Alexander Sider, Isaac S. Villegas, 2011-06-17 As God's eternal life flows through us we learn to let go of our pretensions of control and

rest into the new life offered in Jesus Christ This book is an invitation for you to become nonresistant to this movement of God's love for you and the world Through a variety of sermons and meditations Sider and Villegas bear witness to a grace that disarms our guardedness and makes room for us to fall into the love of God Preaching becomes a dispossessive practice as each person is invited to give and receive God's transforming power The proclamation of the gospel Villegas and Sider say should display the priesthood of all believers Thus the call to preach belongs to the whole congregation and its conversation rather than to the lone preacher and her or his sermon Presence Giving and Receiving God draws on the Mennonite tradition of the Zeugnis conversation to explore how the preached Word echoes through all of our voices

The Party and the People Bruce J. Dickson, 2023-05-23 Since 1949 the Chinese Communist Party CCP has maintained an unrivaled grip over the country Despite economic calamity widespread social upheaval and even violence against its own people the party has overseen the fastest economic growth in history and only strengthened its hold on power How has it achieved this and how exactly does the party and the government function What is political life like for the people of China and how has this changed over the decades of the party's rule Is democracy on the horizon These are some of the questions that animate Bruce Dickson's exploration of Chinese politics today At the core of the party's practices is a dual approach repression when faced with existential political threats and responsiveness when faced with more localized economic or social unrest Yet while the regime is responsive to a degree often unacknowledged by international observers ultimately it is not accountable to the public The opportunity for the public to choose leaders is limited to very local levels and it is the party itself that chooses when to compromise and when to repress Dickson uses this lens to illuminate a number of key questions How are leaders chosen and how are policies made When is protest and civic engagement allowed and when is it suppressed Acknowledging that the inner workings of the party remain shrouded in secrecy Dickson draws from the full landscape of sources available to lay out what we know and what the future may hold as Xi's rule extends and takes an increasingly repressive approach to governing
