C. Grayling, 2010-04-05 An impassioned defence of the civil liberties and the rule of law in the face of increasing pressure for ever greater security A rollicking defence of Freedom and Enlightenment in the style of Tom Paine or William Godwin Spectator The even handed tone of philosophy professor AC Grayling s latest book does not lessen the intensity of its polemical content Grayling underlines the seriousness of today s threats to our liberties Metro The means of defence against foreign danger historically have become the instruments of tyranny at home James Madison Our societies says Anthony Grayling are under attack not only from the threat of terrorism but also from our governments attempts to fight that threat by reducing freedom in our own societies think the 42 day detention controversy CCTV surveillance increasing invasion of privacy ID Cards not to mention Abu Ghraib rendition Guantanamo As Grayling says There should be a special place for political irony in the catalogues of human folly Starting a war to promote freedom and democracy could in certain though rare circumstances be a justified act but in the case of the Second Gulf War that began in 2003 which involved reacting to criminals hiding in one country Al Qaeda in Afghanistan or Pakistan by invading another country Iraq one of the main fronts has dismayingly been the home front where the War on Terror takes the form of a War on Civil Liberties in the spurious name of security To defend freedom and democracy Western governments attack and diminish freedom and democracy in their own country By this logic someone will eventually have to invade the US and UK to restore freedom and democracy to them In this lucid and timely book Grayling sets out what s at risk engages with the arguments for and against examining the cases made by Isaiah Berlin and Ronald Dworkin on the one hand and Roger Scruton and John Gray on the other and finally proposes a different way to respond that makes defending the civil liberties on which western society is founded the cornerstone for defeating terrorism
