## **The Mystery Of The Godhead Why God Formed The Trinity:**

**The Mystery of the Godhead** Prince Akogo, 2015-01-14 The mystery of the Godhead was first spoken of by Apostle Paul The mystery actually is about how The Godhead or Trinity was instituted by the Father comprising of the Eternal Father of life the Son and the Holy Spirit It contains great detail about how and why the Father formed the Godhead That their hearts might be comforted being knit together in love and unto all riches of the full assurance of understanding to the acknowledgement of the mystery of God and of the Father and of Christ Col 2 2 KJV There have been people who have doubted the Mystery of the Godhead as not true They believe that there is only one God and not three In fact this is not actually the major problem with regards to the mystery Even for those who believe in this mystery of the Trinity they wonder how God can be three and at the same time ONE How simple can we understand it We often don't understand why the Creator of Universe should decide to make Himself three in the first place instead of just being one person This means there is something about this mystery which confuses every one of us Christians as well and there should be a secret thus a mystery about it Many others are also not sure whether the Son is greater than the Holy Spirit or whether the Spirit is greater than the Son because the Son seemed to be placed second when calling the members of the Trinity God the Father God the Son And God the Holy Spirit Some Christians are also not sure whether they came all at once or came together at different times However if this mystery does not exist why would the Bible talk about it 16 All scripture is given by inspiration of God and is profitable for doctrine for reproof for correction for instruction in righteousness 17 That the man of God may be perfect thoroughly furnished unto all good works 2 Tim 3 16 17 One class of people who doubt the revelation of the Trinity is unbelievers of the Gospel of Jesus Christ The doctrine of the Trinity alone deters them from believing in the Salvation plan of God They don't accept the fact that Jesus Christ is God and equal to His God's glory They believe He is a man or just one of the prophets just like any other prophets claiming to be sent by God How can He being a man makes Himself equal with God Was He not the Son of Joseph Was He not born by a woman Yet why should God find it very important to reveal the mystery to His Apostles who teach the early churches The church till date have not understood the mystery to its fullest point and so our knowledge about our God is not complete All these make it very important for mankind especially Christians to acquire more knowledge about our God and how and why He does His things Most of the revelations in this book are new Hence as you read it will be like you are flowing through a stream of living water which satisfies your soul It is a book among books This is because the book also starts by revealing to you the mystery of God's origination What have been hidden before men eyes are here It's one in a million Your thirst shall definitely be quenched This book is all you need surely it is the knowledge you have been seeking about God from ages It is worth reading *Catechism Made Easy* Henry Gibson, 1882 Jung and his Mystics John P. Dourley, 2014-04-03 Jung's psychology describes the origin of the Gods and their religions in terms of the impact of archetypal powers on consciousness For Jung this impact is the basis of the

numinous the experience of the divine in nature and in human nature His psychology while possessed of a certain claim to science is based on depths of subjective experience which transcends psychology and science as ordinarily understood Jung and his Mystics In the end it all comes to nothing examines the mythic nature of Jung s psychology and thought and demonstrates the influence of mysticism and certain religious thinkers in formulating his own work John P Dourley explores the influence of Mechthild of Magdeburg and fellow mystics Beguines and traces the mystic impulse and its expression through Meister Eckhart and Jacob Boehme to Hegel in the nineteenth century All of these mystics were of the apophatic school and understood the culmination of their experience to lie in an identity with divinity in a nothingness beyond all form formal expression or immediate activity Dourley shows how this is still of relevance in our lives today The book concludes that Jung s understanding of mysticism could greatly alleviate the conflict between faiths religious or political by drawing attention to their common origin in the depths of the human Jung and his Mystics In the end it all comes to nothing is aimed at scholars and senior research students in Jungian Studies including religionists theologians and philosophers of religion especially those with an interest in mysticism It will also be essential reading for those interested in the connection between religious and psychological experience     **A System of Theology** John Locke (Wesleyan minister.), 1862     **Great Spiritual Masters** John Farina, 2002 Six spiritual masters Augustine Ignatius Julian of Norwich Gregory of Nyssa Bonaventure and Dante provide answers to questions we face in modern life     **The Christian Doctrine of God** William Newton Clarke, 1909     Discourse on the State and Grandeurs of Jesus Pierre de Bérulle, 2023-11-30 Pierre de Bérulle 1575-1629 is one of the foremost personalities of early modern Catholicism As the founder of the French school of spirituality he has exercised a profound influence on the Church from the seventeenth century to the present day Until now however very little of Bérulle s writings have been available in English This volume provides the first complete English translation of his best known work first printed in Paris in 1623 and titled Discourses on the State and Grandeurs of Jesus by the Ineffable Union of the Deity with Humanity and the Submission and Servitude that Is Due Him and His Most Holy Mother in Response to This Wondrous State Composed in his maturity this work expresses Bérulle s theology of the Man God whose self emptying has enabled us to become capable of God In contrast to other spiritual writers who taught that mystical union with God follows the extinction of all sensory and conceptual awareness and all activity of willing Bérulle s focus is on the faithful soul s participation in what he calls Jesus states or inner dispositions The state that Bérulle describes and honors supremely in this text is Jesus state of self emptying in the mystery of the Incarnation In the hypostatic union our humanity in Christ is lifted up to heaven and Christ is the first fruit of humanity made divine the firstborn among many brothers Through him we become children of God by adoption participants in God s divine being This is an outstanding translation conveying not only the meaning but also the beauty and rhetorical features of the original The Discourses will repay reading as a poignant source of personal devotion a primary text of the Catholic Reformation and a classic of spiritual theology     Tenets of the Doctrine of

the Spirit-Filled Church Francis Vlok, 2021-07-09 Many readers have asked for a deeper and expanded explanation of the tenets of the Spirit filled church This book which is part of three volumes is the second volume that expounds some of the tenets in greater detail Further research and studying have been done on these tenets by using many ancient writers comments as well as being in contact with many Spirit filled ministers to get their input and clarification on various subjects This book is a companion to Doctrine of the Spirit filled Church Bible students ministers and laymen will all benefit from the in depth explanations found in it     **The Fall of Man. John Henry SMITHSON, 1857     Church and State as Seen in the Formation of Christendom Thomas William Allies, 1882     The Wisdom and Power of the Cross Richard Viladesau, 2020 This volume is the fifth in a series dealing with the passion and death of Christ symbolized by the cross in Christian theology and the arts It examines the way the passion of Christ has been thought about by theologians and portrayed by artists and musicians in the modern and contemporary world It examines the traditional approaches to soteriology in contrast to revisionist theologies that take up the challenge of understanding the meaning of the cross in the light of critical historical studies and modern science     Sermons on the Mystery of Godliness, Etc S.        *The Formation of Christendom* Thomas William Allies, 1898     To Be a Presbyterian Louis Weeks, 2010-01-01 In this lay friendly introduction to what it means to be a Presbyterian Louis B Weeks explains the life history tradition and beliefs of the Presbyterian Church Offering more than providing a brief overview Weeks ties his explanations to actual congregational situations Each chapter begins with an anecdote and then examines the theme in the following pages It is ideal for new member classes and for those who seek a refresher course on Presbyterianism Originally publishing this volume in 1983 Weeks has updated many of the original anecdotes and added material to reflect decades of change in the PC USA
