A Time to Heal Soneakqua J. White, 2017-09-22 Arlene Cameron never wanted kids yet she gave birth to four. Who does that? The government handing out checks per child must have made those labor pains a little easier. She was a Christian woman who treated her children like the enemy. Could attempted murder, abuse, neglect, and mental illness all happen in one family? Why, yes, yes it could. Because in Arlene's family that's exactly what happened. However, when she found Jesus for real, she decided she needed to make things right with them. But it was too late. They hated her. Well, not Jesus, just the kids. She wanted a family reunion with children who didn't feel they had a family. She would have to create one in order to reunite it. Her youngest ran away at seventeen, never to return. Her only son just wants to know who he is. Her oldest wants answers and her prized child has a secret that everyone knows but her. Pain caused by jealousy, deceit, and betrayal had torn them apart and the one person who could bring them back together is missing. It is known that there is a time for everything. Arlene had already used up her time to tear down and to kill when she destroyed her family. Now, however delusional it might be, she's hoping it will be a time to build up and a time to heal.

Wotherspoon,1926 **History of All Religions** Samuel Mosheim Smucker,1881 **Pursuit of Perfection** Seth M. Simisi,2016-11-01 Pursuit of Perfection explores the significance of the perfection motif in the Epistle to the Hebrews It addresses the controversial interpretation of teleios perfection in Hebrews where this notion is so central to the argument of the book The investigation examines the meaning of perfection in an attempt to discover its significance on Hebrews theology The need for the study is the lack of adequate treatment of the subject in the last three decades The discussion focuses on the precise meaning to be attached to the notion of perfection and its significance for Hebrews interpretation Through an exploration of major interpretative approaches to the notion of perfection and its usages in classical world Second Temple Judaism and New Testament literature especially Hebrews The author argues that the notion of perfection has an eschatological significance and is linked to better provisions of the new covenant which guarantee believers salvation and eternal inheritance The author sums up his argument that the call to pursue the goal of perfection is a call for commitment to the gospel message as Christians of all ages follow the example of the Christ the one who endured suffering of the cross and its despised shame in order to bring many followers to their future eternal glory *The Realm of Redemption* J. Robert Nelson,2017-06-21 Scarcely any concept of Christian doctrine in the present time stands so greatly in need of clarification from the ground up as that of the Church It is a fact to be welcomed that Mr Nelson has ventured to fix his eyes upon the problem of the Church from both sides namely from that of historical Biblical research and that of theological reflection Essentially this book is a circumspect and deliberate presentation of those previously produced writings which have worked out the questions sharply and taken a critical position towards the results Therefore it will be welcomed by all those who are participating in ecumenical discussions as a comprehensive survey of the whole area of contemporary study of the Church doing justice to both Anglo Saxon and Continental European research From Foreword
