## **The Nigerian Army 1956-1966:**

The Nigerian Army, 1956-1966 Norman Miners, 1971      *The Nigerian Army* N. J. Miners, 2023-12-20 Originally published in 1971 this book is an account of the development of the Nigerian Army in the critical ten years spanning independence. It describes the transformation of a despised colonial defence force into a Nigerian army with a popularly recognized reputation. On the eve of the first military coup the Army stood at the pinnacle of popular esteem. It had been modernized and expanded, had served with distinction in the Congo and elsewhere, and all its officers were Nigerian. The first half of the book traces the stages of this transformation and reveals the difficulties which had to be overcome. The second part examines the increasing tension and political manoeuvring which exploded into the military coups of 1966.

**The Nigerian Army, 1956-1966** Norman J. Miners, 1968      The Politics of Post-War Demobilisation and Reintegration in Nigeria Olukunle Ojeleye, 2016-02-24 With an increasing international interest in post civil war demobilisation and reintegration especially in Africa, Ojeleye presents a well timed body of knowledge on the Nigerian civil war. Moreover, this book provides an in depth study of the modalities and processes of the demobilisation and reintegration exercises carried out at the end of the Nigerian civil war and assesses their implications for national politics in the West African nation. The author identifies the political, socio-economic and cultural background to the Nigerian civil war and discusses the central theme of demobilisation, disarmament and reintegration (DDR) in Nigeria against the backdrop of the policy of the country's post war reconstruction, reconciliation and rehabilitation exercise, the 3Rs. Though the central theme is Nigeria, it compares the demobilisation and reintegration exercise in Nigeria with other attempts in Sub-Saharan Africa by highlighting the important deviations and drawing some conclusions on the Nigerian experience. It also touches on issues relating to international involvement and intervention in civil wars and the roles of the African Union, the Commonwealth of Nations and the United Nations.

*The Struggle for Modern Nigeria* Michael Gould, 2011-12-18 International media coverage in the 1960s and early 1970s represented the Biafran War in which the state of Biafra attempted to secede from the Nigerian Federation as a grand humanitarian disaster characterised by sustained conflict, starvation and genocide. Using interviews and newly released archival material, Michael Gould questions this depiction, examining the role of foreign parties in the conflict and the impact of propaganda upon its international reception both during and after the war. Envisaged initially by both sides as a short conflict, the war confounded all expectations, stretching on for four years. It was a brother's war, one which divided families and was characterised overwhelmingly by both sides' reluctance to enter into hostilities. This book seeks to answer some of the most fundamental questions surrounding the conflict, including how this avoidable conflict came about, why the war became so drawn out, and how the leadership of the opposing Generals Ojukwu, who led the Biafran revolt, and Gowon, who was President of the Nigerian Federation, defined the conflict. In the process, Gould offers a radical reappraisal of the many entrenched conceptions which currently surround the conflict. This book will be essential reading for all students of African

history and politics and post colonial studies      **The Biafran War** Michael Gould,2012-12-10 The Biafran War was truly a brother s war which saw family and friends on opposing sides When the breakaway province of Biafra tried to secede from Nigeria in 1967 the result was a civil war of terrifying intensity The minority Igbo people stood little chance of victory in the face of the overwhelming superiority of the Nigerian army in the north Envisaged initially as a short conflict the war confounded all expectations stretching on for almost three years the Igbo had far inferior resources and fewer weapons yet they were determined to defend their right to independence This book answers many of the most important questions surrounding the conflict including how such an avoidable conflict came about why the war became so drawn out and how the leadership of the opposing Generals Ojukwu who led the Biafran revolt and Gowon who was President of the Nigerian Federation defined the conflict In doing so Michael Gould offers a fascinating and comprehensive portrait of one of the defining conflicts of modern Africa      **Democratization and Military Coups in Africa** Kelechi A. Kalu,George Klay Kieh Jr.,2021-11-04 Democratization and Military Coups in Africa Post 1990 Political Conflicts studies the seemingly endless cycle of coups that have occurred in Africa since the Free Officers Coup of 1952 in Egypt Unfortunately after more than three decades of the third wave of democratization that began in the 1990 s military coups remain a firm figure on the African political landscape Although the Organization of African Unity OAU and its successor the African Union AU have developed and implemented anti coup norms they have not deterred coup makers Contributors to this volume analyze the major fault lines in the body politics of African states that have created the conditions for coup making and offer suggestions for ending the cycle of coups Using countries such as Burkina Faso Cote d Ivoire Egypt Mauritania Sierra Leone and Sudan as case studies each chapter studies the causes effects and evolution of military coups in Africa in order to show that eliminating military coups will require identifying and addressing the root causes of the coup in each affected state      **The Military Effectiveness of Post-Colonial States** Pradeep Barua,2013-04-15 Current military historiography has a tendency to portray the military effectiveness of non western post colonial states in broad generalized stereotypes This monograph examines the militaries of Nigeria Argentina Egypt and India in times of crisis to challenge these assumptions The book shows that despite having broad similarities each of these states had unique characteristics that impacted their military effectiveness in different ways These key variables included the military institutions maturity and skill sets the availability and management of human and material resources and the quality of both civil and military leadership      *The USSR in Third World Conflicts* Bruce D. Porter,1986-07-25 This is a thorough and sophisticated study of one of the most critical current issues in world politics Bruce Porter examines Soviet policy and behaviour in Third World conflicts in the postwar period focusing particularly on five examples the Yemeni civil war the Nigerian civil war the Yom Kippur war the Angolan civil war and the Ogaden war Aiming to illuminate various complex tactical and operational aspects of the USSR s policy in local conflicts the author draws on a wide and eclectic range of sources He pays close attention to the Soviet role as arms

