must not cool our parched throats without the certificate of the microscope We must not eat without an ultimate analysis of each item of the bill of fare as we would take an account of stock before ordering fresh goods and this without ever knowing how much lime we need for the bones iron for the blood phosphorus for the brain or nitrogen for the muscles In short there is death in the air we breathe death in the food we eat death in the water we drink until verily we seem to walk our ways of life in the very valley and shadow of death ever subject to the attack of hobgoblins of disease      The No Breakfast Plan and the Fasting-Cure Edward Hooker Dewey, 2020-04-08 I entered upon my serious duties as did good rare old Bunyan into his pulpit with a feeling fairly oppressive that I was the least of all the saints My materia medica was in my vest pocket my small library in my head with its contents in a very hazy condition With a weak memory for details and marked inability to possess truth except by the slow process of digestion and assimilation my brain was more a machine shop than a wareroom hence capacity of retail dealing was of the smallest I was not in the least conscious at this time that a large wareroom amply stored by virtue of a retentive memory was not the most needed as an equipment for all the practical affairs of life I have ever found it necessary to dodge some memories when there was lack of time to endure a hailstorm of details That I did not become a danger to the hapless sick and wounded only less than their diseases and wounds was wholly due to my small materia medica to utter lack of pride in knowledge that had not become a power with me and to that lofty ambition for professional success which moved me to seize aid from no matter where or whom as the drowning man a straw      **The No-breakfast Plan and the Fasting-cure** Edward Hooker Dewey, 2014-02-12 This work presents Dr Dewey's theories in a clear concise way giving the origin of the no breakfast plan and the theories upon which it is based The Publishers Trade List Annual Volume 2 August 1905 Your boarding house lady is too besotted to reform work out your own salvation Omit breakfast or lunch at the table and eat a small health meal in your room such as fruit juice or a hot drink or fresh fruit and whole wheat crackers or a good flaked cereal and cream with prunes figs or berries Read The No Breakfast Plan by Dr E H Dewey The Independent Volumes 86 87 April 3 1916 I have since found that my greatest service at the beds of the sick is as an interpreter of symptoms rather than a vender of drugs As my experience enlarged so did my faith in Nature Most of the cases of disease that fall to the care of the physician are trivial self limited and rapidly recover under even the most crucifying dosages Nature really winning the victories the physician carrying off the honors Feed feed the sick whether or not say all the doctors say all the books to support strength or to keep life in the body and yet Nature was absurd enough to ignore all human practice evolved from experience and in her own way to support vital power while curing the disease Edward Hooker Dewey M D I Introduction Army experiences in the Civil War Early years in general practice Difficulties encountered Medicinal treatment found wanting as a means to superior professional success II A case of typhoid fever that revolutionized the Author's faith and practice A cure without drugs without food III A study of the brain from a new point of view IV The error of enforced food in cases of severe injuries and diseases V An apostrophe to physicians VI The origin of the No breakfast Plan Personal
