a Wolf Affair Trilogy Eileen Sheehan, 2018-07-31 The *a Wolf Affair Trilogy* is now under one cover Follow the adventures love affairs trials and tribulations of Missy Cramby as she

adjusts to not only leaving a life in the Chicago suburbs to live on an isolated mountain but to the fact that the mythical creatures from her children's books are real. Filled with action, thrills, peril, and romance, this trilogy is sure to keep you turning pages from the beginning to the end.

Book 1: A Wolf Affair description: When Missy's mother moves her and her brother to their ancestral home in the mountains of New York, she discovers that the hills are filled with werewolves. Not just in the hills but they're in her family as well. Targeted to become a mate to a sexy but overly possessive werewolf neighbor in this very surreal world that's run by them, she seeks the help of her non-werewolf lover, Kenton. Can he keep her safe? What will she do when she discovers that he's not a werewolf but he's also not a human? Filled with action, mystery, and mythical creatures, *A Wolf Affair* is sure to keep you turning pages.

Book 2: Wolf Mountain description: As Missy and Kenton prepare for the ensuing battle with the werewolves of Wolf Mountain, Godwin is brought in to assist Missy in getting in touch with her inherent magic. As her magic comes forth, so do secrets. Kenton and Maryanne would rather stay hidden. New love arrives in the form of a hot and sexy fairy who is reluctant to tell Missy all there is to tell. As a result, her life is changed forever.

Book 3: Missy's Choice description: The war between the supernaturals of Wolf Mountain rages on when Missy's long-lost grandparents appear and she learns that she is of royal fairy blood. Dissatisfied with her choice in love, her grandfather not only tries to persuade her to rethink her choice in men but he wants her to carry on his legacy, which was something her father rejected, and the reason why she'd been raised as a human until after he died. With her mother now a wolf and her true love a vampire, Missy must decide between living the life she'd grown to love on Wolf Mountain or ruling a kingdom that she'd never known existed but found to be a fascinating and pleasurable place to be. Filled with action, thrill, sexy love scenes, and drama, *Wolf Mountain* will pull on your emotions while it continues the story where *A Wolf Affair* left off.

THE HERLAND TRILOGY: Moving the Mountain, Herland & With Her in Ourland (Complete Edition) Charlotte Perkins Gilman, 2017-12-06

Moving the Mountain is the first book in Charlotte Perkins Stetson Gilman's well-known trilogy. *Moving Mountain* delivers Gilman's program for reforming society. She concentrates on measures of rationality and efficiency that could be instituted in her own time, largely with greater social cooperation, equal education, and treatment for girls and boys, day care centers for working women, and other issues still relevant a century later.

Herland is a utopian novel. The book describes an isolated society composed entirely of women who reproduce via parthenogenesis. The result is an ideal social order free of war, conflict, and domination. The story is told from the perspective of Van Jennings, a student of sociology who, along with two friends, Terry O. Nicholson and Jeff Margrave, forms an expedition party to explore an area of uncharted land where it is rumored lives a society consisting entirely of women. The three friends do not really believe the rumors as they are unable to conceive of how human reproduction could occur without males. The men speculate about what a society of women would be like, each guessing differently based on the stereotype of women which he holds most dear.

With Her in Ourland is the third book in Charlotte Perkins Gilman's utopian trilogy, which begins where *Moving the Mountain* and *Herland* left off. Gilman
