Eppel, Ulrich Wyrwa**

The New Nationalism And The First World War:

The New Nationalism and the First World War L. Rosenthal, V. Rodic, 2014-10-29 The New Nationalism and the First World War is an edited volume dedicated to a transnational study of the features of the turn of the century nationalism its manifestations in social and political arenas and the arts and its influence on the development of the global scale conflict that was the First World War

National Myth and the First World War in Modern Popular Music Peter Grant, 2016-12-09 This book looks at the role of popular music in constructing the myth of the First World War Since the late 1950s over 1 500 popular songs from more than forty countries have been recorded that draw inspiration from the War National Myth and the First World War in Modern Popular Music takes an interdisciplinary approach that locates popular music within the framework of memory studies and analyses how songwriters are influenced by their country's national myths How does popular music help form memory and remembrance of such an event Why do some songwriters stick rigidly to culturally dominant forms of memory whereas others seek an oppositional or transnational perspective The huge range of musical examples include the great chansonniers Jacques Brel and Georges Brassens folk maestros including Al Stewart and Eric Bogle the socially aware rock of The Kinks and Pink Floyd metal legends Iron Maiden and Bolt Thrower and female iconoclasts Diamanda Galás and PJ Harvey

The New Nationalism--How The Next Great American Debate Will Restore Our Country By Recasting Our Politics Harlan M. C. Field, 2012-07-10 In this book Harlan Field boldly asks modern Americans to leave behind their old politics which have placed America's greatness in jeopardy and exhorts us to pursue a new political strategy that will assure America's great tradition for its future generations As we enter a new millennium Harlan observes we stand poised to discard the crowning achievement of the last thousand years the modern Nation State The only known entity that is capable of preserving Freedom and opportunity for the individual justice for the masses a healthy environment a stable society and a vibrant economy is falling victim to the seemingly invincible juggernaut of Globalism The five cardinal prerogatives of a free people are all being surrendered with little debate and even less thought The rights of a sovereign people to formulate their own independent foreign policy to raise and command a national army to admit or exclude aliens to levy tariffs on goods of foreign manufacture and to coin their own money are under attack all over the world through such peculiar pretenders to legitimacy as the North American Free Trade Agreement NAFTA the General Agreement on Tariffs and Trade GATT and the European Union E U We no longer can even remember what makes a group of people into a nation A common culture a common heritage a common language shared goals shared sacrifice shared progress This book is a must read for our politicians on the left and on the right lest because of party politics America is made to give into a secondary role on the world stage of ruthless politics and demagoguery

The First World War and German National Identity Jan Vermeiren, 2016-07-18 The First World War and German National Identity is an original and carefully researched study of the coalition between Imperial Germany and Austria Hungary during the First World War Focusing on the attitudes taken by

governmental circles politically active groups intellectuals and the broader public towards the German speaking population in the Habsburg Monarchy Jan Vermeiren explores how the war challenged established notions of German national identity and history In this context he also sheds new light on key issues in the military and the diplomatic relationship between Berlin and Vienna re examining the German war aims debate and presenting many new insights into German Hungarian and German Slav relations in the period The book is a major contribution to German and Central European history and will be of great interest to scholars of the First World War and the complex relationship between war and society *The Conservative Revolution in the Weimar Republic* Roger Woods,1996-03-25 Embracing some of Germany s best known writers academics journalists and philosophers the Conservative Revolution in the Weimar Republic was the intellectual vanguard of the Right By approaching the Conservative Revolution as an intellectual movement this study sheds new light on the evolution of its ideas on the meaning of the First World War its appropriation of the work of Friedrich Nietzsche its enthusiasm for political activism and a strong leader and its ambiguous relationship with National Socialism *The Origins of the First World War* James Joll,Gordon Martel,2022-08-02 This thoroughly revised edition has been updated to incorporate recent case studies biographies syntheses journal articles and scholarly conferences that appeared in conjunction with the centenary of the outbreak of the First World War in 2014 The original version of this work published by James Joll in 1984 quickly became established as the authoritative introduction to the subject of the war s origins Significantly expanded by Gordon Martel in 2007 this volume continues to offer a careful clear and comprehensive evaluation of the multitude of explanations advanced to explain the causes of the cataclysm of 1914 addressing each of the major interpretive approaches to the subject with essay like chapters addressing the alliance system militarism and strategy the international economy imperial rivalries the role of domestic politics and the mood of 1914 This edition offers an extensive new introduction a new conclusion including ten fateful choices that led to war an entirely new chapter on the July Crisis and a vastly expanded Guide to Further Reading Covering over a century of controversy and scholarship *The Origins of the First World War* is a valuable resource for all students and scholars interested in this major conflict **Reflections on the Commemoration of the First World War** David Monger,Sarah Murray,2020-11-30 The First World War s centenary generated a mass of commemorative activity worldwide Officially and unofficially individually collectively and commercially locally nationally and internationally efforts were made to respond to the legacies of this vast conflict This book explores some of these responses from areas previously tied to the British Empire including Australia Britain Canada India and New Zealand Showcasing insights from historians of commemoration and heritage professionals it provides revealing insider and outsider perspectives of the centenary How far did commemoration become celebration and how merited were such responses To what extent did the centenary serve wider social and political functions Was it a time for new knowledge and understanding of the events of a century ago for recovery of lost or marginalised voices or for confirming existing clich s And what can be learned from the experience of this

