People who are single are changing the face of America Did you know that More than 40 percent of the nation s adults over 87 million people are divorced widowed or have always been single There are more households comprised of single people living alone than of married parents and their children Americans now spend more of their adult years single than married Many of today s single people have engaging jobs homes that they own and a network of friends This is not the 1950s singles can have sex without marrying and they can raise smart successful and happy children It should be a great time to be single Yet too often single people are still asked to defend their single status by an onslaught of judgmental peers and fretful relatives Prominent people in politics the popular press and the intelligentsia have all taken turns peddling myths about marriage and singlehood Marry they promise and you will live a long happy and healthy life and you will never be lonely again Drawing from decades of scientific research and stacks of stories from the front lines of singlehood Bella DePaulo debunks the myths of singledom and shows that just about everything you ve heard about the benefits of getting married and the perils of staying single are grossly exaggerated or just plain wrong Although singles are singled out for unfair treatment by the workplace the marketplace and the federal tax structure they are not simply victims of this singlism Single people really are living happily ever after Filled with bracing bursts of truth and dazzling dashes of humor *Singled Out* is a spirited and provocative read for the single the married and everyone in between You will never think about singlehood or marriage the same way again *Singled Out* debunks the Ten Myths of Singlehood including Myth 1 The Wonder of Couples Marrieds know best Myth 3 The Dark Aura of Singlehood You are miserable and lonely and your life is tragic Myth 5 Attention Single Women Your work won t love you back and your eggs will dry up Also you don t get any and you re promiscuous Myth 6 Attention Single Men You are horny slovenly and irresponsible and you are the scary criminals Or you are sexy fastidious frivolous and gay Myth 7 Attention Single Parents Your kids are doomed Myth 9 Poor Soul You will grow old alone and you will die in a room by yourself where no one will find you for weeks Myth 10 Family Values Let s give all of the perks benefits gifts and cash to couples and call it family values With elegant analysis wonderfully detailed examples and clear and witty prose DePaulo lays out the many often subtle denigrations and discriminations faced by single adults in the U S She addresses too the resilience of single women and men in the face of such singlism A must read for all single adults their friends and families as well as social scientists and policy advocates E Kay Trimberger author of *The New Single Woman*

Hebrew-English Edition of the Babylonian Talmud: Berakoth ,1969 **Science, Belief, Intuition** Lawrence Dh Wood MD PH.D,2012-04-18 While building a strong program in Critical Care on foundations of excellence and compassion Dr Wood used two methods of inquiry and knowing Science looked outward with objective accurate reproducible measurements to falsify erroneous explanations Belief looked inward for purpose and meaning analyzing personal subjective issues like God which cannot be falsified for lack of a Godometer But when verified by the still small voice or intuition belief creates a

spiritual source of knowing akin to the scientific method Recent books like *War of the Worldviews* assume science and spirituality are antagonistic debating which is better is like bringing a knife to a gunfight for both sides are vulnerable to critique Science Belief Intuition shows how the strengths of one fill the gaps of the other providing more comprehensive understanding together than either alone

The Woman at the Washington Zoo Marjorie Williams,2007-03-31 Marjorie Williams knew Washington from top to bottom Beloved for her sharp analysis elegant prose and exceptional ability to intuit character Williams wrote political profiles for the Washington Post and Vanity Fair that came to be considered the final word on the capital s most powerful figures Her accounts of playing ping pong with Richard Darman of Barbara Bush s stepmother quaking with fear at the mere thought of angering the First Lady and of Bill Clinton angrily telling Al Gore why he failed to win the presidency to name just three treasures collected here open a window on a seldom glimpsed human reality behind Washington s determinedly blank face Williams also penned a weekly column for the Post s op ed page and epistolary book reviews for the online magazine Slate Her essays for these and other publications tackled subjects ranging from politics to parenthood During the last years of her life she wrote about her own mortality as she battled liver cancer using this harrowing experience to illuminate larger points about the nature of power and the randomness of life Marjorie Williams was a woman in a man s town an outsider reporting on the political elite She was like the narrator in Randall Jarrell s classic poem *The Woman at the Washington Zoo* an observer of a strange and exotic culture This splendid collection at once insightful funny and sad digs into the psyche of the nation s capital revealing not only the hidden selves of the people that run it but the messy lives that the rest of us lead
