Deep Equality in an Era of Religious Diversity Lori G. Beaman, 2017-06-02 While religious conflict receives plenty of attention the everyday negotiation of religious diversity does not Questions of how to accommodate religious minorities and of the limits of tolerance resonate in a variety of contexts and have become central preoccupations for many Western democracies What might we see if we turned our attention to the positive narratives and success stories of the everyday working out of religious difference Rather than tolerance and accommodation and through the stories of ordinary people this book traces deep equality which is found in the respect humour and friendship of seemingly mundane interactions *Deep Equality in an Era of Religious Diversity* shows that the telling of such stories can create an alternative narrative to that of diversity as a problem to be solved It explores the non event or micro processes of interaction that constitute the foundation for deep equality and the conditions under which deep equality emerges exists and sometimes flourishes Through a systematic search for and examination of such narratives Lori G Beaman demonstrates the possibility of uncovering revealing and recovering deep equality a recovery that is vital to living in an increasingly diverse society In achieving deep equality identities are fluid shifting in importance and structure as social interaction unfolds Rigid identity imaginings especially religious identities block our vision to the complexities of social life and press us into corners that trap us in identities that we often ourselves do not recognize want or know how to escape Although the focus of this study is deep equality and its existence and persistence in relation to religious difference deep equality is located beyond the realm of religion Beaman draws from the work of those whose primary focus is not in fact religion and who are doing their own deep equality work in other domains illustrating especially why equality matters By retelling and exploring stories of negotiation it is possible to reshape our social imaginary to better facilitate what works which varies from place to place and time to time **Century Illustrated Monthly Magazine ...** ,1875 **This Book Will Make You Mindful** Jo Usmar, Jessamy Hibberd, 2016-01-05 We live increasingly busy lives and while some of us have no trouble juggling multiple responsibilities others struggle to deal with the mounting pressures we feel from external sources and most importantly from ourselves It s not uncommon to feel buried under the weight of responsibilities and constantly feel like you re running out of time with days weeks and years passing by in a blur But don t let this discourage you help is on its way This compact and accessible volume will arm you with techniques that can help you change your perspective and get the most out of every moment of your life Dr Jessamy Hibberd and Jo Usmar use the latest mindfulness techniques to teach you how to stop worrying about the future or dwelling on the past and get the most of the life you re living right now Understanding the way your brain works will help you learn how to cope with the negatives while fully appreciating the good things in life The result A happier more confident and more productive you **Scribner's Monthly, an Illustrated Magazine for the People** ,1875 [The Youth's Companion](#) Nathaniel Willis, Daniel Sharp Ford, 1883 Includes music **The Maritime Farmer and Co-operative Dairyman** ,1920
