

A full-page illustration of Sherlock Holmes in a dark, misty forest. He is wearing his iconic brown deerstalker hat and a dark coat. He is crouched down, holding a magnifying glass in his right hand and a small object, possibly a pipe or a cigarette, in his left hand. The forest is dense with tall, thin trees, and a path leads into the distance. The overall color palette is dark and moody, with shades of brown, black, and a hint of green from the foliage.

The memoirs are overshadowed by the event with which they close the meeting of the great detective and Moriarty the Napoleon of Crime Their struggle seemingly to the death was to leave many readers desolate at the loss of Holmes but was also to lead to his immortality as a literary figure However illogical as a detective story The Final Problem has proved itself an unforgettable tale The stories that precede it included two narratives from Holmes himself on a mutiny at sea and a treasure hunt in a Sussex country house as well as a meeting with his brilliant brother Mycroft of whom Holmes says If the art of the detective began and ended in reasoning from any armchair my brother would be the greatest criminal agent that ever lived We are delighted to publish this classic book as part of our extensive Classic Library collection Many of the books in our collection have been out of print for decades and therefore have not been accessible to the general public The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature and our view is that this is a significant literary work which deserves to be brought back into print after many decades The contents of the vast majority of titles in the Classic Library have been scanned from the original works To ensure a high quality product each title has been meticulously hand curated by our staff Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work We hope that you will enjoy this wonderful classic work and that for you it becomes an enriching experience *The Memoirs of Sherlock Holmes* Sir Arthur Conan Doyle, 2020-08-23

The first London edition of the Memoirs in 1894 did not include The Adventure of the Cardboard Box although all twelve stories had appeared in the Strand Magazine The first U S edition included the story but it was very quickly replaced with a revised edition that omitted it The reasoning behind the suppression is unclear In Britain the story was apparently removed at Doyle's request as it included adultery and so was unsuitable for younger readers This may have also been the cause for the rapid removal of the story from the U S edition and some sources specify state that the publishers believed the story was too scandalous for the American public As a result this story was not republished in the U S until many years later when it was added to His Last Bow Even today most American editions of the canon include it with His Last Bow while most British editions keep the story in its original place in The Memoirs of Sherlock Holmes Additionally when the story was removed from the Memoirs its opening pages where Holmes

emulates Dupin were transferred to the beginning of The Adventure of the Resident Patient In some later U S editions of the Memoirs which still omit The Adventure of the Cardboard Box this transfer still appears Doyle had decided that these would be the last collection of Holmes s stories and initially decided to get him killed in The Final Problem However public pressure forced him to write the character again in The Hound of Baskervilles and resurrect him in the forthcoming The Return of Sherlock Holmes
