure enough that's exactly what happened After an unfortunate and very painful incident on their ship he suddenly lost consciousness and then woke up next to his car several hours later He seemed all right at first but in the days that followed he began to develop superhuman abilities which would ultimately lead to him becoming something far more than he ever thought he could be Sadly while becoming a superhero might seem cool to the average person it does come with a laundry list of problems as well For example how do you keep your identity a secret How do you balance being a publicly recognized superhero during the day with your vigilante activities at night while still getting enough sleep to handle your day job How do you dispose of all those cartel members you slaughtered without anyone ever finding their remains And most importantly how do you get the taste of someone else's blood out of your mouth when you don't have any mouthwash handy These questions and more are all issues that Eric must face as he navigates the topsy turvy world of being the world's first and only real life superhero **NASTRAN Users' Colloquium** ,1986 **The Wiley-Blackwell Handbook of**