supplier and diplomatic actor in relation to both US policy and the dynamics of the local conflict and he concludes with a careful consideration of the effectiveness of Soviet policy and of the implications for the United States

**Trans-Atlantic Migration** Toyin Falola, Niyi Afolabi, 2007-11-21 This book argues that a new cadre of African immigrants are finding themselves in the New World mostly well educated high income earning professionals and belonging to the category termed African brain drain they constitute the antinomy of those Africans who were forcibly removed from Africa during slavery Along with this sense of freedom and voluntary migration comes a paradox that of living in two worlds and negotiating the pleasures and agonies that come with living in exile For the new African immigrant the primary factor motivating migration is the desire for a better life whether fleeing political persecution economic crisis refugee crisis or a combination thereof The overall consequences include displacement alienation and the not so enchanting reality of exile In its encompassing structure and multivalent perspectives Trans Atlantic Migration sets in motion the shifting theoretical and pragmatic verity that the new African diaspora and transatlantic migrations are paths laden with paradoxes that only time negotiations compromises and sense of identities can ultimately resolve

**Soldiers and Oil** Keith Panter-Brick, 2023-10-12 *Soldiers and Oil* 1978 examines Nigeria under military rule from 1966 to 1978 a period of political change as well as economic the period also saw a twenty-fold increase in Nigerian oil revenues The oil industry became by far the greatest single source of public revenue and the distribution of oil wealth by the central federal government fundamentally changed the economics of the federated states created by the military government whose financial autonomy had been so jealously guarded *Security, crime and segregation in West African cities since the*

*19th century* Laurent Fourchard, Isaac Olawale Albert, Institut français de recherche en Afrique, 2003-01-01 Les questions de sécurité et de criminalité sont devenues de nouveaux objets d'études en Afrique essentiellement en raison de la multiplication récente des formes de criminalité urbaine ou organisée et de la privatisation avancée de grandes portions d'espaces urbains phénomènes que l'on pouvait croire limités aux Amériques L'endemicité de la crise économique l'accroissement de la pauvreté la

criminalisation de l'état et la faillite des polices tropicales ont considérablement accru les sentiments d'insécurité et accéléré le développement d'agences privées qui prennent le relais d'états incapables d'assumer le contrôle du corps social. Les auteurs de ce livre interrogent l'efficacité des fonctions régaliennes de l'état : sécurité, police, justice et leur éventuelle évolution des organismes privés, associations, groupes d'autodéfense, milices. Ils rendent compte d'un groupe et de sa catégorisation : criminels, délinquants et proposent un nouveau regard sur une certaine gestion urbaine de l'insécurité, ségrégation. Alors que de nombreuses études se sont naturellement focalisées sur les vingt dernières années, la quasi-absence d'études historiques sur la sécurité et la criminalité laisserait supposer que ces phénomènes sont nouveaux en Afrique. L'une des priorités de ce livre est de reconsidérer ces questions en proposant une approche pluridisciplinaire : histoire, science politique, géographie, sociologie, littérature. De nombreuses études empiriques témoignent de la variété des trajectoires criminelles des rôles successifs des polices coloniales et postcoloniales, de la multiplicité des agences de sécurité privée et des formes ségrégatives d'organisation de l'espace urbain en Afrique de l'Ouest. En raison de la taille et du nombre de ses villes et de l'épaisseur historique de la criminalité urbaine, le Nigeria tient une place singulière dans ce livre. Premier pays de la région à entrer dans l'ère du crime organisé, le Nigeria constitue aujourd'hui une base essentielle des réseaux criminels transnationaux à l'échelle mondiale.
