Americans lack health care and millions more struggle to afford it Politicians claim they care then pass legislation that just sends more cash to the HMOs Wages have been stagnant for thirty years even as corporate profits skyrocket Politicians say they want to fix the problem and then pass bills written by lobbyists that drive wages even lower and punish those crushed by debt Jobs are being shipped overseas pensions are being cut and energy is becoming unaffordable And our government more concerned about maintaining its corporate sponsorship than protecting its citizens does nothing about it In Hostile Takeover David Sirota a major new voice in American politics seeks to open the eyes of ordinary Americans to the fact that corporate interests have undermined democracy aided and abetted by their lackeys in our allegedly representative government At a time when more and more of America s major political leaders are being indicted or investigated for corruption Sirota takes readers on a journey that shows how all of this nefarious behavior happened right under our noses and how the high profile scandals are merely one product of a political system and debate wholly owned by Big Money interests Sirota considers major public issues that feel intractable like spiraling health care costs the outsourcing of jobs the inequities of the tax code and out of control energy prices and shows how in each case workable solutions are buried under the lies of lobbyists the influence of campaign cash and the ubiquitous spin machine financed by Big Business With fiery passion pinpoint wit and lucid analysis Hostile Takeover reveals the true enemies of reform and their increasingly sophisticated and hostile tactics It s an essential guidebook for those of us tired of the government selling us out and determined to take our country back Also available as an eBook