centenary that might inform the approach to future commemorative activities The contributors to this book grapple with these questions coming to different answers and demonstrating the connections and disconnections between those involved in building public knowledge of the war to end all wars *The SAGE Encyclopedia of War: Social Science Perspectives* Paul Joseph, 2016-10-11 Traditional explorations of war look through the lens of history and military science focusing on big events big battles and big generals By contrast *The SAGE Encyclopedia of War Social Science Perspective* views war through the lens of the social sciences looking at the causes processes and effects of war and drawing from a vast group of fields such as communication and mass media economics political science and law psychology and sociology Key features include More than 650 entries organized in an A to Z format authored and signed by key academics in the field Entries conclude with cross references and further readings aiding the researcher further in their research journeys An alternative Reader's Guide table of contents groups articles by disciplinary areas and by broad themes A helpful Resource Guide directing researchers to classic books journals and electronic resources for more in depth study This important and distinctive work will be a key reference for all researchers in the fields of political science international relations and sociology *Vladimir Jabotinsky's Russian Years, 1900-1925* Brian J. Horowitz, 2020-05-05 This scholarly biography focuses on the early years of the influential Russian Jewish author and pioneer of Revisionist Zionism In the first decades of the twentieth century Russia was a place of intense social strife and political struggle Vladimir Yevgenyevich Ze'ev Jabotinsky who would go on to become the founder of the Revisionist Zionism Alliance in 1925 was already a Zionist leader and Jewish public intellectual Although previously glossed over these early years were crucial to Jabotinsky's development as a thinker politician and Zionist In this enlightening biography Brian Horowitz focuses on Jabotinsky's commitments to Zionism and Palestine as he embraced radicalism and fought against the suffering brought upon Jews through pogroms poverty and victimization Horowitz also defends Jabotinsky against accusations that he was too ambitious a fascist and a militarist As Horowitz delves into the years that shaped Jabotinsky's social political and cultural orientation an intriguing psychological portrait emerges *Jewish Soldiers in the Collective Memory of Central Europe* Gerald Lamprecht, Eleonore Lappin-Eppel, Ulrich Wyrwa, 2019-04-15 World War I marks a huge break in Central European Jewish history Not only had the violent wartime events destroyed Jewish life and especially the living space of Eastern European Jews but the impacts of war the geopolitical change and a radicalization of anti-Semitism also led to a crisis of Jewish identity Furthermore during the process of national self discovery and the establishing of new states the societal position of the Jews and their relationship to the state had to be redefined These partially violent processes which were always accompanied by anti-Semitism evoked Jewish and Gentile debates in which questions about Jewish loyalty to the old and or new states as well as concepts of Jewish identity under the new political circumstances were negotiated This volume collects articles dealing with these Jewish and gentile debates about military service and war memory in Central Europe *Prisoners of the American Dream* Mike Davis, 2018-06-26 Prisoners of

the American Dream is Mike Davis's brilliant exegesis of a persistent and major analytical problem for Marxist historians and political economists Why has the world's most industrially advanced nation never spawned a mass party of the working class This series of essays surveys the history of the American bourgeois democratic revolution from its Jacksonian beginnings to the rise of the New Right and the reelection of Ronald Reagan concluding with some bracing thoughts on the prospects for progressive politics in the United States *Internationalism and the State in the Twentieth Century* Cornelia

