The Moses Prophecy:

Prophecy Howard Kreisel, 2012-12-06 More than any other topic prophecy represents the point at which the Divine meets the human the Absolute meets the relative How can a human being attain the Word of God In what manner does God when conceived as eternal and transcendent address corporeal transitory creatures What happens to God's divine Truth when it is beheld by minds limited in their power to apprehend and influenced by the intellectual currents of their time and place How were these issues viewed by the great Jewish philosophers of the past who took the divine communication and all it entails seriously while at the same time desired to understand it as much as humanly possible in the course of dealing with a myriad of other issues that occupied their attention This book offers an in depth study of prophecy in the thought of seven of the leading medieval Jewish philosophers R Saadiah Gaon R Judah Halevi Maimonides Gersonides R Hasdai Crescas R Joseph Albo and Baruch Spinoza It attempts to capture the original voice of these thinkers by looking at the intellectual milieus in which they developed their philosophies and by carefully analyzing their views in their textual contexts It also deals with the relation between the earlier approaches and the later ones Overall this book presents a significant model for narrating the history of an idea *Israelite Prophecy and the Deuteronomistic History* Mignon R. Jacobs, Raymond F. Person Jr., 2013-10-30 This collection of essays examines the relationship of prophecy to the Deuteronomistic History Deuteronomy 2 Kings including the historical reality of prophecy that stands behind the text and the portrayal of prophecy within the literature itself The contributors use a number of perspectives to explore the varieties of intermediation and the cultic setting of prophecy in the ancient Near East the portrayal of prophecy in pentateuchal traditions pre Deuteronomistic sources and other Near Eastern literature the diverse perspectives reflected within the Deuteronomistic History and the possible Persian period setting for the final form of the Deuteronomistic History Together the collection represents the current state of an important ongoing discussion The contributors are Ehud Ben Zvi Diana Edelman Mignon R Jacobs Mark Leuchter Martti Nissinen Mark O'Brien Raymond F Person Jr Thomas C Rimer Marvin A Sweeney and Rannfrid Thelle *The Messiah in Moses and the Prophets* Eleazar Lord, 1853 **Fulfilling the Law and the Prophets** Matthew Anslow, 2022-07-18 Matthew's Gospel makes mention of prophets and prophecy more than any other canonical Gospel Yet its perspective on prophecy has generally been neglected within biblical scholarship when in fact Jesus prophetic vocation is a central christological theme for Matthew This new study by Matthew Anslow seeks to draw attention to this underdeveloped focus within Matthean studies The central claim of the book is that in Matthew's Gospel Jesus prophetic vocation is presented as a multi faceted phenomenon drawing on several prophetic traditions Like biblical and popular prophets before him Jesus is depicted by Matthew as calling Israel back to covenantal faithfulness thereby providing guidance for the identity theology and communal life of God's people **Thinking Biblically about Islam** Ida Glaser, Hannah Kay, 2016-02-14 In this careful double exposition of the Bible and Islam Ida Glaser and Hannah Kay emphasise godly attitudes loving action and a deep appreciation

of God's grace and goodness as essential traits of any Christian. The authors walk the reader through two underlying frameworks necessary to think biblically about Islam. The first is to understand the dynamic of religion in people's lives through Genesis 4:11's account of the world after the fall and hence to understand Bible stories within the religious contexts in which they occurred. The second is at the heart of the book: the idea that Islam inverts the exaltation of Christ above the prophets in the narrative of the transfiguration in Luke 9 and 10. Examining the themes of the land, zeal, law, and the cross in these chapters of Luke's Gospel and the Old Testament stories of Moses and Elijah, we are led to better understand the Bible, Islam, and God's heart towards Muslims.

