F. Bruce, 2003-04-02 Because Christianity claims to be a historical revelation says Bruce the question of the reliability of the documents on which it was founded is a crucial one Here he presents the most convincing evidence for the historical trustworthiness of the canon of the New Testament **The New Testament Documents** Frederick Fyvie Bruce, 1960

Gurry, 2019-11-05 A renewed interest in textual criticism has created an unfortunate proliferation of myths mistakes and misinformation about this technical area of biblical studies Elijah Hixson and Peter Gurry along with a team of New Testament textual critics offer up to date accurate information on the history and current state of the New Testament text that will serve apologists and offer a self corrective to evangelical excesses **Is the New Testament Reliable?** Paul Barnett, 2004-12-09 If everyone writes from a point of view and with an agenda can we reasonably expect any historical account to be objective to tell us the truth In this second edition Paul Barnett defends the task of the historian and the concept of history addressing questions about the New Testament that are of importance to people of faith and skeptics alike **The Reliability of the New Testament** Bart D. Ehrman, This volume highlights points of agreement and disagreement between two leading intellectuals on the subject of the textual reliability of the New Testament Bart Ehrman James A Gray Distinguished Professor at the University of North Carolina at Chapel Hill and Daniel Wallace Professor of New Testament Studies at Dallas Theological Seminary and Executive Director of the Center for the Study of New Testament Manuscripts This book provides interested readers a fair and balanced case for both sides and allows them to decide for themselves What does it mean for a text to be textually reliable How reliable is the New Testament How reliable is reliable enough Knowing The Truth About The Reliability Of The Bible John Ankerberg, John Weldon, 2011-08-09 Skeptics verifies the accuracy shows why the evidence for biblical authority is superior to critics allegations *Introducing Christianity to Mormons* Eric Johnson, 2022-09-13 Share Jesus with Your LDS Friends and Family One of our greatest challenges as Christians is sharing the truth with those who believe they've already found it When witnessing to current or former members of The Church of Jesus Christ of Latter day Saints it's

Goddess Worship, Witchcraft, and Neo-Paganism

Craig Hawkins,2016-09-06 The twentieth century has seen a remarkable revival of the Old Religion as adherents of New paganism call the native religious traditions of Europe and tribal traditions from North America that predated Christianity Many neo pagan groups identify with Celtic Druidic Egyptian Native American Norse or Roman traditions others with modern science fiction motifs and still others with witchcraft Neo paganism is occultic in nature A central figure in much of Neo paganism is the Mother Goddess who has been introduced and worshiped among certain feminists even in some mainline Protestant churches Why this series This is an age when countless groups and movements old and new mark the religious landscape in our culture leaving many people confused or uncertain in their search for spiritual truth and meaning Because few people have the time or opportunity to research these movements fully these books provide essential

information and insights for their spiritual journeys Each book has five sections A concise introduction to the group An overview of the group s theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that shows the essential differences between biblical Christianity and the group The writers of these volumes are well qualified to present clear and reliable information and help us discern religious truth from falsehood This is an age when countless groups and movements new and old mark the religious landscape in our culture As a result many people are confused or uncertain in their search for spiritual truth and meaning Because few people have the time or opportunity to research these movements fully the Zondervan Guide to Cults and Religious Movements series provides essential information and insights for their spiritual journeys The second wave of books in this series addresses a broad range of spiritual beliefs from non Trinitarian Christian sects to witchcraft and neo paganism to classic non Christian religions such as Buddhism and Hinduism All books but the summary volume Truth and Error contain five sections A concise introduction to the group being surveyed An overview of the group s theology in its own words Tips for witnessing effectively to members of the group A bibliography with sources for further study A comparison chart that shows the essential differences between biblical Christianity and the group Truth and Error the last book in the series consists of parallel doctrinal charts compiled from all the other volumes Three distinctives make this series especially useful to readers Information is carefully distilled to bring out truly essential points rather than requiring readers to sift their way through a sea of secondary details Information is presented in a clear easy to follow outline form with menu bar running heads This format greatly assists the reader in quickly locating topics and details of interest Each book meets the needs and skill levels of both nontechnical and technical readers providing an elementary level of refutation and progressing to a more advanced level using arguments based on the biblical text The writers of these volumes are well qualified to present clear and reliable information and help readers to discern truth from falsehood

Things You Probably Didn't Learn in Church Jerry Blount, 2015-02-03 As a Bible researcher and teacher of over forty years I have noticed that there are certain topics in the Bible that most Christians know little if anything about For instance do you think heaven will be a boring place Many Christians do so why would they be looking forward to going there Learn the real facts Do you know the next prophecy to be fulfilled will be the Rapture when Christ will return to take the believers home to heaven Many Biblical scholars believe this will happen soon You need to be ready Are you aware that there is an unbelievable amount of evidence that proves that Jesus lived was crucified and rose again The Bible contains information that could not have been written without divine inspiration including advanced knowledge about nature prophecy medicine sanitation and science knowledge that was thousands of years ahead of its time Fulfilled prophecy and archaeology discoveries are proving the scriptures to be true The effects of Satan and his demons are all around us broken marriages depression private doubts about God divided churches You need to be aware of his tactics Are angels involved in our everyday lives Do you have your own guardian angel These questions and

