A Searcher's Treasures Paul M Sivey,2019-04-26 A Searcher s Treasures An Independent Study of God s Word This book presents interpretations both old and new both from the writer s own studies and from the learned works of others It is intended to help get Bible reading and study above the horizon and into view so that society can realize the greatness of God and better understand Him The book challenges common beliefs to a degree but to a greater degree it builds upon the foundations laid by the Church of which Jesus Christ is the Chief Cornerstone The writer s hope is that the more we know about God the less we will question His ways and the more we will want to love serve and obey Him The author feels that the greatest goal is to be precious in the Lord s eyes and there is no better way to do that than to introduce souls to His kingdom The book delves into the realms of questions long begging for answers such as the role of evil spirits their potential purposes and how they can be accepted as real but yet responsive to mental health treatments The book also searches out such things as the beginning of man in God s image the age of the earth and an intriguing study of how God may have always had specific time intervals in the working of His will