Navari, 2013-01-11 Using in depth analysis of power relations material changes and developments in ideologies this essential text provides an accessible and student friendly historical introduction to the changing relations between states The subjects covered include long term trends relating to war the changing balance of power decolonisation the European system and the Cold War This volume is essential reading for all those interested in the history of International Relations in the twentieth century **Political Geography** Colin Flint, Peter J. Taylor, 2018-05-01 The new and updated seventh edition of Political

Geography once again shows itself fit to tackle a frequently and rapidly changing geopolitical landscape It retains the intellectual clarity rigour and vision of previous editions based upon its world systems approach and is complemented by the perspective of feminist geography The book successfully integrates the complexity of individuals with the complexity of the world economy by merging the compatible but different research agendas of the co authors This edition explores the importance of states in corporate globalization challenges to this globalization and the increasingly influential role of China It also discusses the dynamics of the capitalist world economy and the constant tension between the global scale of economic processes and the territorialization of politics in the current context of geopolitical change The chapters have been updated with new examples new sections on art and war intimate geopolitics and geopolitical constructs reflect the vibrancy and diversity of the academic study of the subject Sections have been updated and added to the material of the previous edition to reflect the role of the so called Islamic State in global geopolitics The book offers a framework to help students make their own judgements of how we got where we are today and what may or should be done about it Political Geography remains a core text for students of political geography geopolitics international relations and political science as well as more broadly across human geography and the social sciences **Congressional Record** United States. Congress, 1952 *Political Geography*, 2014-05-22 We live in a rapidly changing world in which politics is becoming both more and less predictable at the same time this makes political geography a particularly exciting topic to study To make sense of the continuities and disruptions within this political world requires a strongly focused yet flexible text This new sixth edition of Peter Taylor's Political Geography proves itself fit for the task of coping with a frequently and rapidly changing geopolitical landscape Co

authored again with Colin Flint it retains the intellectual clarity rigour and vision of previous editions based upon its world systems approach Reflecting the backdrop of the current global climate this is the Empire globalization and climate change edition in which global political change is being driven by three related processes the role of cities in economic and political

networks the problems facing territorially based notions of democratic politics and citizenship and the ongoing spectre of war This sixth edition remains a core text for students of political geography geopolitics international relations and political science as well as more broadly across human geography and the social sciences *Colonial Armies in Southeast Asia*

Tobias Rettig, Karl Hack, 2005-12-21 *Colonial Armies in Southeast Asia* offers the reader an accessible journey through Southeast Asia from pre colonial times to the present day with themes ranging from conquest and management to decolonization **The Teachings of Jesus** Harris Franklin Rall, 1918 **The Commercial and Financial Chronicle**

, 1922 **Grounded Nationalisms** Siniša Malešević, 2019-02-21 Globalisation is not the enemy of nationalism instead as this book shows the two forces have developed together through modern history Malešević challenges dominant views which see nationalism as a declining social force He explains why the recent escalations of populist nationalism throughout the world do not represent a social anomaly but are in fact a historical norm By focusing on ever increasing organisational capacity greater ideological penetration and networks of micro solidarity Malešević shows how and why nationalism has become deeply grounded in the everyday life of modern human beings The author explores the social dynamics of these grounded nationalisms via an analysis of varied contexts from Ireland to the Balkans His findings show that increased ideological diffusion and the rising coercive capacities of states and other organisations have enabled nationalism to expand and establish itself as the dominant operative ideology of modernity **Competing Catholicisms** Jean Luc Enyegue, 2022

At a time when most African countries were moving towards independence and African nationalism was on the rise the Vatican speeded up the Church's indigenization agenda in an effort to secure its survival in sub Saharan Africa Following the collapse of its colonial empire France was also attempting to reassert its influence on the continent This book reveals how different Catholicities the Vatican and different Jesuit missions and different Christianities Roman Catholicism and different Protestant missions competed for the evangelization of French Africa during the mid 20th century They shared a common aim to convert African Traditional Religionists and different groups of Muslims to Christ and to contain the spread of Communism and other areligious ideologies Showing how this competition for faith helped build the Church in French West Africa and Africanize the church alongside missionary Christianity in a postcolonial Africa Enyegue also explores the reaction of a rising African clergy and leadership to this diverse and competing global agenda of Christianization especially after Chad and Cameroon became members of the Jesuit Vice Province of West Africa in 1973
