Italian Women's Autobiographical Writings in the Twentieth Century Ursula Fanning, 2017-09-07 This book highlights the centrality of the autobiographical enterprise to Italian women s writing through the twentieth century a century that has frequently been referred to as the century of the self Ursula Fanning addresses the thorny issue of essentialism potentially involved in underlining links between women s writing and autobiographical modes and ultimately rejects it in favor of an argument based on the cultural linguistic and literary marginalization of women writers within the Italian context It is concerned with Italian women writers various ways of grappling with constructions of subjectivity throughout the century and sets out to explore them Fanning reads autobiographical writing as subject to many of the same constraints as fiction and in doing so draws attention to the significance of the recurring use of the terms pure and impure in many critical and theoretical discussions of the autobiographical where pure is used to suggest a truthful representation of a life while impure suggests the messy undertaking of mixing lived experience with fiction Recurring patterns and paradigms are found in the works of the various writers considered eighteen in all and these paradigms are analyzed through close readings of their works These close readings offer insights into approaches to the constructions of subjectivity in the narratives and are informed by feminist theories The chapters focus on selves in relationship taking their lead from the patterns unfolding in the writers work hence the subjects are constructed as daughters with different views of the self in relation to fathers and mothers within the confines of the romantic relationship which involves reconsiderations and rewritings of the romance plot as maternal subjects and as writers with an eye on their relationship to the literary canon as well as to the relationship with readers This

book argues that there is such a thing as gendered subjectivity and that its constructions may be traced through the texts analyzed

Parolacce Vito Tartamella, 2016-08-09 Mi avete rotto l'apparato riproduttivo Diciamo la verità un mondo senza parolacce sarebbe grigio e noioso Ma a cosa servono le volgarità Quando sono nate perché le diciamo quali effetti hanno Sono i frammenti d'una lingua antica e magica con cui possiamo esprimere profonde verità Lo racconta il primo saggio italiano sul turpiloquio Parolacce un long seller documentato e divertente che ha venduto oltre 21 mila copie e ha ricevuto gli apprezzamenti di Umberto Eco e Roberto Benigni E ora sbarca nelle librerie digitali con la sua 5ª edizione rinnovata in formato ebook Oggi la volgarità tiene banco in politica per strada e in tv Ma davvero un'aberrazione moderna Leggendo questo libro scoprirete che le parolacce c'erano già negli antichi poemi babilonesi e nei geroglifici Egizi e persino nella Bibbia Perché sono fra le più antiche parole nella storia dell'uomo Il turpiloquio infatti ha segnato l'inizio della civiltà invece di scagliarsi pietre gli uomini hanno imparato a lanciarsi parole Feriscono ugualmente ma almeno non uccidono E sono così importanti che nel nostro cervello c'è un'area specializzata nel controllo delle parolacce E riesce a sopravvivere anche ai traumi infatti chi perde l'uso della parola per un ictus può conservare l'abilità di imprecare Perché le parolacce sono parole al servizio delle emozioni non solo dell'odio ma anche della gioia e del gioco Non a caso sono uno degli strumenti dei comici e dei letterati da Dante Alighieri a William Shakespeare fino a Checco Zalone Le volgarità rivelano gli aspetti più delicati della nostra vita il sesso e i tab la religione la morte e la malattia i rapporti sociali Infatti uno dei primi documenti della letteratura italiana un insulto scritto sul dipinto di un'antica chiesa di Roma Parolacce Se le conosci sai cosa dici Italian Cinema and Modern European Literatures Carlo Testa, 2002-03-30 The history of cinema and notably that of post war Italian cinema can only be understood adequately in the context of other contiguous cultural disciplines World literature including that of France Germany and Russia played a key role in the development of post war Italian film and the cinematic technique it has come to embody Moving away from the usual modes of defining this period a trajectory that begins with neorealism and ends with Bertolucci author Carlo Testa offers proof that coming to terms with literary texts is an essential step toward understanding the motion pictures they influenced The means of recreating literature for the screen has changed drastically over the last half century as has the impact of different national traditions on Italian cinema Testa's work is the first to explicitly and deliberately link postwar Italian cinema to general intellectual concerns such as the relationship between literary authors and cinematic auteurs Moreover his analysis of the impact of French German and Russian cultures on Italy brings forth a new reading of Italian cinema a new paradigm for exploring complex issues of authorship culture and art
