I. Read the following passage and answer the questions that follow:

5M

A wise old gentleman retired and purchased a modest home near a junior college. He spent the first weeks of his retirement in peace and contentment. ...then the new school year began. The very next afternoon three young boys, full of youthful, afterschool enthusiasm, came down his street, beating merrily on every trash can they encountered. The crashing percussion continued day after day, until finally the wise old man decided it was time to take some action.

The next afternoon he walked out to meet the young percussionists as they banged their way down the street. Stopping them, he said, "You kids are a lot of fun. I like it. I used to do the same thing when I was your age. Will you do me a favour? I'll give you each a dollar if you'll promise to come around every day and do your thing."

The kids were elated and continued to do a bang-up job on the trash cans.

After a few days, the old timer greeted the kids again, but this time he had a sad smile on his face. "This recession is really putting a big dent in my income," he told them. "From now on, I'll only be able to pay you 50 cents to beat on the cans." The noise makers were obviously displeased. But they accepted his offer and continued their afternoon ruckus.

A few days later, the wily retiree approached them again as they drummed their way down the street. "Look," he said, I haven't received my social security cheque yet, so I'm not going to be able to give you more than 25 cents. Will that be okay?"

"A lousy quarter?" the drum leader exclaimed. "If you think we're going to waste our time, beating these cans for a quarter, you're nuts! No way, mister. We quit!" and the old man enjoyed peace and serenity for the rest of his days.

Media Management in the Age of Lyndon B. Johnson Benjamin W. Quail,2022-01-01 This book looks broadly at how the contentious relationships between the media and US President Lyndon B Johnson affected the national consciousness during the turbulent period of his leadership Johnson had to deal with a particularly difficult and divisive period in American history and his relationship with the press undoubtedly contributed to an atmosphere of friction within the United States A more specific purpose of this research monograph is ultimately to shine a light on the trials and tribulations that Johnson faced as a president dealing with new forms of communication in the 1960s It aims to show the difficulties that he had in adapting a very personal style of leadership which had served him well in the Senate in the role he undertook as leader of a nation Further to this it builds on this foundation to argue that Johnson developed a reactive passive stance to dealing with the media one that ultimately contributed to a loss in popularity and status as leader a blow he never recovered from during his time in office *Annual Report by the Deputy Keeper of the Public Records* ,1882 **Parliamentary Papers** Great

House of Commons,1894 *Korea's Development Under Park Chung Hee* Hyung-A Kim,2004-08-02 Based on personal interviews with the principal policy makers of the 1970s Korea s Development under Park Chung Hee examines how the president sought to develop South Korea into an independent autonomous sovereign state both economically and militarily Kim provides a new narrative in the complex task of exploring the paradoxical nature and effects of Korea s rapid development which maintains that any judgement of Park must consider his achievements in the socio economic cultural and political context in which they took place Aspects of Park s government analyzed include his abhorrence of Korea s reliance on the US presence the Korean model of state guided industrialization Park s rapid development strategy the role of the ruling elites Park s clandestine nuclear development program the heavy chemical industrialisation of the 1970s The prevailing popularity of Park in the eyes of the Korean public is significant and relevant to their acceptance of how their national development was achieved This book tells that story while simultaneously recognizing the flaws in the process With a great deal of material never before published scholars of Korean politics and history at all levels will find this book a stimulating account of South Korea in the 1960s and 1970s Fiscal Year 1973 Authorization for Military Procurement, Research and Development, Construction Authorization for the Safeguard ABM, and Active Duty and Selected Reserve Strengths: Research and development United States. Röhl,1996-06-27 A personal and political analysis of the reign of Kaiser Wilhelm II using new archival sources **We, the Japanese People** Dale M. Hellegers,2001 This is the definitive story of how the United States attempted to turn Japan into a democratic and peace loving nation by drafting a new constitution for its former enemy and

then pretending that the Japanese had written it Based on scores of interviews with participants in the process as well as exhaustive research in Japanese and American records the book explores in vivid detail the thinking and intentions behind the drafting of the constitution Confusion and strife marked planning for the democratization of Japan first in Washington then in occupied Tokyo Policy makers in the State War and Navy departments the Joint Chiefs and the White House contended bitterly over how to devise an unconditional surrender that would minimize Allied casualties while according the victor supreme authority over a soundly defeated Japan By war s end there were still no firm guidelines on a host of crucial issues including how the Japanese system of government could be made acceptably democratic The first months of occupation were chaotic with General MacArthur organizing his staff around loyal followers and edging out experts sent from Washington Hampered by a narrow interpretation of the terms of surrender and wishful thinking about Japanese compliance with American expectations MacArthur set in motion a fiasco Because of a translator s error Prince Konoye three time Prime Minister of Japan thought MacArthur had entrusted him with revising the Japanese constitution and assembled a staff of constitutional law experts and set to work However conservatives in the Japanese cabinet denounced his efforts and produced their own version which MacArthur found unacceptable MacArthur then secretly instructed his staff with its very limited knowledge of either Japan or constitutional law to draft a new Japanese constitution which amazingly they did in a week s time Expecting approval of its own draft the Japanese cabinet was stunned when presented with a completely different American document So unrelenting was the pressure exerted by MacArthur s officers that it was clear to members of the cabinet they had no choice but to adopt the American draft more or less intact and publish it as their own Because of the broad range of its meticulous research the book will be a standard reference not only for students of Japanese history but also for legal scholars diplomatic historians and political scientists
