Optical Detectors For Astronomy II Paola Amico, James W. Beletic, 2012-12-06 The 4 ESO CCO Workshop Optical Detectors for Astronomy was held during September 13 16 1999 at its usual location the headquarters of the European Southern Observatory in Garching Germany We prefer to remember this workshop as a meeting of friends who came to Garching to visit ESO and to present their work

rather than a formal meeting Based on our experience with the 1996 ESO CCO workshop we deliberately put emphasis on creating an environment that encouraged the participants to stay together and informally exchange ideas These informal events began with a tour of the BWM auto factory and continued with a reception at SchloB Beletic the conference dinner at a real SchloB of the Bavarian International School where the participants enjoyed basket baseball table soccer rock climbing and eventually dancing and concluded with a tour of the Paulaner Brewery and dinner at the Seehaus in the Englisher Garten The lunch Biergarten adjacent to the poster session area was a daily meeting point The result was a good mixture of excellent presentations and posters collected in these Proceedings and many occasions for people to get in touch and to have fun together as witnessed by the selection of workshop pictures that we randomly placed between papers This book contains a special contribution
