science we can transform our lives **The Gospel According to Starbucks** Leonard Sweet, 2008-05-20 Leonard Sweet shows you how the passion that Starbucks has for creating an irresistible experience can connect you with God's stirring introduction to the experience of faith in *The Gospel According to Starbucks* You don't stand in line at Starbucks just to buy a cup of coffee You stop for the experience surrounding the cup of coffee Too many of us line up for God out of duty or guilt We completely miss the warmth and richness of the experience of living with God If we'd learn to see what God is doing on earth we could participate fully in the irresistible life that he offers You can learn to pay attention like never before to identify where God is already in business right in your neighborhood The doors are open and the coffee is brewing God is serving the refreshing antidote to the unsatisfying arms length spiritual life and he won't even make you stand in line **How Winning Works** Robyn Benincasa, 2012-05-22 Shares the eight essential elements of teamwork that ensure success in all areas of life to present a practical guide for managers seeking to improve their leadership skills **Wrestling with Starbucks** Kim Fellner, 2008-06-19 You can find a Starbucks coffeehouse almost anywhere from Paris France to Paducah Kentucky from the crowded streets of Thailand to shopping malls in Qatar With nearly 200 of them in New York City alone this coffee retail giant with humble beginnings has become an actor and icon in the global economy As we sip our cappuccinos frappuccinos and our double half caf venti low fat mochaccinos many of us wonder if Starbucks is a haven of civilization or a cultural predator a good or bad employer a fair trader or a global menace In this entertaining and provocative ramble through Starbucks's ethos and actions Kim Fellner asks how a coffeehouse chain with a liberal reputation came to symbolize for some the ills of globalization Armed with an open mind and a sense of humor Fellner takes readers on an expedition into the muscle and soul of the coffee company She finds a corporation filled with contradictions between employee friendly processes and anti union practices between an internationalist vision and a longing for global dominance between community individuality and cultural hegemony On a daily basis Starbucks walks a fine line It must be profitable enough to please Wall Street and principled enough to please social justice advocates Although observers might argue that the company has done well at achieving a balance Starbucks's leaders run the risk of satisfying neither constituency and must constantly justify themselves to both Through the voices of Central American coffee farmers officers at corporate headquarters independent caf owners unionists baristas traders global justice activists and consumers Fellner explores the forces that affect Starbucks's worth and worthiness Along the way she subjects her own unabashedly progressive perspective to scrutiny and emerges with a compelling and unexpected look at Starbucks the global economy our economic convictions and the values behind our morning cup of joe **BUSINESS POLICY AND STRATEGIC MANAGEMENT** GUPTA, VIPIN, GOLLAKOTA, KAMALA, SRINIVASAN, R., 2007-01-01 This innovative introduction to business policy and strategic management covering both the illustrative cases and conceptual foundation offers authoritative approaches to strategic leadership in emerging markets Among its many unique features this comprehensively updated and revised second edition is structured to help
