Proceedings of the 10th Focus Conference (TFC 2023) Manyane Makua, Mariam Akinlolu, Mashango Sithole, Phiwayinkosi Gumede, Cebo Nyondo, Ntombikhona Khuzwayo, Mandlenkosi Mhlongo, 2023-11-03 This is an open access book The 2023 Focus Conference will focus on Goal Four Quality Education of the United Nations UN Sustainable Development Goals SGD Goal Four is seized with providing equal access for all women and men to affordable and quality technical vocational and tertiary education including university Quality education in this context means the ability to function provide and derive value in society The theme of the conference is therefore coined as The Role of Higher Education in the Attainment of Sustainable Quality Education Through this theme the conference will provide a space for participants to share practical knowledge experiences and possible solutions to the myriad of problems that confront the higher education sector Universities are often thought of as ivory towers far removed from the realities that confront global societies To compound this higher education is increasingly being questioned for its relevance in providing practical and innovative solutions to existing societal problems Such questions often navigate around the relevance of the academic programmes being offered curriculum the capacity of staff employability of graduates and generally the ability of these institutions to understand why they exist Indeed higher education s role in creating a sustainable future will presumably take on greater importance as the world continues to become increasingly globalised and interdependent *Working with indigenous knowledge* Fhumulani M. Mulaudzi, Rachel T. Lebesse, 2022 The aim of the book is to assist both local and international scholars in articulating the scholarly discourse on indigenous health attitudes practices and experiences The indigenous lens that was used to generate and disseminate indigenous knowledge in this book will strengthen indigenous scholarship thus making it accessible to a wider audience In addition the information shared in this book will add value for scholars and assist them with the indigenous knowledge needed to address sustainable development goals This book is timeous and topical as the discourse on the decolonisation of the curriculum is widely debated in the higher education space The discourse on the scholarship of

indigenous knowledge as the tacit local knowledge that stems from cultural practices within communities has not been well articulated in the current health science education milieu Indigenous knowledge has remained overlooked and undermined for a very long time and the information remains untapped in local communities The scholars who conducted the research on which this book is based unearthed a wealth of knowledge which was tacit in nature and translated it into implicit knowledge that can be documented and shared with other scholars globally This knowledge will assist health care scholars in benefiting from knowledge practices and cultural beliefs that will assist them in health care planning teaching evidence based practice and further research *Fast Facts about Competency-Based Education in Nursing* Karen K.
