David Steinman, 2024-06-04 A must have book for every parent from the author of the ground breaking bestseller Diet for a Poisoned Planet Every parent wonders Am I buying products for my child that are filled with chemical toxins In his powerful new book Raising Healthy Kids David Steinman the director of the Chemical Toxin Working Group also known as the Healthy Living Foundation and one of America's premier environmental activists shows how today's most popular items from bubble bath to cereal to cleaning products to snack foods are contaminated with unacceptable levels of chemical toxins and pesticides and he proposes alternatives and substitutes to keep your family safe Steinman reveals never before seen test results for major brands like Johnson's Johnson's Kellogg Tide and Clairol and General Mills that identify exactly which products contain dangerous ingredients He casts a wide net showing how beauty products as well as food items can cause

reproductive health issues in pregnant women and that environmental exposures particularly in schools can have a profound impact on babies and children's development. Drawing on current research, illuminating vignettes, and inspiring stories of activism, Steinman provides action steps for parents in every chapter, giving them the tools they need to shop for everyday products that will be toxin-free and helping them ask the right questions about their local schools and workplaces to determine their potential levels of exposure. As he writes, "The goal of this book is to show you how to keep you and your family safe and healthy." When Steinman published his acclaimed bestseller *Diet for a Poisoned Planet*, it was compared to Rachel Carson's classic *Silent Spring* for bringing to light the chemical toxins in our food. Now, more than thirty years later, Steinman brings readers up to date on the increased dangers we face in all aspects of our lives and teaches us how we can make smart choices to protect our children and ourselves. *Raising Healthy Children* is an inspiring, informative, and user-friendly book that will help every family reduce their toxic exposures and ensure their health and well-being.
