The Eight Crystal Alliances The Group of 5, 2012-12-11 Despite the diversity of theories of human psychology the majority shares a view of the personality as a collection of traits ways of thinking and acting that allow the observer to define recognize and understand people and their motivations The Eight Crystal Alliances takes a more inclusive holistic approach toward a personality typology that incorporates the physical body the thoughts the emotions and the soul The book is based on the study and application of eight magnetic groups of geometric alliances eight types of human personality classified along energetic principles linking human nature with mineral nature These types according to the authors range from Cubic rational and organized to Rhombic sympathetic empathetic and serving others to Buddhic here now spontaneous creative non conventional freedom loving rebellious but level headed Uncovering the hidden relationship between the human and mineral kingdoms the book addresses the deep vibrational energies contained within stones that can influence our etheric bodies and consequently the other bodies we are made of mental emotional and physical With detailed lists of stone qualities and case histories the book shows readers how to use the power of these everyday objects in their personal lives and careers as part of their journey of spirit

A Door in the Earth Amy Waldman, 2019-08-27 From the bestselling author of *The Submission* A young Afghan American woman is trapped between her ideals and the complicated truth in this penetrating Oprah Magazine stealthily suspenseful Booklist starred review breathtaking and achingly nuanced Kirkus starred review novel Parveen Shams a college senior in search of a calling feels pulled between her charismatic and mercurial anthropology professor and the comfortable but predictable Afghan American community in her Northern California hometown When she discovers a bestselling book called *Mother Afghanistan* a memoir by humanitarian Gideon Crane that has become a bible for American engagement in the country she is inspired Galvanized by Crane's experience Parveen travels to a remote village in the land of her birth to join the work of his charitable foundation When she arrives however Crane's maternity clinic while grandly equipped is mostly

unstaffed The villagers do not exhibit the gratitude she expected to receive And Crane s memoir appears to be littered with mistakes or outright fabrications As the reasons for Parveen s pilgrimage crumble beneath her the U S military also drawn by Crane s book turns up to pave the solde road to the village bringing the war in their wake When a fatal ambush occurs Parveen must decide whether her loyalties lie with the villagers or the soldiers and she must determine her own relationship to the truth Amy Waldman who reported from Afghanistan for the New York Times after 9 11 has created a taut propulsive novel about power perspective and idealism brushing aside the dust of America s longest standing war to reveal the complicated truths beneath A Door in the Earth is the rarest of books one that helps us understand living history through poignant characters and unforgettable storytelling

The Salt of the Earth Jozef Wittlin,2021-01-12 The classic pacifist novel by a major Polish writer who was nominated for the Nobel Prize At the beginning of the twentieth century the villagers of the Carpathian mountains lead a simple life much as they have always done Among them is Piotr a bandy legged peasant who wants nothing more from life than an official railway cap a cottage and a bride with a dowry But then the First World War reaches the mountains and Piotr is drafted into the army All the weight of imperial authority is used to mould him into an unthinking fighting machine forced to fight a war he does not understand for interests other than his own The Salt of the Earth is a classic war novel and a powerfully pacifist tale about the consequences of war for ordinary men

Coleridge's Contemplative Philosophy Peter Cheyne,2020-01-09 PHILOSOPHY or the doctrine and discipline of ideas as S T Coleridge understood it is the theme of this book It considers the most vital and mature vein of Coleridge s thought to be the contemplation of ideas objectively as existing powers A theory of ideas emerges in critical engagement with thinkers including Plato Plotinus B hme Kant and Schelling A commitment to the transcendence of reason central to what he calls the spiritual platonism old England distinguishes him from his German contemporaries The book also engages with Coleridge s poetry especially in a culminating chapter dedicated to the Limbo sequence This book pursues a theory of contemplation that draws from Coleridge s theories of imagination and the Ideas of Reason in his published texts

and extensively from his thoughts as they developed throughout unpublished works fragments letters and notebooks He posited a hierarchy of cognition from basic sense intuition to the apprehension of scientific ethical and theological ideas The structure of the book follows this thesis beginning with sense data moving upwards into aesthetic experience imagination and reason with final chapters on formal logic and poetry that constellate the contemplation of ideas Coleridge's *Contemplative Philosophy* is not just a work of history of philosophy it addresses a figure whose thinking is of continuing interest arguing that contemplation of ideas and values has consequences for everyday morality and aesthetics as well as metaphysics The volume will be of interest to philosophers intellectual historians scholars of religion and of literature

Speak to the Earth Sarah Comstock,1927 *Language of the Earth* Frank H. T. Rhodes,Richard O. Stone,2013-10-22
Language of the Earth is a collection of essays that provides a particular category of and describes the current content in each area of earth science The book reviews various aspects of geological knowledge including the characters motives and attitudes of certain individuals who have made contributions in this field Case studies of eyewitness accounts of geological phenomena include the Turtle Mountain slide the Lisbon earthquake the 1906 San Francisco earthquake the eruption of the Oraefajokull in 1727 The text also discusses some geological controversies such as the footprints in red sandstone as well as geological philosophies concerning estimates of time since the Earth has existed The book cites 3000 year old Chinese records chronicling earthquake activity it also discusses earthquakes and the hypothesis of continental drift The text then explains the many ways in which geology can relate to the person in his approach to his work the personal touch Geology is shown in terms of its relation to prose poetry and sometimes humor as in the discovery of the petrified woman This book can offer a light and entertaining respite for geologists historians students or professors of the earth sciences and for general readers interested in personal accounts of some geological discoveries **This Goodly Frame the Earth** Francis Tiffany,1896 **The Nature-study Review** ,1922 *The Nature-study Review* Maurice Alpheus Bigelow,Fred Lemar Charles, Elliot Rowland Downing,Anna Botsford Comstock,1922
