George L. Kelling, 1999 **6 Rules Every Man Must Break** Bill Perkins, 2010-09-30 What if by breaking six specific rules you could throw off the shackles of other people's expectations and pursue a more authentic and liberating faith? Popular author and speaker Bill Perkins challenges men to follow Jesus' example, refuse to be handcuffed by rules that aren't God-given. Drawing on personal stories and Scriptural examples, Bill shows how defying these rules will help you to live a courageous and credible life free from hypocrisy and to unleash the passionate faith that resides within you. You can strengthen your connection with Christ by depending on him, not man-made rules, to transform you into the man he created you to be.

Breaking and Entering Susan Ehrlich Martin, 1980 *Breaking and Entering: Policewomen on Patrol* explores the problems women face beginning a career in the traditionally male-oriented profession of police work and the ways they have learned to deal with these problems.

Offender Reentry Matthew S. Crow, John Ortiz Smykla, 2013-04-24 An Innovative New Text That Addresses a Critical Issue: Reentry is one of the pressing issues facing corrections today, and Matthew Crow and John Ortiz Smykla have clearly hit a homerun with their new book. They have covered all the important topics ranging from what should be done inside the walls to the challenges and pitfalls awaiting those exiting our prisons and jails. They have provided a roadmap for anyone concerned about reentry, be that student or practitioner. This book will become a must-read for anyone interested in understanding and improving our reentry efforts.

Edward J. Latessa, Ph.D., Interim Dean and Professor, University of Cincinnati. Nearly 2,000 people are released from prison every day in the United States, many of whom face significant barriers to reentry into the civilian population. Within three years, two-thirds of them will be rearrested, and nearly half will return to prison for a new crime or parole violation.

Offender Reentry: Rethinking Criminology and Criminal Justice is the first text of its kind to address this major issue in criminology and criminal justice. Bringing together cutting-edge and never-before-published research and authored by the most critically recognized experts in the field, this text offers students extraordinary insight into the experiences of both offenders in reentry and the practitioners who work within the legal system. Real-world stories from criminal justice professionals and offenders themselves are integrated with up-to-the-minute research and thought-provoking analysis. Student-oriented pedagogical features, including critical thinking and discussion questions for every chapter, push students to engage deeply with the text and synthesize their own innovative solutions to contemporary problems. The text addresses all of the societal factors that affect offender reentry, as well as the political and economic effects on the community and issues of public safety. Ideally suited for upper-level undergraduate and graduate courses in criminal justice and criminology, *Offender Reentry* is an invaluable new addition to the field.

The Laws of Kenya Kenya, Herbert Bown, 1926 Treating the Criminal Offender Alexander B. Smith, Louis Berlin, 2013-11-11 The second edition of *Treating the Criminal Offender* was written in an atmosphere of disillusionment and severe criticism of the traditionalist approach to treatment As crime rates soared the voices of the critics rose in volume and intensity And so this third edition revised toward the end of the decade of the 1980s embodies the shift in emphasis from rehabilitating the offender to protecting the community This shift in our opinion does not reject the goal of changing the offender so as to effect his reintegration into society it uses the strategy of intensive supervision and surveillance only to effect the desired goal The use of electronics to monitor the offender's whereabouts and the swift application of punitive measures following the awareness of any violation are extrinsic techniques of control It is our opinion that for the deep more lasting changes in behavior some form of casework counseling and or psychotherapeutic intervention is essential We are the cohorts who believe in the effectiveness of such treatment modalities when and if applied to the right target population at the appropriate time *A Treatise on the Criminal Law and Criminal Courts of the State of New York* Oliver Lorenzo Barbour, 1883 **Routledge Revivals: Guards Imprisoned (1989)** Lucien X. Lombardo, 2016-10-04 First published in 1989 *Guards Imprisoned* provides an in depth look into the work and working life of prison guards as they perceive and experience it The author who was a teacher at Auburn Prison New York discovered that little was known about the guards

perceptions of his place in the prison community and set out to explore the dynamics of this key correctional occupation from the perspective of those who do it The raw data was provided by over 160 hours of interviews with guards and is presented in the order of a natural history from their prerecruitment images of prison to the search for satisfaction as experienced guards The book also includes a follow up with the officers who were originally interviewed in 1976 assessing patterns of change and stability in their attitudes and behaviors The Auburn Correctional Facility renamed from Auburn Prison in 1970 was the second state prison in New York the site of the first execution by electric chair in 1890 and the namesake of the famed Auburn System replicated across the country in which people worked in groups during the day were housed in solitary confinement at night and lived in total silence The facility is celebrating the 200th anniversary of its groundbreaking in 2016
