opportunities for the ambitious doctor On his first day travelling the plains of the Santa Fe Trail he met the mountain man Hugh Glass who regaled Willard with stories of his wilderness experiences Conducting a physical examination of Glass Dr Willard provided the only eye witness medical account of Glass s deformities resulting from a grizzly bear attack Willard referred to the mountain man as Father Glass a testimony to his age He visited Santa Fe practiced medicine in Taos then traveled south to Chihuahua arriving during a measles epidemic Willard treated patients in Mexico for two years before returning to Missouri in 1828 Willard s narrative challenges long accepted assumptions about the exact routes taken by pack trains on the Santa Fe Trail It also provides thrilling glimpses of a landscape densely populated with wildlife The doctor describes a great theater of nature with droves of elk and buffalo and wolf and antelope skipping in every direction With his traveling companions he hunted buffalo by crawling after them on all fours afterward making jerky out of bison meat and boats out of their hides Willard also details his medical practice offering a revealing view of physicians operating practices in a time when sanitation and anesthesia were rare The Santa Fe Trail and Camino Real took Willard on the journey of a lifetime This account recalls the early days of the Santa Fe Trail trade and westward American migration when a doctor from Missouri could cross paths with mountain men traders Mexican clergymen and government officials on their way to new opportunities *The Old Santa Fe Trail from the Missouri River* Dean Earl Wood,1955 **The Trailsman #295** Jon
