**Carbon Related Materials** Satoru Kaneko, Masami Aono, Alina Pruna, Musa Can, Paolo Mele, Mehmet Ertugrul, Tamio Endo, 2020-10-12 This book commemorates the Nobel Laureate Professor Suzuki Special Symposium at the International Union of Material Research Society

International Conference on Advanced Materials IUMRS ICAM2017 which was held at Kyoto University Japan in 2017 The book begins with a foreword by Professor Akira Suzuki Subsequently many authors who attended the special symposium describe the latest scientific advances in the field of carbon materials and carbon nanomaterials including polymers carbon nanocomposites and graphene Carbon based materials have recently been the focus of considerable attention given their wide range of potential applications Fittingly the chapters in this book cover both experimental and theoretical approaches in several categories of carbon related materials *Minorities, Scarcity and Conflict* Antonio Montañés Jiménez, Camila Ferreira Marinelli, Stavroula Pipyrou, 2025-07-17 This volume places scarcity as a defining aspect of minorities experience and as a tool to comprehend ongoing and unresolved societal friction and global environmental challenges strategies for survival and reproduction of the status quo and aspirational desires for social mobility The book is an experimental collective intellectual project departing from conventional approaches to scarcity solely as a resource based economic or demographic concept Boldly the book looks at the ways in which disadvantaged social groups navigate their lives through scarcity and how these circumstances are endured interpreted accepted or challenged In a thought provoking turn the book makes a novel contribution to minority studies by engaging with scarcity not only concerning resources but also emotion memory and affect In analysing scarcity as a multidimensional analytical framework and interrogating it from manifold angles the book unpacks uncharted ramifications of debates around scarcity and opens new lines of enquiry The collection will be a valuable resource for academics researchers and policymakers working in the areas of law political anthropology and sociology

**Proceedings of the International Conference on Education Research** Reza Hosseini, **Nematology in South Africa: A View from the 21st Century** Hendrika Fourie, Vaughan W. Spaull, Robin K. Jones, Mieke S. Daneel, Dirk De Waele, 2017-02-28 This unique book contains not only a comprehensive up to date summary of the achievements made in all areas of Nematology in South Africa over more than half a century but it also combines this rather technical part with an insiders narrative of how Nematology started and developed It also demonstrates how the South African community of nematologists gradually adapted to major changes in agriculture These were due to a major political shift followed by socio economic changes and this in an often challenging natural environment At the same time this book is conceived as a useful source for young scientists to provide them with practical knowledge and critical insight in the field of Nematology The information given is based primarily on research conducted by nematologists in South Africa Most of this research was aimed at finding workable solutions for nematological problems confronted by both large scale commercial producers and smallholding farmers During a period when funding for scientific research is becoming increasingly scarce the future demand and quest for practical solutions by applied research will only increase **Walmart in the Global South** Carolina Bank Muñoz, Bridget Kenny, Antonio Stecher, 2018-05-02 As the largest private employer in the world Walmart dominates media and academic debate about the global expansion of transnational retail corporations and the working conditions in

retail operations and across the supply chain Yet far from being a monolithic force conquering the world Walmart must confront and adapt to diverse policies and practices pertaining to regulation economy history union organization preexisting labor cultures and civil society in every country into which it enters This transnational aspect of the Walmart story including the diversity and flexibility of its strategies and practices outside the United States is mostly unreported Walmart in the Global South presents empirical case studies of Walmart s labor practices and supply chain operations in a number of countries including Chile Brazil Argentina Nicaragua Mexico South Africa and Thailand It assesses the similarities and differences in Walmart s acceptance into varying national contexts which reveals when and how state regulation and politics have served to redirect company practice and to what effect Regulatory context state politics trade unions local cultures and global labor solidarity emerge as vectors with very different force around the world The volume s contributors show how and why foreign workers have successfully though not uniformly driven changes in Walmart s corporate culture This makes Walmart in the Global South a practical guide for organizations that promote social justice and engage in worker struggles including unions worker centers and other nonprofit entities

