**Slavery** Dale W. Tomich, Rafael de Bivar Marquese, Carlos Venegas Fornias, Reinaldo Funes Monzote, 2021-03-19 Assessing a unique collection of more than eighty images this innovative study of visual culture reveals the productive organization of plantation landscapes in the nineteenth century Atlantic world These landscapes from cotton fields in the Lower Mississippi Valley to sugar plantations in western Cuba and coffee plantations in Brazil's Paraíba Valley demonstrate how the restructuring of the capitalist world economy led to the formation of new zones of commodity production By extension these environments radically transformed slave labor and the role such labor played in the expansion of the global economy Artists and mapmakers documented in surprising detail how the physical organization of the landscape itself made possible the increased exploitation of enslaved labor Reading these images today one sees how technologies combined with evolving conceptions of plantation management that reduced enslaved workers to black bodies Planter control of enslaved people's lives and labor maximized the production of each crop in a calculated system of production Nature too was affected the

massive increase in the scale of production and new systems of cultivation increased the land's output. Responding to world economic conditions, the replication of slave-based commodity production became integral to the creation of mass markets for cotton, sugar, and coffee, which remain at the center of contemporary life.

**Ethnic Ambiguity and the African Past** Francois G Richard, Kevin C MacDonald, 2016-07-01 The collective inquiries in this volume address ethnicity in ancient Africa as social fact and political artifact along numerous dimensions. Is ethnicity a useful analytic? What can archaeology say about the kinds of deeper time questions which scholars have asked of identities in Africa? Eleven authors engage with contemporary anthropological, historical, and archaeological perspectives to examine how ideas of self, understanding, belonging, and difference in Africa were made and unmade. They examine how these intersect with other salient domains of social experience: states, landscapes, discourses, memory, technology, politics, and power. The various chapters cover broad geographic and temporal ground, following an arc across Senegal, Mali, Nigeria, Cameroon, the Democratic Republic of Congo, Rwanda, and

East Africa spanning from prehistory to the colonial period      **Moody's Bank and Finance Manual** ,1989      Mechanical Ice Drilling Technology Pavel G. Talalay,2016-03-16 This book provides a review of mechanical ice drilling technology including the design parameters and performance of various tools and drills for making holes in snow firn and ice The material presents the historical development of ice drilling tools and devices from the first experience taken place more than 170 years ago to the present day and focuses on the modern vision of ice drilling technology It is illustrated with numerous pictures many of them published for the first time This book is intended for specialists in ice core sciences drilling engineers glaciologists and can be useful for high school students and other readers who are very interested in engineering and cold regions technology      *The Official Index to The Times* ,1914      *Killing the Dead* John Blair,2025-09-09 A riveting history of vampire panics across cultures and down through the millennia and why killing the dead is better than killing the living *Killing the Dead* provides the first in depth global account of one of the world s most widespread yet misunderstood forms of mass hysteria the vampire epidemic In a spellbinding narrative John Blair takes readers from ancient Mesopotamia to present day Haiti to explore a macabre frontier of life and death where corpses are believed to wander or do harm from the grave and where the vampire is a physical expression of society s inexplicable terrors and anxieties In 1732 the British public opened their morning papers to read of lurid happenings in eastern Europe Serbian villagers had dug up several corpses and had found them to be undecayed and bloated with blood Recognizing the marks of vampirism they mutilated and burned them Centuries earlier the English themselves engaged in the same behavior In fact vampire epidemics have flared up throughout history in ancient Assyria China and Rome medieval and early modern Europe and the Americas Blair blends the latest findings in archaeology anthropology and psychology with vampire lore from literature and popular culture to show how these episodes occur at traumatic moments in societies that upend all sense of security and how the European vampire is just one species in a larger family of predatory supernatural entities that includes the female flying demons of Southeast Asia and the lustful yogin s of India Richly illustrated *Killing the Dead* provocatively argues that corpse killing far from being pathological or unhealthy served as a therapeutic and largely harmless outlet for fear hatred and paranoia that would otherwise result in violence against marginalized groups and individuals      Conservation Agriculture: A Sustainable Approach for Soil Health and Food Security Somasundaram Jayaraman,Ram C.
