The Miracle Morning Hal Elrod,2013 *Summary of The Miracle Morning* Alexander Cooper,2021-04-24 Summary of The Miracle Morning Hal Elrod s book The Miracle Morning takes widely accepted self help practices that have been developed over centuries of human consciousness studies and condenses the best of the best into a daily six step ritual The book uses the concept of habit stacking the method of selecting a few desirable habits creating a sequence out of them and making the sequence itself a new habit People who use habit stacking benefit because they can adopt multiple good habits at once They can automate their behavior to do an entire

sequence instead of just focusing on trying to implement numerous new habits one at a time This method takes less motivation and builds momentum quickly for comprehensive behavior change The Miracle Morning s recommended daily routine is a clear example of a classic habit stack It consists of 6 habits Silence Affirmations Visualization Exercise Reading and Scribing S A V E R S To help readers memorize this sequence Elrod creates a simple acronym Life S A V E R S This acronym is also a metaphor for the projected impact of the routine on the reader Elrod contends that if the reader contentiously follows the steps he or she will be able to discern their innermost desires and achieve the high quality of life they deserve The routine is intended to save readers from a life of mediocrity and underachievement This book is one of the most highly rated books on Amazon it has over two thousand five hundred five star reviews and it was endorsed by world renowned influencers and luminaries including Robert Kiyosaki James Altucher Pat Flynn Brian Johnson Gail Lynne Goodwin and others The significance of this book is rooted in the author s capacity to select universally accepted practices for personal development and combine them into a seamless routine that challenges the reader to explore his or her inner values and create a plan to achieve his or her dreams The book spurred on an international movement and has been translated into 27 languages The writer claims that the book can help people create the life they have always wanted by building on the simple premise that the way a person starts their day influences the quality of their overall life Here is a Preview of What You Will Get A Full Book Summary An Analysis Fun quizzes Quiz Answers Etc Get a copy of this summary and learn about the book

Drink a glass of cold water then Silence Meditation Affirmation Visualizations Exercise Reading Scribing. The Miracle Morning Routine Journal 1 Silence Meditation 10 Minutes The first thing to do is meditate for 10 minutes. This can be silent meditation or guided meditation. There are a number of documented benefits to meditation but doing this will give you added calm focus and concentration throughout the day. There are also many phone Apps that can help you get started so don't wait. 2 Journaling Part 1 5 Minutes This is made up of two parts. Write down three things that you are grateful for today and 3 goals for the day. These don't have to be big elaborate things. They can be small and simple. Also keep the goals just to the day. 3 Affirmations or Prayer 5 Minutes Affirmations are positive statements that can help you to challenge and overcome self sabotaging and negative thoughts. When you repeat them often and believe in them you can

start to make positive changes They are an extremely powerful way to rewire how your brain thinks thus changing how your feel and your external physical world Choose an affirmation that is right for you and practice it for 5 minutes in silence My favorite affirmation is I can be what I will do be 4 Visualizations 5 Minutes Visualizations are similar to meditating The difference In meditation you do your best to think about nothing except your breathing In visualization you envision yourself accomplishing your goals The goal here is to visualize yourself doing and living your affirmation 5 Scribing Journaling Part 2 15 30 Minutes Now that the mind is focused take the next 15 30 minutes to write freely This can be free writing about random things or structure writing it doesn t matter Sometimes it is simply helpful to empty out your thoughts on paper so that you have room during the day to learn and retain new things It can be a way of house cleaning 6 Reading 15 30 Minutes Reading is extremely important for all people It is a way we feed our brain what it needs to be happy It is known that some of the most famous and successful people in the world ie Bill Gates Warrant Buffet and more spend about 80% of their working days reading and learning new information However that might be overkill for most people just 15 30 minutes every day will make significant difference 7 Exercising 10 30 minutes Maybe this means going for a morning run before the sun wakes you or doing some yoga It doesn t have to be anything rigorous but some kind of activity is good