Wellhausen and Kaufmann Aly Elrefaei, 2016-01-15. The controversy between Wellhausen and Kaufmann concerning the history of ancient Israel and the question of historical reconstruction has prompted this study. While Wellhausen's hypothesis introduces a synthesis of the religious development of ancient Israel, Kaufmann's work emphasizes the singularity of the Israelite religion. Their respective works, which represent the methodologies, presuppositions, and the ideologies of their times, remain an impetus to further inquiry into the history of ancient Israel and its religion. Both Wellhausen and Kaufmann applied the historical critical method but were divided as to its results. They agree that the Old Testament Hebrew Bible is the primary source on which to base writing about the history of ancient Israel but differ concerning the authority of its text. This book illustrates the real clash between Wellhausen and Kaufmann with the aim of providing some basis for reaching a middle ground between these two poles. As becomes clear in this study, Wellhausen reconstructed the religion of Israel in the framework of its history. Kaufmann, by contrast, proposed that monotheism emerged in Israel as a new creation of the spirit of Israel.

This book provides a standard reference of the major medieval Jewish philosophers as well as an eminently readable narrative of the course of medieval Jewish philosophical thought presented as a response to the spiritual intellectual challenges facing Judaism in that period.

Is Paul also among the Prophets? Jeffrey W. Aernie, 2012-05-03. Aernie examines the prophetic material in the Old Testament and its relationship with the prophetic material in Second Temple Judaism, Hellenism, and the early Christian movement. The subsequent analysis of 1 Corinthians constitutes an investigation of the effect of the Old Testament prophetic tradition on Paul's self-presentation in 1 Cor 9:15-18 and rhetorical framework in 1 Cor 14:20-25 as a methodological foundation for the exegetical analysis of 2 Corinthians. Aernie explores the influence of the Old Testament prophetic tradition on Paul's apostolic self-presentation and rhetoric in 2 Corinthians. The analysis of Paul's self-presentation examines the apostle's relationship with Moses, the Isaianic servant, and Jeremiah in order to define Paul's position with regard to the preceding prophetic tradition. Aernie analyses Paul's argument in 2 Cor 2:14-16, 4:1-6, 6:14-7:1, 12:1-10, then seeks to examine the influence of the Old Testament prophetic tradition on the formation of Paul's rhetorical framework. Aernie's intention is to provide support for the notion that the particularly prophetic nature of Paul's apostolic persona affects both his self-presentation and rhetorical agenda in 2 Corinthians.

Metaphysics in Maimonides' Guide for the Perplexed Daniel Davies, 2011-09-15 This book investigates the substance and presentation of major metaphysical themes in Maimonides' Guide for the Perplexed Using rigorous philosophy it seeks to refute the view that the Guide hides an esoteric philosophical meaning beneath a traditional veneer and offers a new explanation of his esotericism Leo Strauss on Maimonides Leo Strauss, 2013-04-23 Leo Strauss is widely recognized as one of the foremost interpreters of Maimonides His studies of the medieval Jewish philosopher led to his rediscovery of esotericism and deepened his sense that the tension between reason and revelation was central to modern political thought His writings throughout the twentieth century were chiefly responsible for restoring Maimonides as a philosophical thinker of the first rank Yet to appreciate the extent of Strauss's contribution to the scholarship on Maimonides one has traditionally had to seek out essays he published separately spanning almost fifty years With Leo Strauss on Maimonides Kenneth Hart Green presents for the first time a comprehensive annotated collection of Strauss's writings on Maimonides comprising sixteen essays three of which appear in English for the first time Green has also provided careful translations of materials that had originally been quoted in Hebrew Arabic Latin German and French written an informative introduction highlighting the original contributions found in each essay and brought references to out of print editions fully up to date The result will become the standard edition of Strauss's writings on Maimonides Liberalism Ancient and Modern Leo Strauss, 1995-12

VanGemeren, Willem VanGemeren, 1996 The diversity of prophetic voices in the Bible provides a message that is rich and variegated But the variety of the testimony can be lost by limiting one's interpretations or application of the prophetic word *Interpreting the Prophetic Word* helps readers understand the harmony of the voices that reveal God's purposes in redemptive history Dr Willem VanGemeren explains clearly and fully the background of the prophetic tradition He then interprets the message of the major and minor prophets using historical context and literary form and structure as tools in his analysis He concludes with an explanation of the relevance of the prophetic word today Dr VanGemeren's extensive research and scholarship is presented in a readable way to unlock the door of prophecy for readers He helps them to interpret prophecy and invites them to listen to the prophets and to live the prophetic word
