The Private Self Shari Benstock, 1988 This collection of twelve essays discusses the

principles and practices of women's autobiographical writing in the United States, England, and France from the eighteenth to the twentieth centuries. Employing feminist and poststructuralist methodologies, Authority and Alliance in the Letters of Henry Adams (Joanne Jacobson, 1992) argues that radical cultural change in the late 19th century US intensified a set of complex rhetorical imperatives which the letter was a genre ideally positioned to serve and draws supporting evidence from the letters of historian Henry Adams. Concludes that faced with isolation and alienation from the quickly industrializing and urbanizing society he chose letters as a medium over which he retained rhetorical control and could therefore use to seek alliance and resistance. Romanticism and Gender Anne K. Mellor, 2013-08-06. Taking twenty women writers of the Romantic period, *Romanticism and Gender* explores a neglected period of the female literary tradition and for the first time gives a broad overview of Romantic literature from a feminist perspective. The Sage Encyclopedia of Qualitative Research Methods: A-L ; Vol. 2, M-Z Index Lisa M. Given, 2008-08-21. An encyclopedia about various methods of qualitative research. *The Art and Science of Reminiscing* Jeffrey D. Webster, Barbara Haight, 2013-02-01. Although recognition of reminiscing as a potentially adaptive process can be traced back over 30 years to the seminal work of Robert Butler as discussed in the Foreword, there has been little effort to consolidate the work and paint a complete picture of reminiscing as an entity. Here, reminiscing is presented as a multi-disciplinary topic examining the theory of and research on reminiscing. The book also discusses the different ways of conducting life review interviews and explores therapeutic applications. Contributors to this book, many of whom are pioneers and leading figures in the field, discuss and elaborate their latest thinking and research findings from multiple perspectives. The volume's strength derives from its multi-disciplinary nursing, psychiatry, psychology, gerontology, community advocacy, and multinational focus. Australia, Canada, England, Sweden, and the United States. Contributors: James Birren, Irene Burnside, and Phillippe Cappeliez are a few of the eminent scholars authoring this volume. *A Companion to Literary Biography* Richard Bradford, 2018-09-12. An authoritative review of literary biography covering the seventeenth century to the twentieth century. *A Companion to Literary Biography* offers a comprehensive account of literary biography spanning the history of the genre across three centuries. The editor, an esteemed literary biographer and noted expert in the field, has encouraged contributors to explore the theoretical and methodological questions raised by the writing of biographies of writers. The text examines how biographers have dealt with the lives of classic authors from Chaucer to contemporary figures such as Kingsley Amis. The Companion brings a new perspective on how literary biography enables the reader to deal with the relationship between the writer and their work. Literary biography is the most popular form of writing about writing, yet it has been largely neglected in the academic community. This volume bridges the gap between literary biography as a popular genre and its relevance for the academic study of literature. This important work allows the author of a biography to be treated as part of the process of interpretation and investigates biographical reading as an important aspect of criticism. Examines the birth of literary

biography at the close of the seventeenth century and considers its expansion through the eighteenth nineteenth and twentieth centuries Addresses the status and writing of literary biography from numerous perspectives and with regard to various sources methodologies and theories Reviews the ways in which literary biography has played a role in our perception of writers in the mainstream of the English canon from Chaucer to the present day Written for students at the undergraduate level through postgraduate and doctoral levels as well as academics A Companion to Literary Biography illustrates and accounts for the importance of the literary biography as a vital element of criticism and as an index to our perception of literary history
