(A Companion Novella to The Order of the Crystal Daggers) C. S. Johnson, 2019-02-25 Long before Amir taught Eleanora the harder truths of life he learned them himself as he fell in love with her mother CONSTANTINOPLE 1845 Amir Qureshi knew his life would never be the same the day he met Nad da Ollerton Cern much to his chagrin With her sharp wit and brazen charm Nad da is as infuriating as she is irresistible and Amir cannot stop himself from falling in love with her even though they can never be together As an ally to the Order of the Crystal Daggers under the command of Nad da s indomitable mother Amir knows there is no place for love in the life of a spy When they are sent to Constantinople to investigate a missing shipment of weapons Nad da s life is endangered and Amir races to save her knowing he cannot deny his heart any longer But Amir is not the only one who is keeping secrets FROM THE BOOK Miss Eleanor The desperation in his voice was only matched by his irritation and the moment he said anything Amir feared he had inadvertently given himself away The sapphire eyes he had come to both love and hate twinkled mischievously at him Why Mr Qureshi I do believe you re quite flustered Especially if you re going to use your manners Where are those mongrel ways of yours I might mistake you for a real gentleman with such a formal tone Her lyrical teasing voice did nothing to lighten his mood rather it plucked at his heartstrings with a bittersweet twang and Amir had to force himself to remain still as he stared down at her It would do nothing for his case if he showed any further sign of compromise especially now that his partner sensed his weakness It is only proper I address you as such Miss Eleanor Amir said keeping his voice stripped of all his conflicting emotions Your mother Her Grace would be the first to agree with me At the mention of her mother her gaze only grew bolder We both know my mother s favorite thing in the world is being a hypocrite she said crossing her arms and tapping her toe Call me Nad da as I ve told you to before several times now Inwardly Amir groaned He should have known better than to say anything If there was anything Eleanor Nad da Ollerton Cern excelled at and there was plenty it was arguing with him And while there was enough wrong with that in itself it unnerved him how often he found himself losing those arguments Miss Eleanor