Viehberg, Maik Veste, 2024-01-05 This open access book about the sustainability of marine and terrestrial ecosystems in southern Africa provides a synthesis of the research program Science Partnerships for the Adaptation to Complex Earth System Processes SPACES II 2018 2022 It addresses the scientific social and economic issues related to climate change its potential impacts on the various ecosystems adaptations and management interventions for enhancing systems resilience in Southern Africa It is written by numerous scientists from African states and Germany and summarizes the latest research findings which are of great relevance for a better understanding of climate change impacts adaptations and vulnerabilities as well as for developing management options and policy options to reduce the associated risks This is crucial considering that

the projected African population increase is exceptional Furthermore climate change is assumed to hit southern Africa extremely hard with a significant increase in extreme events and the frequency of severe droughts heat waves and flooding Southern Africa hosts a high variety of ecosystems which belongs to important biodiversity hotspots for unique flora and fauna The surrounding oceans form in turn a bottle neck within the ocean s global thermohaline circulation act as a still poorly understood carbon sink and source and play an important role for fisheries as they are highly productive Considering these important aspects the book is an important interdisciplinary contribution to the scientific literature and will find a wide readership The book is aimed at students teachers and scientists in the fields of terrestrial and marine ecology environmental nature and landscape planning agriculture environmental and resource management biodiversity and nature conservation as well as scientists and representatives in specialised authorities and associations nature conservationists and policy makers of related disciplines

Higher Education Pathways Paul Ashwin,M. Case,2018-12-13 In what ways does access to undergraduate education have a transformative impact on people and societies What conditions are required for this impact to occur What are the pathways from an undergraduate education to the public good including inclusive economic development These questions have particular resonance in the South African higher education context which is attempting to tackle the challenges of widening access and improving completion rates in in a system in which the segregations of the apartheid years are still apparent Higher education is recognised in core legislation as having a distinctive and crucial role in building post apartheid society Undergraduate education is seen as central to addressing skills shortages in South Africa It is also seen to yield significant social returns including a consistent positive impact on societal institutions and the development of a range of capabilities that have public as well as private benefits This book offers comprehensive contemporary evidence that allows for a fresh engagement with these pressing issues

The Archaeology of Southern Africa Peter Mitchell,2024-06-06 Some of humanity s earliest ancestors lived in southern Africa and evidence from sites there has inspired key debates on human origins and the emergence of complex cognition Building on its rich rock art heritage archaeologists have developed theoretical work that continues to influence rock art studies worldwide with the relationship between archaeological and anthropological data central to understanding past hunter gatherer pastoralist and farmer communities alike New work on pre colonial states contests models that previously explained their emergence via external trade while the transformations wrought by European colonialism are being rewritten to emphasise Indigenous agency feeding into efforts to decolonise the discipline itself Inhabited by humans longer than almost anywhere else and with an unusually varied complex past southern Africa thus has much to contribute to archaeology worldwide In this revised and updated edition Peter Mitchell provides a comprehensive and extensively illustrated synthesis of its archaeology over more than three million years

**Lithic Technological Organization and Paleoenvironmental Change** Erick Robinson,Frédéric Sellet,2017-11-06 The objective of this edited volume is to bring together a diverse set of analyses to document how small scale societies responded

to paleoenvironmental change based on the evidence of their lithic technologies The contributions bring together an international forum for interpreting changes in technological organization embracing a wide range of time periods geographic regions and methodological approaches As technology brings more refined information on ancient climates the research on spatial and temporal variability of paleoenvironmental changes In turn this has also broadened considerations of the many ways that prehistoric hunter gatherers may have responded to fluctuations in resource bases From an archaeological perspective stone tools and their associated debitage provide clues to understanding these past choices and decisions and help to further the investigation into how variable human responses may have been Despite significant advances in the theory and methodology of lithic technological analysis there have been few attempts to link these developments to paleoenvironmental research on a global scale

