The Other Side The Decadent Series Volume:

Proceedings, American Philosophical Society (vol. 104, no. 3, 1960), A History of the Literature of the U.S. South: Volume 1 Harilaos Stecopoulos, Harry Stecopoulos, 2021-05-20 Drawing on diverse theories and methods this collective volume emphasizes the multi ethnic and transnational aspects of southern literature over a four hundred year period The Cambridge Companion to the Fin de Siècle Gail Marshall, 2007-08-02 Situated between the Victorians and Modernism the fin de si cle is an exciting and rewarding period to study In the literature and art of the 1890s the processes of literary and cultural change can be seen in action In this more than any previous decade literature was an active and controversial participant within debates over morality aesthetics politics and science as Victorian certainties began to break down Oscar Wilde Aubrey Beardsley H G Wells Bram Stoker and Olive Schreiner were among the most prominent occasionally even notorious writers and artists of the period challenging establishment values and producing a distinctive literature of their own This volume includes the main currents of radical and innovative thinking in the period as well as the attempts to resist them It will be of great interest to students of Victorian and twentieth century literature art and cultural history

Economies of Desire at the Victorian Fin de Sie Jane Ford, Kim Edwards Keates, Patricia Pulham, 2015-10-14 This volume marks the first sustained study to interrogate how and why issues of sexuality desire and economic processes intersect in the literature and culture of the Victorian fin de si cle At the end of the nineteenth century the move towards new models of economic thought marked the transition from a marketplace centred around the fulfilment of needs to one ministering to anything that might potentially be desired This collection considers how the literature of the period meditates on the interaction between economy and desire doing so with particular reference to the themes of fetishism homoeroticism the literary marketplace social hierarchy and consumer culture Drawing on theoretical and conceptual approaches including queer theory feminist theory and gift theory contributors offer original analyses of work by canonical and lesser known writers including Oscar Wilde A E Housman Baron Corvo Vernon Lee Michael Field and Lucas Malet The collection builds on recent critical developments in fin de si cle literature including major interventions in the areas of Decadence sexuality and gender studies and asks for instance how did late nineteenth century writing schematise the libidinal and somatic dimensions of economic exchange How might we define the relationship between eroticism and the formal economies of literary production performance And what relation exists between advertising consumer culture and dissident sexuality in fin de siecle literary discourses This book marks an important contribution to 19th Century and Victorian literary studies and Lives of Victorian Literary Figures, Part VI, enhances the field of fin de si cle studies more generally Vol. 1 Ron Gunz, Volume 2 Ralph Pite, Tom Hubbard, Rikky Rooksby, Edward Wakeling, 2024-05-31 In their own time Lewis Carroll Robert Louis Stevenson and Algernon Charles Swinburne were highly successful writers Part of the Lives of Victorian Literary Figures series this three volume facsimile edition draws together a range of biographical sources relating to these three celebrated

Victorian authors The Art of the Publisher Roberto Calasso, 2015-11-03 An interior look at Roberto Calasso s work as a publisher and his reflections on the art of book publishing In this fascinating memoir the author and publisher Roberto Calasso meditates on the art of book publishing Recalling the beginnings of Adelphi in the 1960s he touches on the Italian house s defining qualities including the considerations involved in designing the successful Biblioteca series and the strategy for publishing a wide range of authors of high literary quality as well as the historic critical edition of the works of Nietzsche With his signature erudition and polemical flair Calasso transcends Adelphi to look at the publishing industry as a whole from the essential importance of graphics jackets and cover flaps to the consequences of universal digitization And he outlines what he describes as the most hazardous and ambitious profile of what a publishing house can be a book comprising many books a form in which all the books published by a certain publisher could be seen as links in a single chain a conception akin to that of other twentieth century publishers from Giulio Einaudi to Roger Straus of whom the book offers brief portraits An essential book for writers readers and editors The Art of the Publisher is a tribute to the elusive yet profoundly relevant art of making books Bartók's Chamber Music János Kárpáti, 1994 At first sight a work devoted to Bart k s chamber music looks as though it were simply concerned with a genre division attempting an exposition of no more than a single aspect of the whole oeuvre But in Bart k s case the chamber music is not simply a matter of grouping according to genre it is really the framework for his whole oeuvre From the introduction I nos K rp ti one of the outstanding scholars in the field of Bart k research here presents a revised and expanded edition of his Bart k s String Quartets Corvina Press 1975 Philosophy of Parochialism Radomir Konstantinovic, 2021-10-07 The Philosophy of Parochialism is Radomir Konstantinovi s 1928 2011 most celebrated and reviled book First published in Belgrade as Filosofija palanke in 1969 it attracted keen attention and controversy through its unsparing critique of Serbian and any other nationalism in Yugoslavia and beyond The book was prophetic seeming to anticipate not only the bloody disintegration of Yugoslavia in the 1990s but also the totalitarian turn in politics across the globe in the first decades of the new century With this translation English speaking audiences can at last discover one of the most original writers of eastern European late modernism and gain an important and original perspective into contemporary politics and culture in the West and beyond This is a book that seems to age in reverse as its meanings become deeper and more universal with the passage of time Konstantinovi sbookresists easy classification mixing classical Montaigne like essay prose poetry novel and literary history. The word philosophy in the book s title refers to the solitary activity of reflection and critical thinking and is also paradoxical according to the author a defining characteristic of parochialism is precisely its intolerance toward this kind of self reflexivity In Konstantinovi s analysis parochialism is not a simply a characteristic of a geographical region or a cultural political and historical formation these are all just manifestations of the parochial spirit as the spirit of insularity His book illuminates the current moment in which insularity undergirds not only ethnic and national divisions but also dictates the very structure of everyday life and where

individuals can easily find themselves locked in an echo chamber of social media The Philosophy of Parochialism can help us understand better not only the dead ends of ethnic nationalism and other atavistic ideologies but also of those cultural forces such as digital technologies that have been built on the promise of overcoming those ideologies Hero Vol.2 Ashok Raj, 2009-11-01 This volume focuses on the life and times of the star of the millennium Amitabh Bachchan and goes on to describe his contemporaries such as Shashi Kapoor Dharmendra and Vinod Khanna and also the next generation of heroes including the Khans Govinda Hrithik Roshan and others who have followed Ashok Raj is a research coordinator based in New Delhi An alumnus of the Indian Institute of Technology New Delhi he has served as a consultant to several national and international organizations and NGOs in various spheres such as science culture and the media His significant work is a sixteen part series on cinema which was published in Screen in 1988 The Chap-book ,1896 The Greatest American Short Stories (Vol. 1) Mark Twain, Edgar Allan Poe, Jack London, Henry James, Louisa May Alcott, Herman Melville, Edith Wharton, William Dean Howells, Bret Harte, Ambrose Bierce, Washington Irving, Willa Cather, Nathaniel Hawthorne, O.
