The Orange Fairy Book: Special Edition Andrew Lang, 2018-06-22 The Fairy Books or Coloured Fairy Books is a collection of fairy tales divided into twelve books each associated with a different colour Collected together by Andrew Land they are sourced from a number of different countries and were translated by Lang's wife and other translators who also retold many of the tales The collection has been incalculably important and although he did not source the stories himself direct from the oral tradition he can make claim to the first English translation of many First published in 1906 The Orange Fairy Book is the 10th volume in this series We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience The Orange Fairy Book Andrew Lang, 1906 A collection of fairy tales The Orange Fairy Book Andrew Lang, 2024-11-23 The children who read fairy books or gathered from all over the world have fairy books read to them do not read prefaces and the parents aunts uncles and cousins who give fairy books to their daughters nieces and cousins leave prefaces unread For whom then are prefaces written When an author publishes a book out of his own head he writes the preface for his own pleasure After reading over his book in print to make sure that all the u s are not printed as n s and all the n s as u s in the proper names then the author says mildly in his preface what he thinks about his own book and what he means it to prove if he means it to prove anything and why it is not a better book than it is But perhaps nobody reads prefaces except other authors and critics who hope that they will find enough in the preface to enable them to do without reading any of the book This appears to be the philosophy of prefaces in general and perhaps authors might be more daring and candid than they are with advantage and write regular criticisms of their own books in their prefaces for nobody can be so good a critic of himself as the author if he has a sense of humour If he has not the less he says in his preface the better These Fairy Books however are not written by the Editor as he has often explained out of his own head The stories are taken from those told by grannies to grandchildren in many countries and in many languages French Italian Spanish Catalan Gaelic Icelandic Cherokee African Indian Australian Slavonic Eskimo and what not The stories are not literal or word by word translations but have been altered in many ways to make them suitable for children FAIRIES The Story of the Hero Makoma The Magic Mirror Story of the King Who Would See Paradise How Isuro the Rabbit Tricked Gudu Ian the Soldier's Son The Fox and the Wolf How Ian Direach Got the Blue Falcon The Ugly Duckling The Two Caskets