**Psychology of Career Adaptability, Employability and Resilience** Kobus Maree, 2017-12-05 This book examines how the career counselling profession should respond to the changes in the world of work that have resulted from the increasing need to communicate faster and disseminate information more efficiently It emphasizes the twin aims of enhancing a persons career adaptability and helping them to become more employable rather than linearly trying to find a job and remaining in one organisation for their entire career lives The book shows that to achieve these aims people need to acquire career resilience especially since the world of work no longer provides workers with work holding environments for the duration of their career lives It takes into account historical analyses which show that whenever major technological change has occurred and widespread job losses have ensued people have managed to use the new technology to create new employment opportunities Readers from career psychology and management research vocational and professional career coaching and students of career psychology will find this book delivers sound updated theory demonstrating how perceived threats in the 21st century can conceivably be turned into opportunities

Fees Must Fall Susan Booysen, 2016-10-01 This book explores the student discontent a year after the start of the 2015 South African FeesMustFall revolt FeesMustFall the student revolt that began in October 2015 was an uprising against lack of access to and financial exclusion from higher education in South Africa More broadly it radically questioned the socio political dispensation resulting from the 1994 social pact between big business the ruling elite and the liberation movement The 2015 revolt links to national and international youth struggles of the recent past and is informed by black consciousness politics and social movements of the international left Yet its objectives are more complex than those of earlier struggles The student movement has challenged the hierarchical top down leadership system of university management and its double speak of professing to act in workers and students interests yet entrenching a regressive system for control and governance University managements while on one level amenable to change have also co opted students into their ranks to create co responsibility for the highly bureaucratised university financial aid that stands in the way of their social revolution This book maps the contours of student discontent a year after the start of the FeesMustFall revolt Student voices dissect

colonialism improper compromises by the founders of democratic South Africa feminism worker rights and meaningful education In depth assessments by prominent scholars reflect on the complexities of student activism its impact on national and university governance and offer provocative analyses of the power of the revolt     Xenophobia, Nativism and Pan-Africanism in 21st Century Africa Sabella Ogbobode Abidde, Emmanuel Kasonde Matambo, 2021-12-14 This edited volume systematically analyzes the connection between xenophobia nativism and Pan Africanism It situates attacks on black Africans by fellow black Africans within the context of ideals such as Pan Africanism and Ubuntu which emphasize unity The book straddles a range of social science perspectives to explain why attacks on foreign nationals in Africa usually entail attacks on black foreign nationals Written by an international and interdisciplinary team of scholars the book is divided into four sections that each explain a different facet of this complicated relationship Section One discusses the history of colonialism and apartheid and their relationship to xenophobia Section Two critically evaluates Pan Africanism as a concept and as a practice in 21st century Africa Section Three presents case studies on xenophobia in contemporary Africa Section Four similarly discusses cases of nativism Addressing a complex issue in contemporary African politics this volume will be of use to students and scholars interested in African studies African politics human rights migration history law and development economics     **Indigenous Language for Social Change Communication in the Global South** Tshepang Bright Molale, Abiodun Salawu, Mohammad Sahid Ullah, Enrique Uribe-Jongbloed, 2023-05-22 Indigenous Language for Social Change Communication in the Global South brings together voices from the margins to engage in dialogue about common social change issues in Latin America Africa and Asia This book argues that resistance and social movements expressed in music and songs and exchanged via radio remain fundamental to ensure that the linguistic and cultural diversity of the world progresses despite colonizing pressures Contributors present cases that explore how indigenous communities use mediums such as the radio to help support their language identity and expand their own social change Highlighting the centrality of music in the development of political discussions and language as a central part of collective identity contributors analyze how these mediums function as both a vessel and a link for information and cultural cohesion of those engaging in social change Scholars of communication sociology and development studies will find this book of particular interest     **Hofmeyr** Frederick E.
