**The Short Story Anthology and Women's Writing** Aleix Tura Vecino, 2025-08-14

Hundreds of anthologies of women's short stories have appeared in the literary market between the 1970s and now. This publishing and cultural phenomenon is considered for the first time in this book which argues that during this period anthologies have become a literary technology used not only to make visible female short story writers but also to think about and mould ideas of womanhood. Through creative and contextualised readings of the most important anthologies produced in this period, this study shows that this literary form has contributed to and in some cases pioneered key developments in gender theory and feminist thought including questions of political combination among women which underlie contemporary global movements such as MeToo. In doing so, the book also develops the first book-length conceptualisation of the features and meaning-making mechanisms of the short story anthology as a literary form. This book will benefit academics and students working in the fields of short fiction publishing and women's studies as well as feminist scholars and a growing number of specialists interested in the anthology as a literary form worldwide.

**Books Are Made Out of Books** Michael Lynn Crews, 2024-10-08

Cormac McCarthy told an interviewer for the New York Times Magazine that books are made out of books but he was famously unwilling to discuss how his own writing draws on the works of other writers. Yet his novels and plays masterfully appropriate and allude to an extensive range of literary works demonstrating that McCarthy was well aware of literary tradition and deliberately situating himself in a knowing relationship to precursors. In *Books Are Made Out of Books* Michael Lynn Crews thoroughly mines McCarthy's literary archive to identify over 150 writers and thinkers that McCarthy referenced in early drafts, marginalia, notes and correspondence. Crews organizes the references into chapters devoted to McCarthy's published works, the unpublished screenplay *Whales and Men* and McCarthy's correspondence. This updated edition now examines McCarthy's final publications, the novel *The Passenger* and its play-like coda *Stella Maris*. For each work, Crews identifies authors, artists or other cultural figures that McCarthy referenced, gives the source of the reference in McCarthy's papers, provides context for the reference as it appears in the archives and explains the significance of the reference to the novel or play that McCarthy was working on. This groundbreaking exploration of McCarthy's literary influences vastly expands our understanding of how one of America's foremost authors engaged with the ideas, images, metaphors and language of other thinkers and made them his own.

*Short Story* Paul March-Russell, 2009-05-15

This new general introduction emphasises the importance of the short story to an understanding of modern fiction. In twenty succinct chapters, the study paints a complete portrait of the short story: its history, culture, aesthetics and economics. European innovators such as Chekhov, Flaubert and Kafka are compared to Irish, New Zealand and British practitioners such as Joyce, Mansfield and Carter, as well as writers in the American tradition from Hawthorne and Poe to Barthelme and Carver. Fresh attention is paid to experimental, postcolonial and popular fiction alongside developments in Anglo-American, Hispanic and European literature. Critical approaches to the short story are

debated and reassessed while discussion of the short story is related to contemporary critical theory In what promises to be essential reading for students and academics the study sets out to prove that the short story remains vital to the emerging culture of the twenty first century     The English Short Story in Canada Reingard M. Nischik,2017-04-11 In 2013 the Nobel Prize for Literature was for the first time awarded to a short story writer and to a Canadian Alice Munro The award focused international attention on a genre that had long been thriving in Canada particularly since the 1960s This book traces the development and highlights of the English language Canadian short story from the late 19th century up to the present The history as well as the theoretical approaches to the genre are covered with in depth examination of exemplary stories by prominent writers such as Margaret Atwood and Alice Munro     *Paperbound Books in Print* ,1991     An Introduction to Religious and Theological Studies, Second Edition Cyril Orji,2021-01-07 An Introduction to Religious and Theological Studies walks students through topical issues to be encountered in the study of the Abrahamic religions Judaism Christianity and Islam as these religions encounter other religions in the context of the wider ecumenism The text is written from a Christian point of view and aims at helping students understand that to be Christian is to be ecumenical African Traditional Religions ATRs has been included in this survey to provide background for the religious traditions and cultures of peoples of Africa as Christianity moves inexorably southward The book has been written with undergraduate general education students in mind including meeting the needs of those in seminaries and theological institutes
