Go Nation Marc L. Moskowitz, 2013-08-31 Go Weiqi in Chinese is one of the most popular games in East Asia, with a steadily increasing fan base around the world. Like chess, Go is a logic game, but it is much older, with written records mentioning the game that date back to the 4th century BC. As Chinese politics have changed over the last two millennia, so too has the imagery of the game. In Imperial times, it was seen as a tool to seek religious enlightenment and was one of the four noble arts that were a requisite to becoming a cultured gentleman. During the Cultural Revolution, it was a stigmatized emblem of the lasting effects of feudalism. Today, it marks the reemergence of cultured gentlemen as an idealized model of

manhood Marc L Moskowitz explores the fascinating history of the game as well as providing a vivid snapshot of Chinese Go players today Go Nation uses this game to come to a better understanding of Chinese masculinity nationalism and class as the PRC reconfigures its history and traditions to meet the future [FED GDD Articles collection](#) Martin Rait,2008-02-06 FED RPG is the first incarnation of the roleplaying rules that developed into FSpaceRPG During it s first year a number of articles appeared in the local New Zealand gaming magazine Generals Dragons and Dice Those articles are collected together here for reference in use with FED RPG s original universe Articles include some story introductions involving some key characters a profile on Dex Dexter information on New Zealand and a commentary on creation of the game at the time This book is an expansion book suited to the GM wanting to use the original game mechanics that founded FSpaceRPG or for the game writing enthusiast that just wants to see what a game looks like at the beginning
