Saudi Aramco 2030 Mohamed A. Ramady, 2017-10-30 This book discusses the strategic shift in ownership of Aramco the Saudi Arabian Oil Company and its potential impact on Aramco s role in a post privatized world Scheduled to become an IPO in 2018 Aramco is on the verge of becoming the largest IPO on the market As the world s largest oil and gas company Aramco s impending privatization has important implications for the world s petroleum market

This book therefore undertakes an analysis of Aramco examining its history its current role in Saudi Arabia's economy and its future role as an IPO The chapters highlight the likely outcomes for Aramco in proceeding with its planned IPO and privatization as well as the various policy options and models available to it by drawing on the privatization of other national oil companies in Norway Russia Brazil and China The book also explores the complexities that will be involved in transforming Saudi Aramco to a privatized company albeit with significant government oversight and control and addresses key questions on the issues likely to be faced such as IPO pricing the listing domain and market capacity and potential stakeholders As such this book will be of interest to academic researchers studying energy economics energy policy and the political economy of the Middle East as well as private sector decision makers in energy related fields international organizations international oil companies energy commodity traders and public sector energy policy makers with interest in Saudi Arabia and Aramco's IPO

Crowdfunding In German Association Football Clubs: Identifying Supporters' Drivers To Invest Maria Ratz, 2024-11-08 This thesis analyses the potential of crowdlending and crowdinvesting to be a valuable financial alternative for professional football clubs in Germany Given the increasing importance of crowdfunding in other business areas and the necessity for German football clubs to access alternative approaches to financing the perception of football clubs and supporters with regard to crowdfunding was investigated The question is whether the fans who are associated with the club due to their loyalty could become financing partners By applying Commitment Trust Theory this study examines the antecedents of supporters behavioural intentions to invest and their effect on the key mediating variables of Fan Loyalty and Trust Semi structured interviews with financial managers of the football clubs and an online survey with fans n 712 were conducted This sample data was analysed using Structural Equation Modelling Among three rival models the partial mediating model was able to explain 81.4 % of the variance of the sample data According to the results the key driver for supporters Willingness to Invest is the intrinsic other orientated motivation called Perceived Meaningful Contribution This study has added knowledge to theory by applying the Commitment Trust framework to crowdfunding motivation within the context of professional German football Furthermore the practical contribution is derived from the recommendations for football clubs on how to frame crowdfunding campaigns by highlighting the rewarding feeling of helping their club and the meaningfulness of projects

University Community Engagement and Lifelong Learning Julia Preece, 2017-07-13 This book offers a conceptual re think of how university community engagement functions as a lifelong learning resource for communities While having a specific focus on the South African context it has important implications for other universities which are concerned with their communities and makes a compelling argument for the university as a public good in spite of current trends towards marketization and commodification of higher education The book draws on a theoretical framework of capabilities asset based community development and the adult learning concept of dialogue to propose a model whereby the boundary walls of the university become metaphorically porous so that community members feel free to interact with the

university as equal members of society A historical outline of African universities is provided as well as an exploration of the evolution of terms for community engagement service learning and learning cities and an examination of the policy and practice implications for the ideological model of a porous university *The Development of the Maltese Insurance Industry* Mark Laurence Zammit, Jonathan Spiteri, Simon Grima, 2018-09-07 Drawing upon empirical findings archival research and interviews Zammit Spiteri and Grima fill a major gap in the literature by delivering a study of the development of the Maltese insurance industry **Planning in a Failing State** Olivier Sykes, John Sturzaker, 2023-11-23 This topical book offers an analysis of the current state of the planning system in England and an evidence based review of over a decade of change With a critique of ongoing UK planning reforms the book argues that the planning system is often blamed for a range of issues that are in fact the fault of ineffective policymaking **Risk-Based Bridge Engineering** Khaled Mahmoud, 2019-08-20 Risk based engineering is essential for the efficient asset management and safe operation of bridges A risk based asset management strategy couples risk management standard work reliability based inspection and structural analysis and condition based maintenance to properly apply resources based on process criticality This ensures that proper controls are put in place and reliability analysis is used to ensure continuous improvement An effective risk based management system includes an enterprise asset management or resource solution that properly catalogues asset attribute data a functional hierarchy criticality analysis risk and failure analysis control plans reliability analysis and continuous improvement Such efforts include periodic inspections condition evaluations and prioritizing repairs accordingly This book contains select papers that were presented at the 10th New York City Bridge Conference held on August 26 27 2019 The volume is a valuable contribution to the state of the art in bridge engineering **Stocks for All: People's Capitalism in the Twenty-First Century** Petri Mäntysaari, 2021-12-31 Public stock markets are too small This book is an effort to rescue public stock markets in the EU and the US There should be more companies with publicly traded shares and more direct share ownership Anchored in a broad historical study of the regulation of stock markets and companies in Europe and the US the book proposes ways to create a new regulatory regime designed to help firms and facilitate people s capitalism Through its comparative and historical study of regulation and legal practices the book helps to understand the evolution of public stock markets from the nineteenth century to the present day The book identifies design principles that reflect prior regulation While continental European company law has produced many enduring design principles the recent regulation of stock markets in the EU and the US has failed to serve the needs of both firms and retail investors The book therefore proposes a new set of design principles to serve contemporary societal needs **Stat Shot: A Fan's Guide to Hockey Analytics** Rob Vollman, 2018-09-18 With every passing season statistical analysis is playing an ever increasing role in how hockey is played and covered Knowledge of the underlying numbers can help fans stretch their enjoyment of the game Acting as an invaluable supplement to traditional analysis Stat Shot A Fan s Guide to Hockey Analytics can be used to test the

validity of conventional wisdom and to gain insight into what teams are doing behind the scenes or maybe what they should be doing Inspired by Bill James's Baseball Abstract Rob Vollman has written a timeless reference of the mainstream applications and limitations of hockey analytics With over 300 pages of fresh analysis it includes a guide to the basics how to place stats into context how to translate data from one league to another the most comprehensive glossary of hockey statistics and more Whether A Fan's Guide to Hockey Analytics is used as a primer for today's new statistics as a reference for leading edge research and hard to find statistical data or read for its passionate and engaging storytelling it belongs on every serious fan's bookshelf A Fan's Guide to Hockey Analytics makes advanced stats simple practical and fun **Ultimate Cleveland Indians Time Machine Book** Martin Gitlin, 2019-04-01 As the anchor titles in a new Time Machine Lyons Press baseball series The Ultimate Cleveland Indians Time Machine presents a timeline format that not only includes the Indians' greatest moments including World Series appearances and individual achievements but would focus also on some very unusual seasons and events such as the team's 20-13-4 season of 1899 the absolute worst in baseball history the Crybabies of 1940 who received this nickname after complaining about their manager to such an extent that fans even turned on them or the infamous Ten Cent Beer Night of 1974 when thousands of drunken fans stormed the field and forced the team to forfeit Of course there are other events to recall like 17-year-old Bob Feller making his debut and striking out 17 batters in 1936 or Albert Belle famously pointing at his muscle after a playoff opponent claimed rightly that he had corked his bat and one of his teammates sneaked into the umpire's room to steal it back so the umps could not find out that it was corked There are dozens of impressive wild wacky and wonderful stories over the years regarding Indians history and Gitlin is the perfect person to write it with his trademark humor and thorough knowledge of Indians lore
