The Moving Pageant Rick Allen:

The Moving Pageant Rick Allen, 2006-10-19 The Moving Pageant is the first annotated anthology of writings on London street life. It comprises nearly one hundred extracts from over two centuries of literary life including pieces by Alexander Pope, Jonathan Swift, Daniel Defoe, Samuel Johnson, Eliza Haywood, Horace Walpole, William Hazlitt, William Wordsworth, Charles Dickens, Flora Tristan, Edgar Allan Poe, Charlotte Brontë, Fyodor Dostoyevsky, Octavia Hill, Beatrice Potter, Henry James, Oscar Wilde, Arnold Bennett, Joseph Conrad, H. G. Wells. The volume assembles a rich and varied selection of this abundance of writing showing London as truly unique in its immensity and ultimately supremely representative of our modern urban world in the making. The Moving Pageant comes complete with a superb editor's introduction, illustrations, and biographical and critical commentaries on each of the writers' entries. It also displays many genres and styles of writing and includes street ballads, music hall songs, excerpts from novels, epic poems, and documentary accounts of riots and executions, as well as descriptions of state pageants and processions.

Disease and Crime Robert Peckham, 2013-12-04 Disease and crime are increasingly conflated in the contemporary world. News reports proclaim epidemics of crime while politicians denounce terrorism as a lethal pathological threat. Recent years have even witnessed the development of a new subfield, epidemiological criminology, which merges public health with criminal justice to provide analytical tools for criminal justice practitioners and health care professionals. Little attention, however, has been paid to the historical contexts of these disease and crime equations or to the historical continuities and discontinuities between contemporary invocations of crime as disease and the emergence of criminology, epidemiology, and public health in the second half of the nineteenth century. When, how, and why did this pathologization of crime and criminalization of disease come about? This volume addresses these critical questions, exploring the discursive construction of crime and disease across a range of geographical and historical settings.

Queuing for Beginners Joe Moran, 2010-08-06 Why do so many people go on about queuing? Have we always been obsessed with traffic? And why do so many of us now eat lunch at our computers at desks? We spend our days catching buses and trains, writing emails, shopping, queuing. But we know almost nothing about these activities. Exploring the history of these subjects as they come up during a typical day, starting with eating breakfast and ending with sleeping, Joe Moran tells a story about hidden social and cultural changes in Britain since the Second World War. Drawing on his academic research on everyday life but writing with wit and lucidity for a popular audience, he shows that we know less about ourselves than we think.

The Ascent of the Detective Haia Shpayer-Makov, 2011-09-29 The figure of the detective has long excited the imagination of the wider public, and the English police detective has been a special focus of attention in both print and visual media. Yet while much has been written in the last three decades about the history of uniformed policemen in England, no similar work has focused on police detectives. *The Ascent of the Detective* redresses this by exploring the diverse and often arcane world of English police detectives during the formative period of their profession from 1842 until the First World War.

with special emphasis on the famed detective branch established at Scotland Yard The book starts by illuminating the detectives socioeconomic background how and why they became detectives their working conditions the differences between them and uniformed policemen and their relations with the wider community It then goes on to trace the factors that shaped their changing public image from the embodiment of un-English values to plebeian knights in armour investigating the complex and symbiotic exchange between detectives and journalists and analysing their image as it unfolded in the press in literature and in their own memoirs

