## **The Nameless Traveler:**

**The Nameless Traveler** Olivier Wali LaVigne-Ortiz, 2014-11-01 This philosophical tale is the story of a little lost traveler Carrying nothing but a few musical instruments he sets out barefoot on his journey He has no store of food He no longer has the innate sense of direction that we all once had He cannot tell north from south nor east from west He recognizes only the sky which from above reminds him that he is not completely lost Walking Home Margaret Guenther, 2011 Retellings of the walking stories of Scripture and how they unpack the truths about spiritual life Jesus walks everywhere with his disciples always arriving departing on the way somewhere else Adam and Eve walked out of the garden Lot and his daughters walked out of Sodom Abraham and Isaac walked to Mt Moriah the Israelites walked for forty years to the promised land the Prodigal Son walked home barefoot the disciples walked to Emmaus The spiritual life is oftentimes about putting one foot in front of another always on the way never home until crossing another new threshold However the point of all our walking whether tedious or joyous rambling or goal oriented is getting home as this splendid author illustrates in this reflective work **Trail of Immortality** Gabriel Ezutah, 2010-11 Follow a young man on a personal spiritual journey Gabriel Ezutah meets Chiva a modern spiritual traveler as a young boy Ezutah's life changing experience is beautifully rendered in his personal account of what he has learned from his spiritual traveler and master Ezutah's fascinating account details what he calls his soul's existence from the mineral state upwards to the plant insect bird animal and finally to human being He experienced several reincarnations a lost love in India a child bride in the Middle East a Native American youth an African warrior during the days of slavery and other countless incarnations on earth all leading to the day of spiritual liberation Step into a world that may be quite different from your own and experience an uplifting and enlightening story of how one man through 20 plus years of religious study lives his life and perceives the world around him Ezutah's story is one of love hope and faith and invites the reader to experience the realities of the heavenly worlds and shine light into the dark corners of your heart Gabriel Ezutah grew up in Nigeria and credits his father for having the greatest influence on his profession as a writer Mr Ezutah is currently writing his second book and has published an anthology of poetry Pebbles of Sound He lives in Ireland Publisher's website <http://www.strategicpublishinggroup.com/title/TrailOfImmortality.htm> **Outside, America** Hikaru Fujii, 2013-04-25 The idea of the outside as a space of freedom has always been central in the literature of the United States This concept still remains active in contemporary American fiction however its function is being significantly changed Outside America argues that among contemporary American novelists a shift of focus to the temporal dimension is taking place No longer a spatial movement the quest for the outside now seeks to reach the idea of time as a force of difference a la Deleuze by which the current subjectivity is transformed In other words the concept is taking a temporal turn Discussing eight novelists including Don DeLillo Richard Powers Paul Theroux and Annie Proulx each of whose works describe forces of given identities masculine identity historical temporality and power etc which block quests for the outside Fujii shows how

the outside in these texts ceases to be a spatial idea With due attention to critical and social contexts the book aims to reveal a profound shift in contemporary American fiction      The Science of Superheroes Lois H. Gresh, Robert Weinberg, 2007-08-15 The truth about superpowers science fact or science fiction Superman Batman The X Men Flash Spider Man they protect us from evildoers defend truth and justice and occasionally save our planet from certain doom Yet how much do we understand about their powers In this engaging yet serious work Lois Gresh and Robert Weinberg attempt to answer that question once and for all From X ray vision to psychokinesis invisibility to lightspeed locomotion they take a hard scientific look at the powers possessed by all of our most revered superheroes and a few of the lesser ones in an attempt to sort fact from fantasy In the process they unearth some shocking truths that will unsettle alarm and even terrify all but the most fiendish of supervillains      The Romulan Way Diane Duane, 2012-12-11 They are a race of warriors a noble people to whom honor is all They are cousin to the Vulcan ally to the Klingon and Starfleet's most feared and cunning adversary They are the Romulans and for eight years Federation Agent Terise LoBrutto has hidden in their midst Now the presence of a captured Starfleet officer forces her to make a fateful choice between exposure and escape Between maintaining her cover and saving the life of Dr Leonard McCoy Here in a startlingly different adventure is the truth behind one of the most fascinating alien races ever created in STAR TREK the Romulans      **Antigone's Daughters** Marta L. Wilkinson, 2008 Antigone's Daughters presents various readings of the classical myth of Antigone as interpreted through modern feminist and psychoanalytic literary theories Topics such as femininity education and establishing selfhood amidst the restrictions of the patriarchal society presented by Sophocles provide the foundation for the modern novel This study serves as a model for the comparative interpretation of literary works of the nineteenth and twentieth centuries including the writings of George Sand Indiana Karolina Pavlova A Double Life Nikolai Chernyshevsky What Is to Be Done Emile Zola L Assommoir and Nana Mar a Luisa Bombal La amortajada and Isabel Allende The House of the Spirits Each chapter isolates an aspect of Antigone's struggle within both the public and domestic spheres as she negotiates her independence and asserts her voice A valuable tool for the study of modern literature the universality of Antigone presented in this study prompts the investigation of many classical motifs while providing a thorough study of various national literatures within their own contemporary contexts      Romanticism on the Road T. Benis, 2000-03-02 Romanticism on the Road challenges critical orthodoxy by arguing that Wordsworth rejected the political dogmas of his age Refusing to ally with either radicals or conservatives after the French Revolution the poet seizes on vagrants to attack the binary thinking dominating public affairs and to question the value of the Georgian domestic ideal Drawing on current and historical discussions of homelessness the study offers a cultural history of vagrancy and explains why Wordsworth chose the homeless to bear his message      **Bad Old Days of Montana** Randi Samuelson-Brown, 2023-09-08 The Bad Old Days of Montana celebrates the state's glorious and rowdy past Many people born and bred here relish just how bad things used to be the terrain the inhabitants and especially the quality of whiskey It almost

