Life John R. Vile,2024-01-23 The cross is one of Christianity's most distinctive symbols increasingly cutting across Catholic Protestant and other denominational divides Although the US acknowledges no official religion a variety of both Christian and non Christian denominations have flourished Crosses dot the landscape sometimes towering over it and at other times simply marking a grave or the site of a traffic accident or providing a place for contemplation Courts continue to decide whether it is better to remove long standing crosses on public property to protect the separation of church and state or whether removing such symbols might be misinterpreted as expressing hostility towards religion Whether marking identity triumph love grief or sacrifice the cross remains important in American life and continues to be the subject of works of art music literature and political religious and social rhetoric all of which this volume addresses in an accessible A to Z format

The Wisdom and Power of the Cross Richard Viladesau,2020-09-17 The Wisdom and Power of the Cross is the fifth and final entry in Richard Viladesau's well regarded series on the theology of the cross from the historical crucifixion of Jesus to the present day Continuing his analysis of theological history through cultural contexts this volume correlates theoretical approaches with artistic representations showing the relation of theoretical to imaginative approaches The Wisdom and Power of the Cross examines modern and contemporary thought and images which look at the cross in the light of modern

historical and scriptural studies science and the novelties of modern and post modern art and music Viladesau here considers how the passion of Christ has been thought about by theologians and portrayed by artists in the modern world Contemporary art and music reveal the lasting power of traditional images of the passion as well as new possibilities for expression The Wisdom and Power of the Cross surveys both traditional approaches to soteriology and revisionist theologies that take up the challenge of the meaning of the cross today in light of critical historical studies and modern science providing new understandings of traditional concepts like original sin and redemption Through his in depth exploration of the interweaving of aesthetic and conceptual theology Viladesau once more deepens our understanding of the foremost symbol of Christianity and its role in salvation history Theologia Crucis Robert Cady Saler,2016-10-04 Recovery of Paul and Luther's theology of the cross has been an enduring legacy of twentieth century theology and in our own day the topic has continued to expand as more and more global voices join the conversation The array of literature produced on the cross and its theological significance can be overwhelming In this readable and concise introduction Robert Saler provides an overview of the key motifs present in theologians seeking to understand how the cross of Jesus Christ informs the work of theology ministry and activism on behalf of victims of injustice today He also demonstrates how theology of the cross can be a lens through which to understand crucial questions of our time related to the nature of beauty God's redemption and the forces which seek to overwhelm both Ranging from Luther and Bonhoeffer to James Cone and feminist theologians Saler makes this literature accessible to all who wish to understand how the cross shapes Christian claims about God and God's work on behalf of the world Sociology of Sexualities Kathleen J. Fitzgerald,Kandice L. Grossman,2020-07-16 Sociology of Sexualities is regarded as the most comprehensive text to approach the study of sexuality from a sociological perspective Drawing on the most up to date social scientific research on sexuality it discusses fundamental concepts in the field and helps students integrate knowledge about sexuality into their larger understanding of society The Queer Bible Commentary, Second Edition Mona West,Robert Shore-Goss,2022-09-30 First published over ten years ago The Queer Bible Commentary brings together the work of several scholars and pastors known for their interest in the areas of gender sexuality and Biblical studies Contributors draw on feminist queer deconstructionist utopian theories the social sciences and historical critical discourses The focus is both how reading from lesbian gay bisexual and or transgender perspectives affect the reading and interpretation of biblical texts and how biblical texts have and do affect LGBTQ communities This revised 2nd edition includes updated bibliographies and chapters taking into account the latest literature relating to queer interpretation of scripture Unlocking Orthodoxies for Inclusive Theologies Robert E. Shore-Goss,Joseph N. Goh,2019-11-28 This book enters a new liminal space between the LGBTQ and denominational Christian communities It simultaneously explores how those who identify as queer can find a home in church and how those leading welcoming or indeed unwelcoming congregations can better serve both communities The primary argument is that queer inclusion must not merely mean an

assimilation into existing heteronormative respectability and approval Chapters are written by a diverse collection of Asian Latin American and U S theologians religious studies scholars and activists Each of them writes from their own social context to address the notion of LGBTQ alternative orthodoxies and praxes pertaining to God the saints failure of the church queer eschatologies and erotic economies Engaging with issues that are not only faced by those in the theological academy but also by clergy and congregants the book addresses those impacted by a history of Christian hostility and violence who have become suspicious of attempts at acceptance It also sets out an encouragement for queer theologians and clergy think deeply about how they form communities where queer perspectives are proactively included This is a forward looking and positive vision of a more inclusive theology and ecclesiology It will therefore appeal to scholars of Queer Theology and Religious Studies as well as practitioners seeking a fresh perspective on church and the LGBTQ community

A Special Illumination Rollan McCleary,2017-07-28

Gay spirituality represents a hidden strand in Western thought that was only publically declared from the Gay Liberation of the 1970s Since coming out expressions of gay spirituality have proliferated in both number and diversity Beginning with gay theology within Christianity the phenomenon has now reached as far as Buddhism and neo paganism But so far critical analysis of the movement has been very limited largely because gay spirituality has been treated as a political and social movement arguing for rights and acceptance within religious circles A Special Illumination offers an indepth analysis and argues that gay spirituality should be placed at the heart of religion