many many more are answered in this book Many years ago I asked God to give me a hunger for His word He honored that request far more than I anticipated I truly enjoy studying researching and sharing the scriptures God has blessed my wife and myself in so many ways We live in a beautiful part of the country Michigans Upper Peninsula God has also blessed us with a great son and daughter their spouses and the four greatest granddaughters ever I am a blessed man *Is My Bible the Inspired Word of God?* Edward W. Goodrick,2007-05-15 Evangelical Christians vigorously defend the Bible as the inspired Word of God yet we limit that term just to the autographs those original writings of the Scriptures that no longer exist What does this say for the reliability of your Bible Can you honestly and truthfully claim that your Bible translation is the inspired Word of God Ed Goodrick believes that we need to adjust our thinking about inspiration a change that argues that the Bible that you actually hold in your hand is also rightly described as the inspired Word of God His enlightening discussion of the nature of God s revelation the accurate copying of these original writings the careful comparison of the manuscripts textual criticism and their translation into contemporary languages will give you a renewed confidence in the trustworthiness of your Bible Goodrick also explores the issues that surround interpreting the Bible for if it is misused by present day readers it does little good practically to assert its divine origin Ray Lubeck has sought to bring this very important work back into print for a new generation of believers who now need more than ever in this increasingly postmodern culture to learn that the Bible is worthy of your trust commitment study and confidence Though Goodrick s arguments are timeless his wording and sources have now been completely updated giving the second edition of *Is My Bible the Inspired Word of God* an easy to read style for today **The Bible, Rocks and Time** Davis A. Young,Ralph F. Stearley,2008-08-18 Davis A Young and Ralph Stearley seek to convince readers of the vast antiquity of the Earth They point out the flaws of young Earth creationism and counter the impression by many scientists that all Christians are young Earth creationists **Classical Apologetics** Robert Charles Sproul,John Henry Gerstner,Arthur Lindsley,1984 This work on apologetics examines the classical arguments for the existence of God ontological and Thomistic arguments discusses the philosophical issues that confront contemporary apologetics and provides an incisive critique of presuppositional apologetics *Inside Out* David Henderson,2016-11-02 This book is written for my sons and is a patchwork of my thoughts prayers journal entries and emails These emails etc were written to family friends and the youth group students I have had the privilege of getting to know and love for the past 25 years Some of the questions I get are about creation evolution the deity of Christ the end times as well as personal issues such as sexual purity and how to live a holy life Part of the book is also about the journey God has brought me through in my personal life My hope is that however God uses this book that it pleases and glorifies Him [The Making of the New Testament](#) Arthur G. Patzia,2025-11-04 The story of the making of the New Testament is one in which scrolls bumped across cobbled Roman roads and pitched through rolling Mediterranean seas finally finding their destinations in stuffy dimly lit Christian house churches in Corinth or Colossae There they were read aloud and reread handled and copied forwarded and

collected studied and treasured And eventually they were brought together to make up our New Testament This revised and expanded edition of *The Making of the New Testament* is a textbook introduction to the origin collection copying and canonizing of the New Testament documents Like shrewd detectives reading subtle whispers of evidence biblical scholars have studied the trail of clues and pieced together the story of these books Arthur Patzia tells the story answering our many questions How were books and documents produced in the first century What motivated the early Christians to commit teaching and narrative and vision to papyrus How were the stories and sayings of Jesus circulated handed down and shaped into Gospels What do we know about ancient letter writing secretaries and copy shops Why were four Gospels included instead of just one How were Paul's letters sent here and there gathered into a single collection Who decided and by what criteria which documents would be included in the New Testament Explore these questions and more about these Scriptures whose everyday gritty story rings true to their extraordinary message the palpable mystery of the Word made flesh **You**

Can Believe the Bible Willis C. Newman, 2010-06-15 This book is a compact overview of the Bible It is more a book on what the Bible is rather than what the Bible says We live in a day when this great Book is considered a relic of the past irrelevant or in some cases a danger to society This book is designed to give the reader an overview of the nature of the Bible and its place in society Many reasons based on solid evidence are listed demonstrating why we can take the Bible at face value Our objective of this work is to challenge the non believer to take the Bible seriously and to give a boldness and confidence to the believer We can proclaim the Bible with assurance that it is truth from God to the human race We can trust the Bible with decisions in our own personal life It is a Book that we can use to form the foundation of our life family society and nation

Christianity for People Who Aren't Christians James Emery White, 2019-11-05 I wish this book had been around when I was an atheist and started to seek God It's a no nonsense practical and insightful guide that will help all those on a quest for spiritual truth If you're investigating whether there's any substance to the Christian faith you must read this important book Lee Strobel former award winning legal editor of the Chicago Tribune and bestselling author of more than twenty books In our post Christian age the old answers for skeptics are no longer cutting it Why Because they largely seek to answer the wrong questions Our world is changing and while the gospel never changes the way we talk about it and learn about it must *Christianity for People Who Aren't Christians* answers both classic and bleeding edge questions that skeptics have about the faith such as Is there a God Why do the life death and resurrection of Jesus matter Why is there so much suffering in the world Why do Christians think there is only one way to know God How do I reconcile the Bible's picture of Christ's followers with the actual Christians I know who have disappointed me Covering such topics as astrophysics social justice and acceptance of the LGBTQ community this one of a kind book is perfect for those skeptical of Christianity and for those who love them and want to keep the line of communication open