goes without saying that Montana had all the characteristic wild west elements and in abundance The chapters focus on the infamous and notorious rather than the law abiding and civic minded settlers These pages like the state recount the tales of people who came west seeking if not their fortune at least opportunity It is no secret that Montana was settled by the adventurous willing to brave the harsh conditions and to prevail Whether on the right or the wrong side of the law all settlers and pioneers made unique contributions to the state s complex culture Certainly in the nineteenth century Montana was not for the faint of heart Beginning with the Lewis and Clark Expedition of 1804 as the origins of the mountain men the book will offer a variety of strange tales ranging from vigilanteism to the heyday of the Copper Kings Many such tales were influenced by too much whiskey and greed This book is an account of the misfits outlaws and rugged individuals who cast their mark on this most remarkable state Populated by the native tribes before discovery by Lewis and Clark at the headwaters of the Missouri River the land that would become known as Montana was traversed by mountain men mined by gold and mineral seekers and ranches and harvested by the homesteaders Throughout these varied waves of discovery and settlement this book explores the less than savory dealings the early attempts at law and order which often failed or had questionable results and the myriad of colorful characters and events that made Montana what it is today *Travel Legend and Lore* Ronald H. Fritze,1998 *Travel Legend and Lore* is your Baedeker More than 200 A to Z entries each with leads to further reading transport you to the places real and imaginary that have lured armchair travelers for millennia from the ancient Greeks to the American pioneers And the places are inhabited by humans and the not so human *Education in the School of Dreams* Jennifer Lynn Peterson,2013-05-22 In the earliest years of cinema travelogues were a staple of variety film programs in commercial motion picture theaters These short films also known as scenics depicted tourist destinations and exotic landscapes otherwise inaccessible to most viewers Scenics were so popular that they were briefly touted as the future of film But despite their pervasiveness during the early twentieth century travelogues have been overlooked by film historians and critics In *Education in the School of Dreams* Jennifer Lynn Peterson recovers this lost archive Through innovative readings of travelogues and other nonfiction films exhibited in the United States between 1907 and 1915 she offers fresh insights into the aesthetic and commercial history of early cinema and provides a new perspective on the intersection of American culture imperialism and modernity in the nickelodeon era Peterson describes the travelogue s characteristic form and style and demonstrates how imperialist ideologies were realized and reshaped through the moving image She argues that although educational films were intended to legitimate filmgoing for middle class audiences travelogues were not simply vehicles for elite ideology As a form of instructive entertainment these technological moving landscapes were both formulaic and also wondrous and dreamlike Considering issues of spectatorship and affect Peterson argues that scenics produced and disrupted viewers complacency about their own place in the world *Repossessions* Timothy Murray,Alan K. Smith,1998 A doubled edged critical forum this volume brings early modern culture and psychoanalysis into revisionist dialogue with each other

The authors reflect on how psychoanalysis remains possessed by its incorporation of early modern mythologies vision credos and phantasms which may or may not be applicable today 23 photos      Res: Anthropology and Aesthetics, 53/54 Francesco Pellizzi,2008-12-15 Among other articles this double volume includes The value of forgery Jonathan Hay Affective operations of art and literature Ernst van Alphen Betty s Turn Stephen Melville      *Gastropolis* Annie Hauck-Lawson,Jonathan Deutsch,2008-12-01 This irresistible sampling of NYC s rich food heritage takes readers on a cultural and historical journey from Brooklyn to the Bronx and beyond Whether you re digging into a slice of cherry cheesecake burning your tongue on a piece of Jamaican jerk chicken or slurping the broth from a juicy soup dumpling eating in New York City is a culinary adventure unlike any other in the world *Gastropolis* explores the historical cultural and personal relationship between New Yorkers and the food they eat Beginning with the origins of local favorites such as Mt Olympus bagels and Puerto Rican lasagna the book looks back to early farming practices and the pre European fare of the Leni Lenape Essays trace the function of place and memory in Asian cuisine the rise of Jewish food icons the evolution of food enterprises in Harlem the relationship between restaurant dining and identity and the role of peddlers and markets in guiding the ingredients of our meals Touching on everything from religion to nutrition agriculture to economics and politics to psychology *Gastropolis* tells a multifaceted story of immigration amalgamation and the making of New York s distinctively delicious flavor      **THE**

Michael A. Meyer, 1972-04-01 An excellent overview of the intellectual history of important figures in German Jewry Until the 18th century Jews lived in Christian Europe spiritually and often physically removed from the stream of European culture During the Enlightenment intellectual Europe accepted a philosophy which by the universality of its ideals reached out to embrace the Jew within the greater community of man The Jew began to feel European and his traditional identity became a problem for the first time the response of the Jewish intellectual leadership in Germany to this crisis is the subject of this book Chief among those men who struggled with the problems of Jewish consciousness were Moses Mendelssohn David Friedlander Leopold Zunz Eduard Gans and Heinrich Heine By 1824 liberal Judaism had not yet produced a vision of its future as a separate entity within European society but it had been exposed to and grappled with all the significant problems that still confront the Jew in the West      *Missionary Travels and Researches in South Africa* David Livingstone, 1859