The Streets of Europe Brian Ladd, 2020-09-01 This is a sensory history and a sensual story told from street level a clear and powerful account of the transformation of street life in Europe Leora Auslander author of *Taste and Power* Merchants' shouts jostling strangers' aromas of fresh fish and flowers plodding horses and friendly chatter long filled the narrow crowded streets of the European city As they developed over many centuries these spaces of commerce communion and commuting framed daily life At its heyday in the 1800s the European street was the place where social worlds connected and collided Brian Ladd recounts a rich social and cultural history of the European city street tracing its transformation from a lively scene of trade and crowds into a thoroughfare for high speed transportation Looking closely at four major cities London Paris Berlin and Vienna Ladd uncovers both the joys and the struggles of a past world The story takes us up to the twentieth century when the life of the street was transformed as wealthier citizens withdrew from the crowds to seek refuge in suburbs and automobiles As demographics and technologies changed so did the structure of cities and the design of streets significantly shifting our relationships to them In today's world of high speed transportation and impersonal marketplaces Ladd leads us to consider how we might draw on our history to once again build streets that encourage us to linger By unearthing the vivid descriptions recorded by amused and outraged contemporaries Ladd reveals the changing nature of city life showing why streets matter and how they can contribute to public life A dazzlingly kaleidoscopic overview of city life city living and city dying Judith Flanders author of *The Invention of Murder*

Cityscapes in History Heléna Tóth, 2016-05-23 Cityscapes in History Creating the Urban Experience explores the ways in which scholars from a variety of disciplines history history of art geography and architecture think about and study the urban environment The concept cityscapes refers to three different dynamics that shape the development of the urban environment the interplay between conscious planning and organic development the tension between social control and its unintended consequences and the relationship between projection and self presentation as articulated through civic ceremony and ritual The book is structured around three sections each covering a particular aspect of the urban experience The City Planned looks at issues related to agency self perception the transfer of knowledge and the construction of space The City Lived explores the experience of urbanity and the construction of space as a means of social control And finally The City as a Stage examines the ways in which cultural practices and power relations shape and are in turn shaped by the construction of space Each section combines the work of scholars from different fields who examine these dynamics through both theoretical essays and empirical research and provides a coherent framework in which to assess a wide range of chronological and geographical subjects Taken together the essays in this volume provide a truly interdisciplinary investigation of the urban phenomenon By making fascinating connections between such seemingly diverse topics as 15th century France and modern America the collection raises valuable questions about

scholarly approaches to urban studies Writers Gone Wild Bill Peschel, 2010-11-02 Truth is stranger than fiction If you've imagined famous writers to be desk bound drudges think again Writers Gone Wild rips back the book covers and reveals the seamy underside of the writing life Insightful intriguing and irresistibly addictive Writers Gone Wild reveals such fascinating stories as The night Dashiell Hammett hired a Chinese prostitute to break up S J Perelman's marriage and ran off with his wife Why Sylvia Plath bit Ted Hughes on the cheek Why Ernest Hemingway fought a book critic a modernist poet and his war correspondent wife Martha Gellhorn but not at the same time The near fatal trip Katherine Anne Porter took while high on marijuana in Mexico Why women's breasts sent Percy Bysshe Shelley screaming from the room The day Virginia Woolf snuck onto a Royal Navy ship disguised as an Abyssinian prince Pull up a chair turn on good reading light and discover what your favorite writers were up to while away from their desks Sometimes they make the wildest characters of all Dickens, Reynolds, and Mayhew on Wellington Street Mary L. Shannon, 2016-03-09 A glance over the back pages of mid nineteenth century newspapers and periodicals published in London reveals that Wellington Street stands out among imprint addresses Between 1843 and 1853 Household Words Reynolds's Weekly Newspaper the Examiner Punch the Athenaeum the Spectator the Morning Post and the serial edition of London Labour and the London Poor to name a few were all published from this short street off the Strand Mary L Shannon identifies for the first time the close proximity of the offices of Charles Dickens G W M Reynolds and Henry Mayhew examining the ramifications for the individual authors and for nineteenth century publishing What are the implications of Charles Dickens his arch competitor the radical publisher G W M Reynolds and Henry Mayhew being such close neighbours Given that London was capital of more than Britain alone what connections does Wellington Street reveal between London print networks and the print culture and networks of the wider empire How might the editors' experiences make us rethink the ways in which they and others addressed their anonymous readers as friends as if they were part of their immediate social network As Shannon shows readers in the London of the 1840s and 50s despite advances in literacy print technology and communications were not simply an imagined community of individuals who read in silent privacy but active members of an imagined network that punctured the anonymity of the teeming city and even the empire
