

PREFACE

This manual is to provide guidance on the construction supervision requirements of the **Thanh Hoa City Comprehensive Socioeconomic Development Project (TH CSEDP Project)** for all components of works. If this manual appears to be in conflict with the Conditions of Contract or contract data of any specific contract, the contract conditions and data take the highest legal reference for implementation.

Thus this manual, which does not intend to repeat all of the detailed requirements of the civil works Contract Agreement, must be read in conjunction with the Contract Documents.

Every one of the supervisory staff of the Project is required to familiarize himself with this manual. The manual, however, may require improvement and modification due to environment or evolving situations on the project. Therefore, each staff is encouraged to give his own suggestions for improvement of this manual throughout the project.

On the **TH CSEDP Project**, where the Contractors are small and local, the Contractor may be quite unaware of what will be required of them. When such things as stringent quality control measures come as a complete and unpleasant surprise, serious delays often result from the unexpected need to arrange operations to allow for testing and inspection of works and materials. To avoid such unpleasant and expensive occurrences, Contractors would be well advised to familiarize themselves with the contents of this manual.
