New York Magazine ,1974-09-02 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country With award winning writing and photography covering everything from politics and food to theater and fashion the magazine s consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea

The Long Disenchantment Ilaria Poggiolini,2024-12-27 This book seeks to replace a comforting European narrative of British missed opportunities with a chronicle of the complexity of UK EC EU relations After nearly a decade of Brexit 2016 it revisits the historical evolution of the relationship between Britain and Europe since the 1970s Building on an in depth study of primary and secondary sources the author sheds new light on the intricacies of that relationship The book is structured in six chapters the first of which reflects on the causes of the UK s lack of engagement in the early and crucial developments of the European Community The second chapter revisits ten years of stop go diplomacy of accession and the meaning of the first enlargement for Britain and its partners The third chapter argues that in the early years entry represented for Britain an opportunity to deliver change working with France and Germany inside the EC and as an EC member building new relationships with countries outside including in the Commonwealth The fourth chapter focuses on the dawning realisation that EC membership meant for Britain joining its partners on a journey towards an unknown destination in search of whatever closer Union would mean The Fifth chapter concentrates on the 1980s when on the one hand the British government was to the fore in the creation of a single market while on the other it openly challenged an agreed upon narrative among the continental member states This narrative was one which sought to reshape European values and relationships together with its culture geography and history round a commitment to greater integration The final chapter is an epilogue that examines the political decisions of the last four British prime ministers Major Brown Blair and Cameron in confronting and reacting to the reality of European Union from

the Maastricht Treaty 1992 onward This examination suggests that rather than political continuity discontinuity led the UK through Prime Minister David Cameron s efforts at renegotiation in the EU to Brexit and his instant resignation This book invites readers to rethink refine and challenge the dominant narrative of Britain as a predictable permanent outsider condemned to irrelevance in the EC EU It will appeal to scholars of international relations and political history as well as political decision makers both in Britain and the EU **The iPINIONS Journal** Anthony Livingston Hall,2020-02-13
