The Most Dangerous Game Active Reading:

Learning to Enjoy Literature Thomas M. McCann, John V. Knapp, 2021-07-01 Students will not become enthusiastic readers of literature from a teacher simply assigning reading tasks and assessing the completion of the tasks especially when the assessment takes the form of threatened quizzes Instead as this book shows teachers have an obligation to reveal to learners the procedures that skilled readers follow as they work with and enjoy literature and a further obligation to help learners to recognize some value in tackling complex works of literature **The Language of Literature** McDougal Littell Incorporated, 2002

Dorothy Zemach, Sanger Rainsford has just been shipwrecked on an island in the middle of the sea When he finds a mysterious castle rising up out of the jungle he knows he's not alone At first he thinks he's been rescued But soon he is fighting for his life Called the most popular short story in the English language *The Most Dangerous Game* has been adapted for high intermediate learners of English CEFR B2 This book includes vocabulary support notes on the story and discussion critical thinking questions before and after the story Read Harder Ed Park, 2014-09-30 This volume collects the finest essays from the second half of the *Believer's* decade long and counting run The *Believer* the McSweeney's published four

time nominee for the National Magazine Award is beloved for tackling everything from pop culture to ancient literature with the same sagacity and wit and this collection cements that reputation with pieces as wildly diverse as the magazine itself. Featured articles include Nick Hornby on his first job, Rebecca Taylor on her time acting in no budget horror movies, Francisco Goldman on the failings of memoir in dealing with personal tragedy, Megan Abbott and Sara Gran on V C Andrews and the secret life of girls, and Brian T Edwards on Western pop culture's influence on Iran. Read Harder collects some of the finest nonfiction writing published in America today from the profound to the absurd, the crushing to the uplifting. As the Believer enters its second decade, Read Harder serves as both an essential primer for one of the finest, strangest magazines in the country and an indispensable stand alone volume.

Active Composing and Thinking (Act II) Mark Aulls, William Holt, 1988

The Embodied Child Roxanne Harde, Lydia Kokkola, 2017-09-11

The Embodied Child: Readings in Children's Literature and Culture brings together essays that offer compelling analyses of children's bodies as they read and are read as they interact with literature and other cultural artifacts and as they are constructed in literature and popular culture. The chapters examine the ideology behind the cultural constructions of the child's body and the impact they have on society and how the child's body becomes a carrier of cultural ideology within the cultural imagination. They also consider the portrayal of children's bodies in terms of the seeming dichotomies between healthy vs. unhealthy bodies as well as able-bodied vs. disabled and examines flesh and blood bodies that engage with literary texts and other media. The contributors bring perspectives from anthropology, communication, education, literary criticism, cultural studies, philosophy, physical education, and religious studies. With wide and astute coverage of disparate literary and cultural texts and lively scholarly discussions in the introductions to the collection and to each section, this book makes a long needed contribution to discussions of the body and the child.

Sea Battles on Dry Land Harold Brodkey, 1999-04-15

Sea Battles on Dry Land gathers the best of Harold Brodkey's essays into a single volume. His "One of the Rules of Foppishness" explains, with deadpan precision, just what men and women are trying to communicate to each other by the way they dress. The previously unpublished "Notes on American Fascism" eerily anticipates the violence of latter-day militia groups. And Brodkey's profile of Frank O'Hara's Harvard years stands as one of the most eloquent portraits of a legendary American writer.

Virginia Woolf and the Politics of Language Judith Allen, 2012-09-25

Through close readings of Woolf's essays including "Montaigne: A Room of One's Own," "Craftsmanship," "Three Guineas," and "Thoughts on Peace in an Air Raid," Allen shows how Woolf's politics, expressed and enacted by her writings, are relevant to our current world.

A Feeling of Wrongness Joseph Packer, Ethan Stoneman, 2018-11-01

In "A Feeling of Wrongness," Joseph Packer and

Ethan Stoneman confront the rhetorical challenge inherent in the concept of pessimism by analyzing how it is represented in an eclectic range of texts on the fringes of popular culture from adult animated cartoons to speculative fiction Packer and Stoneman explore how narratives such as True Detective Rick and Morty Final Fantasy VII Lovecraftian weird fiction and the pop ideology of transhumanism are better suited to communicate pessimistic affect to their fans than most carefully argued philosophical treatises and polemics They show how these popular nondiscursive texts successfully circumvent the typical defenses against pessimism identified by Peter Wessel Zapffe as distraction isolation anchoring and sublimation They twist genres upend common tropes and disturb conventional narrative structures in a way that catches their audience off guard resulting in belief without cognition a more rhetorically effective form of pessimism than philosophical pessimism While philosophers and polemicists argue for pessimism in accord with the inherently optimistic structures of expressive thought or rhetoric Packer and Stoneman show how popular texts are able to communicate their pessimism in ways that are paradoxically freed from the restrictive tools of optimism A Feeling of Wrongness thus presents uncharted rhetorical possibilities for narrative making visible the rhetorical efficacy of alternate ways and means of persuasion
