Wolfson,2012 Mena em Mendel Schneerson 1902 1994 was the seventh and seemingly last Rebbe of the Habad Lubavitch dynasty Marked by conflicting tendencies Schneerson was a radical messianic visionary who promoted a conservative political agenda a reclusive contemplative who built a hasidic sect into an international movement and a man dedicated to the exposition of mysteries who nevertheless harbored many secrets Schneerson astutely masked views that might be deemed heterodox by the canons of orthodoxy while engineering a fundamentalist ideology that could subvert traditional gender hierarchy the halakhic distinction between permissible and forbidden and the social anthropological division between Jew and Gentile While most literature on the Rebbe focuses on whether or not he identified with the role of Messiah Elliot R Wolfson a leading scholar of Jewish mysticism and the

phenomenology of religious experience concentrates instead on Schneerson's apocalyptic sensibility and his promotion of a mystical consciousness that undermines all discrimination. For Schneerson the ploy of secrecy is crucial to the dissemination of the messianic secret. To be enlightened messianically is to be delivered from all conceptual limitations even the very notion of becoming emancipated from limitation. The ultimate liberation or true and complete redemption fuses the believer into an infinite essence beyond all duality even the duality of being emancipated and not emancipated an emancipation in other words that emancipates one from the bind of emancipation. At its deepest level Schneerson's eschatological orientation discerned that a spiritual master if he be true must dispose of the mask of mastery. Situating Habad's thought within the evolution of kabbalistic mysticism the history of Western philosophy and Mahayana Buddhism Wolfson articulates Schneerson's rich theology and profound philosophy concentrating on the nature of apophatic embodiment semiotic materiality hypernomian transvaluation nondifferentiated alterity and atemporal temporality. *The Open Secret of India, Israel and Mexico* from *Genesis to Revelations!* Gene Matlock, 2008-04. All the races of men along with their gods descend from Japhet son of Noah. The Hebrew and Hindu holy books say that all our deities and religions came from a race of spacemen from Outer Space to keep mankind from devolving to animal level. It was then and later too that the Nephilim appeared on earth when the divine beings cohabited with the daughters of men. Genesis 6:4. The ancient Hindus and Turks called them Navalin Star Ship People and Anunaka Anunaki One who is from the Sky From the Place of No Pain. The Sumerians Mesopotamians and Akkadians called them Anunaki Sky Gods People of Heaven and Earth. The divine strangers appointed the tribe of Japhet or the Sanskrit Jyapeti to rule the earth. This divine right of kingship extended also to their close relatives the Yadu Yadava and Yahuda Jews. The divine religions they inherited were Judaism Christianity Hinduism Buddhism and Jainism all of which originated in Siberia. But things went wrong. Mankind kept getting worse. Men started to deny that Christaya Kurus and Aryans as they were called originated from Mt Meru in Southern Siberia. The ancient Jews insisted that mankind had spread from the Tower of Babylon which was just a symbol of Meru. The Hindus likewise insisted that their Gods were home grown and not from Outer Space. Yet the story might be true. It extended over the entire Eastern Hemisphere.

An Open Secret Nicholas L. Syrett,2021-04-05 In 1922 Robert Allerton described by the Chicago Tribune as the richest bachelor in Chicago met a twenty two year old University of Illinois architecture student named John Gregg who was twenty six years his junior Virtually inseparable from then on they began publicly referring to one another as father and son within a couple years of meeting In 1960 after nearly four decades together and with Robert Allerton nearing ninety they embarked on a daringly nonconformist move Allerton legally adopted the sixty year old Gregg as his son the first such adoption of an adult in Illinois history An Open Secret tells the striking story of these two iconoclasts locating them among their queer contemporaries and exploring why becoming father and son made a surprising kind of sense for a twentieth century couple who had every monetary advantage but one glaring problem they wanted to be together publicly in a society that did not tolerate their love Deftly exploring the nature of their design domestic and philanthropic projects Nicholas L. Syrett illuminates how viewing the Allertons as both a same sex couple and an adopted family is crucial to understanding their relationship s profound queerness By digging deep into the lives of two men who operated largely as ciphers in their own time he opens up provocative new lanes to consider the diversity of kinship ties in modern US history
