Elliot Murphy

Unmaking Merlin Anarchist Tendencies In English Literature:

Unmaking Merlin Elliot Murphy, 2014-11-28 A unique exploration of how anarchist philosophy and practice has inspired some of the English language's most revered and reviled authors

Arms in Academia Elliot Murphy, 2020-07-26 This book studies how the arms trade has continued to receive generous state subsidies along with less direct forms of financial and intellectual support from academia in the UK. It examines the ways in which arms dealing has contributed to the violation of human rights in the Middle East, North Africa, South America, Indochina, and other regions of intense conflict, and in doing so reveals how the industry sells a particular image of itself to the public. The volume extensively covers the arms trade and its impact across the world. Shows how the UK arms trade has developed research investment and consultancy links with universities, museums, and other public institutions. Discusses the future of the arms trade and explores alternatives in terms of job opportunities, economic growth, and academic research criteria. A major intervention in international politics, this volume will be of great interest to scholars and researchers of military and strategic studies, international relations, human rights, and the social sciences in general. It will also be of interest to policy analysts and defence professionals.

Nietzsche and the Politics of Reaction Matthew McManus, 2023-01-01 This book is intended as a major interdisciplinary contribution to the study of Nietzsche's thought in particular and the political right more generally. Historically, the assessment of Nietzsche's politics has ranged from denouncing him as a forerunner to Nazism to claiming he effectively did not have articulated political convictions. During the latter half of the 20th century, he surprisingly became a major theoretical influence on a variety of post-structuralist radical critics who saw in his perspectivism and genealogy of power useful tools to critique existent structures of domination. This collection of essays reframes the debate by looking at Nietzsche's constructive political project, defending aristocratic values from the levelling influence of the herd, and its liberal socialist and democratic spokesmen. The essays will also explore how this defense of aristocratic values continues to have an influence on the political right, inspiring moderates like Jordan Peterson and far-right authors and activists like Aleksandr Dugin and Steve Bannon.

Marx and Public Services Tony Kinder, 2025-04-10 By evaluating previous public management research through Marxist concepts, this textbook offers innovative solutions to public service problems. It updates Marx's framework to reflect the growth of public services, transitioning from abstract state notions to concrete service analysis. Addressing two critical gaps, the book highlights the benefits of a Marxist approach to public services and presents Marxist ideas to examine these services at a micro level. It demonstrates the relevance of Marxist frameworks for public service professionals, critically reviews current public management knowledge, and sheds light on the dynamic nature of public services against the background of neoliberalism. While doing so, the book goes beyond a Eurocentric perspective, providing cases and practical examples from developed and developing countries, with an additional focus on Asian practices. Written by an award-winning author with years of practical experience and designed for graduate and advanced undergraduate students, each chapter sets

clear learning objectives and reviews existing tools and frameworks The chapters also present new ways of improving public services encouraging readers to apply Marxist concepts to their contexts and cultures This will also make this book a practical resource for practitioners and professionals seeking to resolve their grounded public services issues

Getting the books **Unmaking Merlin Anarchist Tendencies In English Literature** now is not type of challenging means. You could not isolated going in imitation of book amassing or library or borrowing from your friends to entre them. This is an enormously easy means to specifically get guide by on-line.
